Social Identity Intergroup Conflict And Conflict Reduction:

Social Identity, Intergroup Conflict, and Conflict Reduction Richard D. Ashmore, Lee J. Jussim, David Wilder, 2001-08

Game theory has revolutionized the study of animal behavior The fundamental principle of evolutionary game theory that the strategy adopted by one individual depends on the strategies exhibited by others has proven a powerful tool in uncovering the forces shaping otherwise mysterious behaviors In this volume the first since 1982 devoted to evolutionary game theory leading researchers describe applications of the theory to diverse types of behavior providing an overview of recent discoveries and a synthesis of current research The volume begins with a clear introduction to game theory a

Social Identity, Intergroup Conflict, and Conflict Reduction Richard D. Ashmore, Lee J. Jussim, David Wilder, 2001-01-01 How are group based identities related to intergroup conflict When and how do ethnic religious and national identities lead to oppression violence rebellion war mass murder and genocide How do intergroup conflicts change people s identities How might social identity be harnessed in the service of reducing conflict between groups The chapters in this book present a sophisticated and detailed interdisciplinary analysis of the most fundamental issues in understanding identity and conflict

Social Identity, Intergroup Conflict, and Conflict Reduction Richard D. Ashmore, Lee J. Jussim, David Wilder, 2023

Autogenes Dünnblechschweißen Beratungsstelle für Stahlverwendung, 1961 *Intergroup Conflicts and Their Resolution* Daniel Bar-Tal, 2011-01-26 This book provides a framework that sheds an illuminating light into the psyche of people involved in macro level destructive intergroup conflicts involving societies and ethnic groups that take place continuously in various parts of the globe It focuses on the socio psychological repertoire that evolves in these societies or groups and which plays a determinative role in its dynamics Specifically this repertoire influences the nature of social reality about the conflict that society members construct the involvement with and mobilization of society members for the conflict the sense of solidarity and unity they experience the conformity expected from society members the pressure exerted on leaders and the direction of action taken by the leadership In addition the book describes the changes in the socio psychological repertoire that are necessary to ignite the peace process Finally it elaborates on the nature and the processes of peace building including conflict resolution and reconciliation The proposed conception assumes that although each conflict has its unique context and characteristics the socio psychological foundations and dynamics are similar It offers a holistic and comprehensive outlook on the dynamics that characterize each stage and aspect of intractable conflicts Each chapter systematically elucidates a particular part of the cycle describing the theoretical frameworks and concepts as well as presenting empirical data that was accumulated The volume is an important contribution for all those who study intergroup conflicts and want to understand their dynamics In addition the book will interest the many people attempting to settle conflicts peacefully and who need knowledge about the socio psychological vectors that influence their course and resolution

Social Identity and Conflict K. Korostelina, 2007-07-23 Looking at a variety of countries this book explores the

influence of cultural dimensions on the interrelations between personal and social identity and the impact of identity salience on attitudes stereotypes and the structures of consciousness T&T Clark Handbook to Social Identity in the New Testament J. Brian Tucker, Coleman A. Baker, 2014-01-02 Combining the insights of many leading New Testament scholars writing on the use of social identity theory this new reference work provides a comprehensive handbook to the construction of social identity in the New Testament Part one examines key methodological issues and the ways in which scholars have viewed and studied social identity including different theoretical approaches and core areas or topics which may be used in the study of social identity such as food social memory and ancient media culture Part two presents worked examples and in depth textual studies covering core passages from each of the New Testament books as they relate to the construction of social identity Adopting a case study approach in line with sociological methods the volume builds a picture of how identity was structured in the earliest Christ movement Contributors include Philip Esler Warren Carter Paul Middleton Rafael Rodriguez and Robert Brawley Handbook of Identity Theory and Research Seth J. Schwartz, Koen Luyckx, Vivian L. Vignoles, 2011-06-22 Identity is one of the most extensively studied constructs in the social sciences Yet despite the wealth of findings across many disciplines identity researchers remain divided over such enduring fundamental questions as What exactly is identity and how do identity processes function Do people have a single identity or multiple identities Is identity individually or collectively oriented Personally or socially constructed Stable or constantly in flux The Handbook of Identity Theory and Research offers the rare opportunity to address the questions and reconcile these seeming contradictions bringing unity and clarity to a diverse and fragmented literature This exhaustive reference work emphasizes the depth and complexity of identity processes and domains and presents perspectives from many different theoretical schools and empirical approaches Contributing authors provide perspectives from psychology e g narrative social identity theory neo Eriksonian and from other disciplines e g sociology political science ethnic studies and the editors highlight the links between chapters that provide complementary insights on related subjects In addition to covering identity processes and categories that are well known to the field the Handbook tackles many emerging issues including Identity development among adopted persons Identity processes in interpersonal relationships Effects of globalization on cultural identity Transgender experience and identity Consumer identity and shopping behavior Social identity processes in xenophobia and genocide The Handbook of Identity Theory and Research lends itself to a wealth of uses by scholars clinicians and graduate students across many disciplines including social developmental and child school psychology human development and family studies sociology cultural anthropology gender ethnic and communication studies education and counseling **Social Cognition, Social Identity, and Intergroup Relations** Roderick M. Kramer, Geoffrey J. Leonardelli, Robert W. Livingston, 2011-07-04 This volume to honor Marilynn Brewer contains original theory and research from leading social psychologists who study social identity theory intergroup relations cooperation and conflict and the psychology of the self It will be of interest to social

