Society And Its Metaphors

Stefán Snævarr

Society And Its Metaphors:

Society and Its Metaphors Jose Lopez, 2003-02-01 Both classical and contemporary social theorists have created a range of frameworks to formulate and develop concepts of social structure Focusing on the work of the key theorists Emile Durkheim Karl Marx Max Weber Talcott Parsons and Louis Althusser *Society and its Metaphors* maps the linguistic basis of different theories of social structure *The Metaphorical Society* Daniel Rigney, 2001 This book introduces the novice reader to modern social theory through the creative exploration of eight major metaphors that have shaped Western understandings of human society Rigney vividly yet concisely examines each major theoretical perspective in sociology including functionalism conflict theory rational choice and symbolic interactionism He shows how each of these theories is rooted in a particular metaphorical tradition Over decades and centuries Rigney argues social theorists have variously likened societies to organisms and living systems to machines battlefields legal systems marketplaces games theatrical productions and discourses Most interestingly Rigney deftly shows how nearly all Western social theories fit with one or more of the metaphors He emphasizes a humanistic understanding of society with an emphasis on the creative agency of social actors and communities The book offers students a rich understanding of social theory yet it is simultaneously concise and broad ranging allowing instructors to further pursue detailed exploration of any perspectives they choose Illness as Metaphor and AIDS and Its Metaphors Susan Sontag, 2013-01-31 In 1978 Sontag wrote *Illness As Metaphor* A cancer patient herself at the time she shows how the metaphors and myths surrounding certain illnesses especially cancer add greatly to the suffering of the patients and often inhibit them from seeking proper treatment By demystifying the fantasies surrounding cancer Sontag shows cancer for what it is just a disease Cancer is not a curse not a punishment certainly not an embarrassment and highly curable if good treatment is found early enough Almost a decade later with the outbreak of a new stigmatised disease replete with mystifications and punitive metaphors Sontag wrote *Aids and its Metaphors* extending the argument of the earlier book to the AIDS pandemic *Liquid Society and Its Law* Jiří Přibáň, 2016-05-06 This collection of essays brings together Zygmunt Bauman and a number of internationally distinguished legal scholars who examine the influence of Bauman's recent works on social theory of law and socio legal studies Contributors focus on the concept of liquid society and its adoption by legal scholars The volume opens with Bauman's analysis of fears and policing in liquid society and continues by examining the social and legal theoretical context and implications of Bauman's theory Biology as Society, Society as Biology: Metaphors Sabine Maasen, E. Mendelsohn, P. Weingart, 2013-12-01 not lie in the conceptual distinctions but in the perceived functions of metaphors and whether in the concrete case they are judged positive or negative The ongoing debates reflect these concerns quite clearly namely that metaphors are judged on the basis of supposed dangers they pose and opportunities they offer These are the criteria of evaluation that are obviously dependent on the context in which the transfer of meaning occurs Our fundamental concern is indeed the transfer itself its prospects and its limits

Looking at possible functions of metaphors is one approach to understanding and elucidating sentiments about them. The papers in this volume illustrate by quite different examples three basic functions of metaphors: illustrative, heuristic, and constitutive. These functions represent different degrees of transfer of meaning. Metaphors are illustrative when they are used primarily as a literary device to increase the power of conviction of an argument, for example. Although the difference between the illustrative and the heuristic function of metaphors is not great, it does exist: metaphors are used for heuristic purposes whenever differences of meaning are employed to open new perspectives and to gain new insights. In the case of constitutive metaphors, they function to actually replace previous meanings by new ones.

Sabine Maassen, in her paper "The Ideal Society and Its Enemies," introduces the distinction between transfer and transformation. Miles Fairburn, 2013-10-01, in this challenging and provocative study of the nature of settler society in 19th-century New Zealand, focuses on the lives of the common people and presents a rigorous and original description of the place and time which is radically different from those of previous historians. An important book that will have a major impact on our understanding of New Zealand's past, it is also a significant contribution to the study of new societies.

The SAGE International Encyclopedia of Mass Media and Society, Debra L. Merskin, 2019-11-12. The SAGE International Encyclopedia of Mass Media and Society discusses media around the world in their varied forms: newspapers, magazines, radio, television, film, books, music, websites, social media, mobile media, and describes the role of each in both mirroring and shaping society. This encyclopedia provides a thorough overview of media within social and cultural contexts, exploring the development of the mediated communication industry, mediated communication regulations, and societal interactions and effects. This reference work will look at issues such as free expression and government regulation of media, how people choose what media to watch, listen to, and read, and how the influence of those who control media organizations may be changing as new media empower previously unheard voices. The role of media in society will be explored from international, multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies, sociology, anthropology, social psychology, politics, and business.

The Body and Society, Bryan S. Turner, 2008-04-18. This truly deserves to be considered a classic, and I strongly encourage my students to read it from cover to cover. Turner's work on the body needs to be considered in its own right within courses on the sociology of the body. Dr. Robert Meadows, Surrey University, remains the foundational text for courses in the sociology of the body, replete with insights and a depth of analysis that has largely inspired an entire new area of studies across the social sciences. Dr. Michael Drake, Hull University, says this is THE contemporary text for both academics and students exploring the sociology of the body. Jessica Clark, University Campus Suffolk, says this is a fully revised edition of a book that may fairly claim to have reopened the sociology of the body as a legitimate area of enquiry. Providing an unparalleled guide to all aspects of the subject, each chapter has been revised and updated while the book contains new material that reflects both recent changes in the field and Turner's developing position on the centrality of vulnerability.

