## **Site Matters:**

*Site Matters* Andrea Kahn, Carol J. Burns, 2020-12-21 In the era of the Anthropocene site matters are more pressing than ever Building on the concepts theories and multi disciplinary approaches raised in the first edition this publication strives to address the changes that have taken place over the last 15 years with new material to complement and re position the initial volume Reaching across design disciplines this highly illustrated anthology assembles essays from architects landscape architects urban designers planners historians and artists to explore ways to physically and conceptually engage site Thoughtful discourse and empirically grounded pieces combine to provide the language and theory to contextualize the meanings of site in the built environment The increasingly complex hybridity of constructed environments today demands new tools for thinking about and working with site Drawing contributions from outside and within the traditional design disciplines this edition will trace important developments in site thinking with new essays on topics such as climate change landscape as infrastructure shifts from global to planetary urbanization debates and the proliferation of participatory site transformation practices Edited by two leading practitioners and academics *Site Matters* juxtaposes timeless contributions from individuals including Elizabeth Meyer Robert Beauregard and Robin Dripps with original new writings from Peter Marcuse Jane Wolff Neil Brenner and Thaisa Way amongst others to recontextualize and reignite the debate around site An ideal text for students academics and researchers interested in site and design theory

**Site Matters** Carol Burns, Andrea Kahn, 2005 This volume through theoretical essays and empirically grounded pieces on Le Corbusier's designs contemporary suburbs and the planning agendas of the World Trade Center site provides theory on the appreciation of site and context in architecture

**How the Page Matters** Bonnie Mak, 2011-01-01 From handwritten texts to online books the page has been a standard interface for transmitting knowledge for over two millennia It is also a dynamic device readily transformed to suit the needs of contemporary readers In *How the Page Matters* Bonnie Mak explores how changing technology has affected the reception of visual and written information Mak examines the fifteenth century Latin text *Controversia de nobilitate* in three forms as a manuscript a printed work and a digital edition Transcending boundaries of time and language *How the Page Matters* connects technology with tradition using innovative new media theories While historicizing contemporary digital culture and asking how on screen combinations of image and text affect the way conveyed information is understood Mak's elegant analysis proves both the timeliness of studying interface design and the persistence of the page as a communication mechanism

**Construction Process Planning and Management** Sidney M Levy, 2009-09-24 By their very nature construction projects can create seemingly endless opportunities for conflict Written by a best selling author with over 40 years of experiences in the construction and general contracting business *Construction Process Planning and Management* provides you with the necessary tools to save time and money on your construction project In this book Sid Levy provides valuable advice for avoiding or working through the common problems that are a result of the long term nature of

Dialectics of Space and Place across Virtual and Corporeal Topographies June Jordaan,Carl Haddrell,Christine Alegria,2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Dialectics of Space and Place across Virtual and Corporeal Topographies explores the inter and multi disciplinary subjects of space and place in two parts Part 1 Virtual topographies of Space and Place is concerned with themes related to immaterial places and Part II Corporeal Topographies of Space and Place explores narratives of real and imagined experiences of places This volume underpinned by an array of philosophical positions provides a foundation for new and critical dialogues on space and place

**Assembly** Gail Peter Borden,Michael Meredith,2024-12-09 Part to part relationships and the approach to governing their sensibilities is at the root of all architecture The need for engaging in a dialogue around these systems is essential to contemporary architectural discourse and practice Assembly builds on and extends the investigations of materials and representation techniques in the editors previous books Matter and Lineament This book uses a collection of detailed case studies explained by first person authors about experimental and innovative takes on assembling architecture Bridging theory and practice 17 projects and their principled approaches each demonstrate an important vein of inquiry within the topic Essays probe issues such as latent and overt geometry fabrication and technology part to part elements joinery and representation material vernacular geometries labor and place based contextual assemblies

detailing and pedagogical examinations This text articulates the traditions and trends of material as the defining premise in the contemporary making of architecture Its outcomes are applicable to beginning students of architecture and advanced practitioners alike

**Future Asian Space** Erwin Viray, Davisi Boontharm, Limin Hee, 2012-01-01 Rapid technological economic social and cultural changes are transforming the idea of Asian space With the shift to a global economy and an urban population explosion Asian cities have become a mainstay of progress national pride identity and positioning on the global stage The extraordinary pace and intensity of the changes have created a situation unique in the history of urban development Despite the immense diversity of Asian countries Asia ness is often treated as a distinctive quality that has emerged from unique recent circumstances affecting Asian urbanizations as a whole In Future Asian Space 15 authors explore broad concepts relating to the creation and re creation of Asian space and contemporary Asian identity and their examination of different sites and research approaches highlights the difficulty of pinpointing what Asia ness is or might become Appropriate design and planning of cities is a critical element in building a sustainable future and coping with environmental social and cultural problems Future Asian Space is designed to stimulate interests and engagement in discussions of the Asian city and its trajectories in architecture and urbanism but the authors conclusions will intrigue anyone interested in the future of cities and urban life in Asia