psychologists industrial organizational psychologists clinical psychologists and sociologists **The Role of Trust in Conflict Resolution** Ilai Alon, Daniel Bar-Tal, 2017-02-21 Built on the premise that trust is one of the most important factors in intergroup relations conflict management and resolution at large this volume explores trust and its mechanisms and operations especially in the Israeli Palestinian conflict Significantly this volume focuses not only on the nature of trust and distrust in the Israeli Palestinian conflict but it also explores how it is possible to build and increase trust on both sides in the conflict a necessity in order to advance the stalled peace process As trust is a concept that is interdisciplinary by nature so are this volume s contributors sociologists philosophers sociologists social psychologists political scientists as well as experts in the Middle East Islam Judaism and the Israeli Palestinian conflict bring together real multidisciplinary perspectives that complement each other and then provide a comprehensive picture about the nature of trust and distrust and its ramification and implications for the Israeli Palestinian conflict Divided into five thematic parts the volume begins with by examining the theoretical basis of trust research from multiple perspectives Then it presents chapters on trust distrust and trust building in other conflicts around the world The third part is a unique feature of this volume as it takes a contextual approach it emphasizes the importance of particular cultural and religious considerations on both sides of the conflict The thrust of the book is examined in the next section Part IV discusses and analyses various aspects of trust and specifically distrust in the context of the Israeli Palestinian conflict Significantly the chapters of this part take the perspectives of the participants in the conflict Israeli Jews Palestinians and Israeli Arabs Finally the volume concludes by providing an integrative conceptual perspective based on the principles of social and political psychology An important goal of this volume is to not only explore trust and distrust in an intractable conflict but also to provide practical multi disciplinary outlooks and implications to advance trust building in two conflict ridden societies Israeli and Palestinian and other societies around the world The Politics of Ethnicity and National Identity Santosh C. Saha, 2007 Textbook **Handbook on Peace Education** Gavriel Salomon, Ed Cairns, 2011-02-25 This handbook encompasses a range of disciplines that underlie the field of peace education and provides the rationales for the ways it is actually carried out The discipline is a composite of contributions from a variety of disciplines ranging from social psychology to philosophy and from communication to political science That is peace education is an applied subject which is practiced in differing ways but must always be firmly based on a range of established empirical disciplines The volume is structured around contributions from expert scholars in various fields that underpin peace education plus contributions from experts in applying peace education in a range of settings all complemented by chapters which deal with issues related to research and evaluation of peace education Cross-cultural Perspectives on Well-Being and Sustainability in Organizations Annamaria Di Fabio, 2022-01-22 This book explores a new area of psychology of sustainability and sustainable development with specific focus on organizations and introduces a range of advanced perspectives for healthy business harmonization and decent work Split into two parts the first half presents cross cultural

contributions that study in depth the benefits and drawbacks of sustainability while the second half discusses theoretical approaches and empirical research that offer new prospects for innovation in prevention science Gathering research from leading scholars and researchers from around the globe this book offers an essential reference guide that will benefit researchers professionals students and policy makers interested in promoting better business harmony and sustainability

Narrative, Calling, and Missional Identity in 1 Peter David Shaw,2023-11-13 A story well told and subsequently imbibed by its recipients has the power to shape one s beliefs identity and way of life So what happens when a person or community is swept up in such a story In this study Shaw draws upon the dual methodologies of Narrative Transportation and Social Identity theories to consider how 1 Peter s use of Old Testament narratives and language serves to transport it s recipients into an identity defined as elect sojourners Amidst suffering 1 Peter calls the Anatolian believers to a priestly ministry blessing their antagonists as they await their eternal glory in Christ

