

Sonnet

A 14-line poem that begins with eight lines and is followed by six lines.

“How Do I Love Thee?” by Elizabeth Barrett Browning

How Do I love thee? Let me count the ways.

I love thee to the depth and breadth and height
My soul can reach,
when feeling out of sight

For the ends of being and ideal grace.

I love thee to the level of every day's
Most quiet need, by sun and candle-light.

I love thee freely, as men strive for right.

I love thee purely, as they turn from praise.

I love thee with the passion put to use
In my old griefs, and with my childhood's faith.

I love thee with a love I seemed to lose
With my lost saints.

I love thee with the breath,
Smiles, tears, of all my life; and, if God choose,
I shall but love thee better after death.

Sutherland, 1914 **Lives of the Sonnet, 1787-1895** Dr Marianne Van Remoortel, 2013-05-28 In a series of representative case studies Marianne Van Remoortel traces the development of the sonnet during intense moments of change and stability continuity and conflict from the early Romantic period to the end of the nineteenth century Paying particular attention to the role of the popular press which served as a venue of innovation and as a site of recruitment for aspiring authors Van Remoortel redefines the scope of the genre including the ways in which its

development is intricately related to issues of gender Among her subjects are the Della Cruscan and their primary critic William Gifford the young Samuel Taylor Coleridge and his circle Elizabeth Barrett Browning's Sonnets from the Portuguese George Meredith's Modern Love Dante Gabriel Rossetti's House of Life and Augusta Webster's Mother and Daughter As women became a force to be reckoned with among the reading public and the writing community the term sonnet often operated as a satirical label that was not restricted to poetry adhering to the strict formalities of the genre Van Remoortel's study in its attentiveness to the sonnet's feminization during the late eighteenth century offers important insights into the ways in which changing attitudes about gender and genre shaped critics' interpretations of the reception histories of nineteenth century sonnet sequences *The Cumulative Book Index*, 1914 **Charles Olson's Reading** Ralph Maud, 1996 Maud English Simon Fraser U offers a narrative account of the life and work of poet Charles Olson focusing on the poet's lifelong reading material as a basis for understanding his work Drawing on an annotated listing of his library as well as his childhood books and poetry by his contemporaries he links the books to the poet's intellectual and poetic development at each stage of his career Annotation copyright by Book News Inc Portland OR **A Century of Sonnets** Paula R. Feldman, Daniel Robinson, 2002-12-20 A Century of Sonnets is a striking reminder that some of the best known and most well respected poems of the Romantic era were sonnets It presents the broad and rich context of such favorites as Percy Bysshe Shelley's Ozymandias John Keats's On First Looking Into Chapman's Homer and William Wordsworth's Composed Upon Westminster Bridge by tracing the sonnet revival in England from its beginning in the hands of Thomas Edwards and Charlotte Smith to its culmination in the poetry of Elizabeth Barrett Browning and Dante Gabriel Rossetti Expertly edited by Paula R Feldman and Daniel Robinson this volume is the first in modern times to collect the sonnets of the Romantic period many never before published in the twentieth century and contains nearly five hundred examples composed between 1750 and 1850 by 81 poets nearly half of them women A Century of Sonnets includes in their entirety such important but difficult to find sonnet sequences as William Wordsworth's The River Duddon Mary Robinson's Sappho and Phaon and Robert Southey's Poems on the Slave Trade along with Browning's enduring classic Sonnets from the Portuguese The poems collected here express the full sweep of human emotion and explore a wide range of themes including love grief politics friendship nature art and the enigmatic character of poetry itself Indeed for many poets the sonnet form elicited their strongest work A Century of Sonnets shows us that far from disappearing with Shakespeare and the English Renaissance the sonnet underwent a remarkable rebirth in the Romantic period giving us a rich body of work that continues to influence poets even today **Authors and Their Works with Dates** Ebenezer Cobham Brewer, 1884 The Reader's Handbook of Allusions, References, Plots and Stories Ebenezer Cobham Brewer, 1882 **Poet Be Like God** Lewis Ellingham, Kevin Killian, 1998-07-29 The first biography of poet Jack Spicer 1925-1965 a key figure in San Francisco's gay cultural scene and in the development of American avant garde poetries Selected Poems of Bernard Barton, the 'Quaker Poet' Christopher

Stokes,2020-09-28 The first ever modern edition of Bernard Barton's selected verse recovering an important and prolific figure from the Romantic era Instantly recognisable to his contemporaries as the Quaker poet Barton wrote nature and landscape poetry in a distinctive vein as well as spanning strikingly diverse themes that engaged politics society and religion This selection encompasses all these tones and genres providing freshly edited texts from the first printed sources supplemented by textual apparatus critical commentary and informative footnotes The book also includes a selection of contextual material including prefaces and reviews as well as a selection of Barton's lively epistolary correspondence A substantial scholarly essay serves as the introduction describing Barton's life and career as well as analysing his uniquely Quaker poetic identity in its full literary and historical context *Wordsworth's Monastic Inheritance* Jessica

Fay,2018-04-27 This is the first extended study of Wordsworth's complex subtle and often conflicted engagement with the material and cultural legacies of monasticism It reveals that a set of topographical antiquarian and ecclesiastical sources consulted by Wordsworth between 1806 and 1822 provided extensive details of the routines structures landscapes and architecture of the medieval monastic system In addition to offering a new way of thinking about religious dimensions of Wordsworth's work and his views on Roman Catholicism the book offers original insights into a range of important issues in his poetry and prose including the historical resonances of the landscape local attachment and memorialization gardening and cultivation Quakerism and silence solitude and community pastoral retreat and national identity Wordsworth's interest in monastic history helps explain significant stylistic developments in his writing In this often neglected phase of his career Wordsworth undertakes a series of generic experiments in order to craft poems capable of reformulating and refining taste he adapts popular narrative forms and challenges pastoral conventions creating difficult austere poetry that he hopes will encourage contemplation and subdue readers' appetites for exciting narrative action This book thus argues for the significance and innovative qualities of some of Wordsworth's most marginalized writings It grants poems such as *The White Doe of Rylstone* *The Excursion* and *Ecclesiastical Sketches* the centrality Wordsworth believed they deserved and reveals how Wordsworth's engagement with the monastic history of his local region inflected his radical strategies for the creation of taste
