The Entity A Novel:

The Entity Frank De Felitta, 1978 **The Haunted House : Horror, Thriller and Suspencefull Novel Kindle Edition**, 2025-05-29 Do you like to read horror novel The novel The Haunted House is a gripping supernatural thriller that follows Ellie a young woman determined to rebuild her family s abandoned cursed house only to uncover a dark and ancient evil that threatens to consume her and everyone she loves The old house had always been there standing at the edge of the woods like a silent sentinel For as long as anyone in the town could remember it had been a place of whispers whispers of curses of disappearances of something dark that lurked beneath its creaking floorboards Children dared each other to run up to its porch but never to touch the door Adults crossed the street to avoid walking past it their eyes darting nervously toward its broken windows and sagging roof **Introduction to Database Systems:** ITL Education Solutions Limited, 2008 Introduction to Database Systems deals with implementation design and application of DBMS and complicated topics such as relational algebra and calculus and normalization in a simplified way *Database Systems for Advanced Applications* Xin Wang, Maria Luisa Sapino, Wook-Shin Han, Amr El Abbadi, Gill Dobbie, Zhiyong Feng, Yingxiao Shao, Hongzhi Yin, 2023-04-14 The four volume set LNCS 13943 13944 13945 and 13946 constitutes the proceedings of the 28th International Conference on Database Systems for Advanced Applications DASFAA 2023 held in April 2023 in Tianjin China The total of 125 full papers along with 66 short papers are presented together in this four volume set was carefully reviewed and selected from 652 submissions Additionally 15 industrial papers 15 demo papers and 4 PhD consortium papers are included The conference presents papers on subjects such as model graph learning performance knowledge time recommendation representation attention prediction and network **Knowledge Science, Engineering and Management** Zhi Jin, Yuncheng Jiang, Robert Andrei Buchmann, Yaxin Bi, Ana-Maria Ghiran, Wenjun Ma, 2023-08-08 This volume set constitutes the refereed proceedings of the 16th International Conference on Knowledge Science Engineering and Management KSEM 2023 which was held in Guangzhou China during August 16 18 2023 The 114 full papers and 30 short papers included in this book were carefully reviewed and selected from 395 submissions They were organized in topical sections as follows knowledge science with learning and AI knowledge engineering research and applications knowledge management systems and emerging technologies for knowledge science engineering and management *Novels and the Sociology of the Contemporary* Arpad Szakolczai, 2016-04-14 This book substantiates two claims First the modern world was not simply produced by objective factors rooted in geographical discoveries and scientific inventions to be traced to economic technological or political factors but is the outcome of social cultural and spiritual processes Among such factors beyond the Protestant ethic Max Weber the rise of the absolutist state and its disciplinary network Michel Foucault or court society Norbert Elias a prime role is played by theatre The modern reality is deeply theatricalized Second a special access for studying this theatricalized world is offered by novels The best classical novels not simply can be interpreted as describing a world like the theatre but they capture and

present a world that has become thoroughly transformed into a global theatre The theatre effectively transformed the world and classical novels effectively analyze this theatricalized reality much better than the main instruments supposedly destined to study reality philosophy and sociology Thus instead of using the technique of sociology to analyze novels the book will treat novels as a royal road to analyze a theatricalized reality in order to find our way back to a genuine and meaningful life

Heinrich Mann: The development of the 'sociocritical' novel to a 'political' novel in the early work Alexander v.

Fenner, Anke Marwinski, 2014-04-11 Inhaltsangabe Abstract In the beginning of the 20th century numerous changes in the social economic and political level flow together In the ambivalent spirit of end time and break up different trends of literature are unfolded For the young Heinrich Mann these processes continue in his early work as a writer and qualify for interpretation and the hope to overcome the Fin de siècle trend The selected novels of this work *Im Schlaraffenland* Ein Roman unter feinen Leuten 1900 *Professor Unrat* oder Das Ende eines Tyrannen 1904 and *Die Kleine Stadt* 1909 represent the development of this intention At first they appear as a satirical criticism of the society and later in the second half of the decade as a draft for a democratic society In the following the former novels *Im Schlaraffenland* and *Professor Unrat* are mentioned without subheading This work shall point out the very development phase of Heinrich Mann between 1900 and 1909 until the beginning of his political writing As a result of biographical and literary effects he takes up a special position and shows a change in his early work His critical and satirical examination of the society associated with a special style of speech open out in a preachy democratic ideal of the society after the turning year 1905 On the one hand these positions make the career of the man of letters difficult in the German nationalistic empire On the other hand they make him to become a precursor of a vanguard readership Before the philosophical influence of Friedrich Nietzsche and the literary effect of predominantly French origin on Heinrich Mann will be dwelled on this work will give a short overview of the literary understanding After this the three mentioned novels will be discussed in the chapters 2 3 and 4 and will be correlated It will become apparent that there is a strong breach of Heinrich Mann in his satires and his democratic utopia After the year 1905 Heinrich Mann changes his mind back to the time of reconnaissance Jean Jacques Rousseau's ideal of the society and the trilogy imagination of liberty equality and brotherliness of the French revolution of 1789 His guiding themes of power and spirit the dualism of the society and the individual and the problems of the artist are therefore at the figure of change in the first decade of the 20th century Inhaltsverzeichnis Table of Contents HEINRICH MANN MIRROR AND ANTAGONIST OF HIS TIME1 INTRODUCTION3 1 The Fin **The Semantic Web.
