Social Work Introducing Professional Practice:

Introduction to Social Work, Fourth Edition Ira Colby, Sophia F. Dziegielewska, 2015-06 There are certain questions that all students considering social work ask Who are social workers What is it that social workers do How is the social work profession changing What does it take to become a social worker Ira Colby and Sophia Dziegielewska bring their decades of experience in social work practice and education to answer these questions This engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world The authors offer an overview and history of the profession introduce readers to the practice of social work at the micro mezzo and macro level and finally look closely at the many settings and populations that social workers work with While realistically portraying the pressures and obstacles that social workers face Colby and Dziegielewska communicate their own passion for social work

Social Work Patricia Higham, 2006-03-23 Comprehensive and user friendly The book is helpfully constructed around a number of key themes starting with a good attempt to define social work from historical and international perspectives and moving on to address key issues concerning the practice knowledge values and skills required from contemporary social work in the UK I believe social work students newly qualified and experienced social workers will find this a valuable resource especially when one is confronted by challenges in practice Professional Social Work Social Work is a good overview that should refresh learner and tutor alike Practice assessors may find this book a useful update for their work with students and also a neat refresher It is a well written and up to date text with a good sense of where future challenges lie for the social work profession in the UK Higham is confident enough to voice the profession's uncertainties as well as mapping the changing organisational landscape that social workers might populate This book is likely to appear on many social work reading lists It has the potential to provide good learning opportunities for post qualifying as well as pre qualifying training Health and Social Care in the Community The unique aspect of this book which distinguishes it from other competitors is that it is constructed explicitly around the key roles and benchmark statements this book will offer something new and interesting to the growing field of social work education literature and is likely to be relevant to both students and practitioners in the UK and elsewhere Dr Caroline Skehill Queens University Belfast What is the role of social work What does it mean to be a social worker What are the changes affecting social work training Social Work Introducing Professional Practice addresses these questions and provides an understanding of the knowledge values and skills requirements of professional social work The author has played a key role in constructing the subject benchmarks for the social work degree and offers a reflective and thoughtful commentary upon training education and practice Written in a lively and readable style the book captures the essence of the changes sweeping through social work and engages the reader in these debates Key features of this book include Comprehensive content structured around the guidelines for training and practice Bridges the gap between theory and real life practice Student friendly features such as case studies discussion questions further reading and a glossary This

exciting publication will be a core textbook for trainee social workers as they progress through the qualifying social work degree or as they begin their practice as newly qualified workers seeking to consolidate their learning **The Essential Social Worker** Martin Davies,1994 [The Social Work Experience](#) Mary Ann Suppes,Carolyn Cressy Wells,2012-06-27

An introduction to social work The Open University,2014-01-14 Do you want to learn more about the social work role and develop your understanding of some of the theory associated with social work practice This free course An introduction to social work begins by introducing key ideas values the social work process and the skills needed for social work practice You will then move on to look at social work with individuals Finally this OpenLearn course considers reflective practice

Understanding and Using Research in Social Work Brian J. Taylor,Campbell Killick,Anne McGlade,2015-10-19 How do social work students learn to use research to underpin their practice decisions How do they learn that research is not an activity unconnected to their professional role and responsibilities but rather acts as a foundation for their knowledge By using the examples drawn from evidence based practice e g what is known to work and what we know about social work processes the authors deliver a text that will help support students to appraise and then integrate research into both their daily practice decisions and their assignments and assessments It will do this by defining key concepts like knowledge and evidence and then look at how these concepts include component parts from law and legislation to practice knowledge and reflective and critical practice Case examples are used to illustrate how a clear understanding of these component parts can build to a substantial evidence base from which to draw upon Identifying relevant research and appraising its quality are core aspects of the book Later chapters show students how robust knowledge of evidence based practice can develop into a

clear and confident approach to their workloads and their daily practice dilemmas *Personalisation in Social Work* Ali Gardner, 2011-03-24 The government agenda on personalisation and self directed support is fast moving and rapidly changing It is vital therefore that students and practitioners alike are aware of the key issues and debates as well as the policy that surrounds this area of practice This timely and fully revised second edition provides an overview of the personalisation agenda and looks at the recent legislation in a broad historical and theoretical perspective It considers the impact of personalisation on service users and carers and draws directly upon their experiences There are service user narratives within the book that explore how individuals feel about directing their own support and the social workers who support them This book encourages students to consider notions of choice and independence by reflecting on their own lives and experiences It contains activities and case studies to deepen reflective and critical thinking skills and provides links to the Professional Capabilities Framework for Social Work
