## Sounds And Pictures 1:

The First Hollywood Sound Shorts, 1926-1931 Edwin M. Bradley, 2015-06-14 This study of early sound shorts begins with an explanation of the development of sound motion pictures in Hollywood by such influential companies as Warner Bros and Fox with an emphasis on short subjects leading up to the first few months when all of the major studios were capable of producing them The next chapters discuss the impact on other mass entertainments the development of audible news reels and other non fiction shorts as well as the origins of animated sound subjects A comprehensive list of pre 1932 American made shorts completes the volume

**Hollywood Soundscapes** Helen Hanson, 2019-07-25 The technical crafts of sound in classical Hollywood cinema have until recently remained largely unsung by histories of the studio era Yet film sound voice music and sound effects is a crucial aspect of film style and has been key to engaging and holding audiences since the transition to sound by Hollywood s major studios in 1929 This innovative new text restores sound technicians to Hollywood s creative history Exploring a range of films from the early sound period 1931 through to the late studio period 1948 and drawing on a wide range of archival sources the book reveals how Hollywood s sound designers worked and why they worked in the ways that they did The book demonstrates how sound technicians developed conventions designed to tell stories through sound placing them within the production cultures of studio era filmmaking and uncovering a history of collective and collaborative creativity In doing so it traces the emergence of a body of highly skilled sound personnel able to apply expert technical knowledge in the science of sound to the creation of cinematic soundscapes that are alive with mood and sensation