Assured and innovative this book provides the most authoritative statement of work on the sociology of the body by one of the leading writers in the field *The Poetic of Reason: Introducing Rational Poetic Experimentalism* Stéfán

Snævarr,2022-09-26 This book makes the attempt to wed reason and the poetic The tool for this attempt is Rational Poetic Experimentalism RPE which is introduced and explored in this book According to RPE it makes sense to look for poetic elements in human reality including reason outside of the realm of imaginative literature Provocatively RPE contends that philosophy's search for truth has not been a great success so far So why not experiment with philosophical concepts and look for thought provoking ideas by employing the principles of RPE instead of fruitlessly searching for truths using conventional methods **The Body in Society** Alexandra Howson,2013-04-03 In everyday life we are not for the most part actively

conscious of our bodies or the bodies of others we simply take them for granted This new edition of a lively introduction to the sociology of the body examines what certain aspects of our bodies such as the size shape smell and demeanour reveal about the social organization of everyday life and how the body is crucial to the way we engage with the world and the people around us The human body is endowed with varied forms of social significance which sociology has addressed by asking questions such as To what degree do individuals have control over their own bodies What interest does the state have in regulating the human body How significant is the body to the development and performance of the self in everyday life What images of the body influence people's expectations of themselves and others Written in a clear and comprehensible way The Body in Society introduces students to the key conceptual frameworks that help us to understand the social significance of the human body This second edition has been thoroughly updated to take into account recent theories and debates and also includes enhanced pedagogical features Using familiar examples from everyday life such as diet and exercise regimes personal hygiene dress displays of emotion and control over bodily functions coupled with examples from popular culture the text has strong contemporary relevance and will strike a chord with all who read it This book will be essential reading for students taking courses on the body in sociology anthropology gender studies and cultural studies Animal Myths and

Metaphors in South America Gary Urton,1985 What similarities and differences do humans see between themselves and animals Why do people commonly make metaphorical comparisons between human beings or social groups and animals and to what degree are people's attitudes and beliefs about animals parallel to or contingent upon their attitudes and beliefs about human beings and human society This collection of articles considers these issues The issues are basic in any study of totemism or human and animal relationships and they have been discussed in anthropological literature since the time of Lewis Henry Morgan's work on Iroquois social organization The contributors to this anthology have not limited themselves to the notion that clans and moieties are the only sources and objects of metaphorical comparisons between humans and animals They suggest a shift in perspective that has metaphorical comparisons generated by conceived similarities and differences between animals and particular types of human beings Some examples of this include macaw fledglings as

adolescents pumas as fully initiated men and foxes as young married men With this shift of emphasis a significantly different analytic focus in the study of human animal relations is produced

Society and Its Metaphors Jose Lopez,2003-03-31 Both classical and contemporary social theorists have created a range of frameworks to formulate and develop concepts of social structure Focusing on the work of the key theorists Emile Durkheim Karl Marx Max Weber Talcott Parsons and Louis Althusser Society and its Metaphors maps the linguistic basis of different theories of social structure

Metaphor and Dialectic in Managing Diversity C. Schwabenland,2012-06-12 Metaphor and dialectic are modes of thinking that influence the ways in which we identify what we have in common with others how we differ and how we manage this diversity to achieve organizational goals This book explores how we can become more aware of these unconscious processes and challenge stereotypes

Proceedings of the Nineteenth Annual Conference of the Cognitive Science Society Michael G. Shafto,Pat Langley,1997 This volume features the complete text of the material presented at the Nineteenth Annual Conference of the Cognitive Science Society Papers have been loosely grouped by topic and an author index is provided in the back As in previous years the symposium included an interesting mixture of papers on many topics from researchers with diverse backgrounds and different goals presenting a multifaceted view of cognitive science In hopes of facilitating searches of this work an electronic index on the Internet s World Wide Web is provided Titles authors and summaries of all the papers published here have been placed in an online database which may be freely searched by anyone You can reach the web site at www.csli.stanford.edu/cogsci97

Proceedings of the Sixteenth Annual Conference of the Cognitive Science Society Ashwin Ram,Kurt Eiselt,2019-05-23 This volume features the complete text of all regular papers posters and summaries of symposia presented at the 16th annual meeting of the Cognitive Science Society

Military and Society in Post-Soviet Russia Stephen L. Webber,Jennifer G. Mathers,2006 This collection provides the first comprehensive analysis of the nature of the relationship between the military and society in post Soviet Russia It brings together a multidisciplinary group of leading Western and Russian experts to investigate both the ways in which developments in the Russian armed forces influence Russian society and the impact of broader societal change on the military sphere

Disrupting Pedagogies in the Knowledge Society: Countering Conservative Norms with Creative Approaches Faulkner, Julie,2011-12-31 This book examines a range of disruptive approaches exploring how challenge dissonance and discomfort might be mobilized in educational contexts in order to shift taken for granted attitudes and beliefs held by both educators and learners Provided by publisher

The New Shakspeare Society ,1887

Publications of the New Shakspeare Society ,1887

The book delves into Society And Its Metaphors. Society And Its Metaphors is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Society And Its Metaphors, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Society And Its Metaphors
- Chapter 2: Essential Elements of Society And Its Metaphors
- Chapter 3: Society And Its Metaphors in Everyday Life
- Chapter 4: Society And Its Metaphors in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Society And Its Metaphors. The first chapter will explore what Society And Its Metaphors is, why Society And Its Metaphors is vital, and how to effectively learn about Society And Its Metaphors.
3. In chapter 2, the author will delve into the foundational concepts of Society And Its Metaphors. The second chapter will elucidate the essential principles that need to be understood to grasp Society And Its Metaphors in its entirety.
4. In chapter 3, the author will examine the practical applications of Society And Its Metaphors in daily life. This chapter will showcase real-world examples of how Society And Its Metaphors can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Society And Its Metaphors in specific contexts. This chapter will explore how Society And Its Metaphors is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Society And Its Metaphors. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Society And Its Metaphors.