Who Counts as an American? Elizabeth Theiss-Morse,2009-07-27 Why is national identity such a potent force in people s lives And is the force positive or negative In this thoughtful and provocative book Elizabeth Theiss Morse develops a social theory of national identity and uses a national survey focus groups and experiments to answer these important questions in the American context Her results show that the combination of group commitment and the setting of exclusive boundaries on the national group affects how people behave toward their fellow Americans Strong identifiers care a great deal about their national group They want to help and to be loyal to their fellow Americans By limiting who counts as an American though these strong identifiers place serious limits on who benefits from their pro group behavior Help and loyalty are offered only to true Americans not Americans who do not count and who are pushed to the periphery of the national group

The Perils and Promise of Global Transparency Kristin M. Lord,2012-02-01 While the trend toward greater transparency will bring many benefits Kristin M Lord argues that predictions that it will lead inevitably to peace understanding and democracy are wrong The conventional view is of authoritarian governments losing control over information thanks to technology the media and international organizations but there is a darker side one in which some of the same forces spread hatred conflict and lies In this book Lord discusses the complex implications of growing transparency paying particular attention to the circumstances under which transparency s effects are negative Case studies of the 1994 genocide in Rwanda and the government of Singapore s successful control of information are included

A Two-Dimensional Measure of Polarization Tewodaj Mogues, **American Identity and the Politics of Multiculturalism** Jack Citrin,David O. Sears,2014-08-11 This book uses national public opinion data and public opinion data from Los Angeles to compare ethnic differences in patriotism and ethnic identity and ethnic differences in support for multicultural norms and group conscious policies The authors find evidence of strong patriotism among all groups and the classic pattern of assimilation among the new wave of immigrants

Collective Emotions Christian von Scheve,Mikko Salmella,2014-01-30 Although collective emotions have a long tradition in scientific inquiry for instance in

mass psychology and the sociology of rituals and social movements their importance for individuals and the social world has never been more obvious than in the past decades The Arab Spring revolution the Occupy Wall Street movement and mass gatherings at music festivals or mega sports events clearly show the impact collective emotions have both in terms of driving conflict and in uniting people But these examples only show the most obvious and evident forms of collective emotions Others are more subtle although less important shared moods emotional atmospheres and intergroup emotions are part and parcel of our social life Although these phenomena go hand in hand with any formation of sociality they are little understood Moreover there still is a large gap in our understanding of individual emotions on the one hand and collective emotional phenomena on the other hand This book presents a comprehensive overview of contemporary theories and research on collective emotions It spans several disciplines and brings together for the first time various strands of inquiry and up to date research in the study of collective emotions and related phenomena In focusing on conceptual theoretical and methodological issues in collective emotion research the volume narrows the gap between the wealth of studies on individual emotions and inquiries into collective emotions The book catches up with a renewed interest into the collective dimensions of emotions and their close relatives for example emotional climates atmospheres communities and intergroup emotions This interest is propelled by a more general increase in research on the social and interpersonal aspects of emotion on the one hand and by trends in philosophy and cognitive science towards refined conceptual analyses of collective entities and the collective properties of cognition on the other hand The book includes sections on Conceptual Perspectives Collective Emotion in Face to Face Interactions The Social Relational Dimension of Collective Emotion The Social Consequences of Collective Emotions Group Based and Intergroup Emotion Rituals Movements and Social Organization and Collective Emotions in Online Social Systems Including contributions from psychologists philosophers sociologists and neuroscience this volume is a unique and valuable contribution to the affective sciences literature

Christians Shaping Identity from the Roman Empire to Byzantium Geoffrey Dunn, Wendy Mayer, 2015-07-14 The essays collected in *Christians Shaping Identity* celebrate Pauline Allen's significant contribution to early Christian late antique and Byzantine studies especially concerning bishops heresy orthodoxy and christology Covering the period from earliest Christianity to middle Byzantium the first eighteen essays explore the varied ways in which Christians constructed their own identity and that of the society around them A final four essays explore the same theme within Roman Catholicism and oriental Christianity in the late 19th to 21st centuries with particular attention to the subtle relationships between the shaping of the early Christian past and the moulding of Christian identity today Among the many leading scholars represented are Averil Cameron and Elizabeth A Clark
