Original Instructions Melissa K. Nelson, 2008-01-16 Indigenous leaders and other visionaries suggest solutions to today's global crisis Original Instructions are ancient ways of living from the heart of humanity within the heart of nature Explores the convergence of indigenous and contemporary science and the re-indigenization of the world's peoples Includes

authoritative indigenous voices including John Mohawk and Winona LaDuke. For millennia the world's indigenous peoples have acted as guardians of the web of life for the next seven generations. They've successfully managed complex reciprocal relationships between biological and cultural diversity. Awareness of indigenous knowledge is reemerging at the eleventh hour to help avert global ecological and social collapse. Indigenous cultural wisdom shows us how to live in peace with the earth and one another. Original Instructions evokes the rich indigenous storytelling tradition in this collection of presentations gathered from the annual Bioneers conference. It depicts how the world's native leaders and scholars are safeguarding the original instructions reminding us about gratitude, kinship, and a reverence for community and creation. Included are more than 20 contemporary indigenous leaders such as Chief Oren Lyons, John Mohawk, Winona LaDuke, and John Trudell. These beautiful, wise voices remind us where hope lies.

Spilling the Beans in Chicanolandia Frederick Luis Aldama, 2010-01-01. Since the 1980s a prolific second wave of Chicano writers and artists has tremendously expanded the range of genres and subject matter in Chicano literature and art. Building on the pioneering work of their predecessors whose artistic creations were often tied to political activism and the civil rights struggle, today's Chicano writers and artists feel free to focus as much on the aesthetic quality of their work as on its social content. They use novels, short stories, poetry, drama, documentary films, and comic books to shape the raw materials of life into art objects that cause us to participate empathetically in an increasingly complex Chicano identity and experience. This book presents far-ranging interviews with twenty-one second-wave Chicano poets, fiction writers, dramatists, documentary filmmakers, and playwrights. Some are mainstream, widely recognized creators, while others work from the margins because of their sexual orientations or their controversial positions. Frederick Luis Aldama draws out the artists and authors on both the aesthetic and the sociopolitical concerns that animate their work. Their conversations delve into such areas as how the artists or writers' life experiences have molded their work, why they choose to work in certain genres, and how they have transformed them, what it means to be Chicano in today's pluralistic society, and how Chicano identity influences and is influenced by contact with ethnic and racial identities from around the world.

Chicano and Chicana Literature Charles M. Tatum, 2022-07-26. The literary culture of the Spanish-speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict, and much of the literature seeks to capture the epic experiences of conquest and settlement. The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic, growing, and vital parts of what we know as contemporary U.S. literature. In this comprehensive examination of Chicano and Chicana literature, Charles M. Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans. From the earliest sixteenth-century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century, and then to the flowering of all literary genres in the post-Chicano Movement years, Chicano literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized
