Freeman, 2013-03-18 Finally available a high quality book of the original classic edition of Sketches from the Subject and Neighbour Lands of Venice It was previously published by other bona fide publishers and is now after many years back in print This is a new and freshly published edition of this culturally important work by Edward A Freeman which is now at last again available to you Get the PDF and EPUB NOW as well Included in your purchase you have Sketches from the Subject and Neighbour Lands of Venice in EPUB AND PDF format to read on any tablet eReader desktop laptop or smartphone simultaneous Get it NOW Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside Sketches from the Subject and Neighbour Lands of Venice Look inside the book As there are in these papers a good many historical references some of them to rather out of the way matters but matters which could not always be explained at length in the text I have drawn up a chronological table of the chief events in the history of the lands and cities of which I have had to speak And in later times when the Lombard and the Frankish Austria were both forgotten when the name clave only to a third Austria the more modern Austria of Germany the Eastern mark called into being to guard Germany from the Magyar the Venetian land has more than once become Austrian in another sense some of it in that sense remains Austrian still It has not only been like its neighbours Venetian and Austrian in two widely different senses it has not only been Venetian in the old geographical sense and Venetian in the sense of being subject to the commonwealth of Venice it has not only been Austrian in the old Lombard sense and Austrian in the sense of being subject to the Dukes of the German Austria but it has also shifted backwards and forwards between the rule of the Serene Republic and the rule of the Austrian Dukes in a way to which it would not be easy to find a parallel even among the old revolutions of its neighbours **Sketches From the Subject and Neighbour Lands of Venice (Classic Reprint)** Edward Augustus Freeman, 2016-08-24 Excerpt from Sketches From the Subject and Neighbour Lands of Venice In 1877 I visited Dalmatia for the second time and Greece for the first I should be well pleased some day to put together some out of many Papers on the more distant Greek lands In this volume I have brought in those on Corfu only as that island forms an essential part of my present subject In the present year 1881 I again visited Dalmatia and some parts of Istria and Albania as also a large part of Italy This has enabled me to add some papers on the Venetian possessions both in northern and southern Italy as also one on the Dalmatian island of Curzola which on former visits I had seen only in passing About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original

John Addington Symonds monumental work Renaissance in Italy spans seven volumes offering an unparalleled examination  
of the cultural artistic and intellectual revival that characterized Italy from the 14th to the 17th centuries With a meticulous  
literary style that blends rigorous scholarly analysis and vivid narrative Symonds explores the evolution of Renaissance  
thought and its profound impacts on European culture The text weaves together biographical portraits of key figures artists  
thinkers and patrons while situating them within their historical contexts thus illuminating the intricate interplay between  
individual genius and collective societal transformations during this vibrant epoch Symonds a prominent Victorian scholar  
with deep interests in both literature and art was profoundly influenced by his philosophical views particularly the  
celebration of beauty and the human spirit His background in classical studies combined with his pioneering work on  
sexuality in relation to art enabled him to approach the Renaissance not merely as a historical period but as a vital  
expression of human potential and creativity His personal experiences and struggles with sexuality and identity frequently  
infuse his writing with depth and sincerity enriching his exploration of Renaissance ideals Readers seeking a comprehensive  
understanding of the Italian Renaissance will find Symonds Renaissance in Italy an indispensable resource Its thorough
