**Gero Friedrich Karl Brugmann**

## **Sourcebook On Public International Law:**

**Sourcebook on Public International Law** Tim Hillier, 1998-02-14 This work is primarily aimed at the law student although it may also be of relevance to those studying international relations It covers the main topics of public international law and is designed to serve both as a textbook and as a case and materials book

**Public International Law and the Regulation of Diplomatic Immunity in the Fight Against Corruption** Kenneth Kaoma Mwenda, 2011 Public International Law and the Regulation of Diplomatic Immunity in the Fight against Corruption by Kenneth K Mwenda 2011 ISBN 978 0 9869857 9 9 Pages 212 Print version Available Electronic version Free PDF available

*Private International Law and the Internet* Dan Jerker B. Svantesson, 2016-03-22 In this the third edition of *Private International Law and the Internet* Professor Dan Svantesson provides a detailed and insightful account of what is emerging as the most crucial current issue in private international law that is how the Internet affects and is affected by the four fundamental questions When should a lawsuit be entertained by the courts Which state's law should be applied When should a court that can entertain a lawsuit decline to do so And will a judgment rendered in one country be recognized and enforced in another He identifies and investigates twelve characteristics of Internet communication that are relevant to these questions and then proceeds with a detailed discussion of what is required of modern private international law rules Professor Svantesson's approach focuses on several issues that have far reaching practical consequences in the Internet context including the following cross border defamation cross border business contracts cross border consumer contracts and cross border intellectual property issues A wide survey of private international law solutions encompasses insightful and timely analyses of relevant laws adopted in a variety of countries including Australia England Hong Kong the United States Germany Sweden and China as well as in a range of international instruments There is also a chapter on advances in geo identification technology and its special value for legal practice The book concludes with two model international conventions one on cross border defamation and one on cross border contracts as well as a set of practical check lists to guide legal practitioners faced with cross border matters within the discussed fields Professor Svantesson's book brings together a wealth of research findings in the overlapping disciplines of law and technology that will be of particular utility to practitioners and academics working in this new and rapidly changing field His thoughtful analysis of the interplay of the developing Internet and private international law will also be of great value as will the tools he offers with which to anticipate the future *Private International Law and the Internet* provides a remarkable stimulus to continue working towards globally acceptable rules on jurisdiction applicable law and recognition and enforcement of judgments for communication via the Internet

**International Law's Objects** Jessie Hohmann, Daniel Joyce, 2018-12-20 International law's rich existence in the world can be illuminated by its objects International law is often developed conveyed and authorized through its objects and or their representation From the symbolic the regalia of the head of state and the symbols of sovereignty to the mundane a can of dolphin safe tuna

certified as complying with international trade standards international legal authority can be found in the objects around us Similarly the practice of international law often relies on material objects or their image both as evidence satellite images bones of the victims of mass atrocities and to found authority for instance maps and charts This volume considers these questions firstly what might the study of international law through objects reveal What might objects rather than texts tell us about sources recognition of states construction of territory law of the sea or international human rights law Secondly what might this scholarly undertaking reveal about the objects as aims or projects of international law How do objects reveal or perhaps mask these aims and what does this tell us about the reasons some physical or material objects are foregrounded and others hidden or ignored Thirdly what objects icons and symbols preoccupy the profession and academy The personal selection of these objects by leading and emerging scholars worldwide will illuminate the contemporary and historical fascinations of international lawyers As a result the volume will be an important artefact itself an object in its own right capturing the mood of international law in a given moment and providing opportunity for reflection on these preoccupations By considering international law in the context of its material culture the authors offer a new theoretical perspective on the subject

#### **International Environmental Laws Controlling Transboundary Atmospheric Pollution in Southeast Asia**

**- Rajawali Pers** Dr. Sukanda Husin, S.H., LL.M., 2023-07-07 The issue of global warming and global climate change as mainly caused by transboundary air pollutants has emerged since the middle of the 1970 s To some extent the impacts of global warming and global climate change are still considered uncertain by a great many nations However several environmental catastrophes have been proved highly related to the release of certain noxious emissions creating global warming and global climate change Global warming is presently one of the most threatening environmental issues facing the world Although the uncertainty of the issue is still high the United Nations Organization based on precautionary principle concluded the 1985 Vienna Convention for the Protection of the Ozone Layer hereinafter cited as the Ozone Convention the 1987 Montreal Protocol on Substances that Deplete the Ozone Layer and the United Nations Framework Convention on Climate Change in 1992 ASEAN has not done much to implement the Ozone Convention and the Climate Change Convention in the region ASEAN tended to pass soft laws rather than hard laws to deal with transboundary atmospheric pollution especially resulting from land and forest fires The book is therefore necessary to examine a specific regional environmental policies and laws dealing with global warming and climate change in Southeast Asia ASEAN the Association of Southeast Asian Nations as a fairly big regional cooperation with a great many environmental problems is chosen as examples on how a region implements international treaties coping with the issues of global warming and climate change and on what prospects a region might have in tackling the issues

**The Persistent Objector Rule in International Law** James A. Green, 2016-03-03 The persistent objector rule is said to provide states with an escape hatch from the otherwise universal binding force of customary international law It provides that if a state persistently objects to a newly emerging norm of

customary international law during the formation of that norm then the objecting state is exempt from the norm once it crystallises into law The conceptual role of the rule may be interpreted as straightforward to preserve the fundamental positivist notion that any norm of international law can only bind a state that has consented to be bound by it In reality however numerous unanswered questions exist about the way that it works in practice Through focused analysis of state practice this monograph provides a detailed understanding of how the rule emerged and operates how it should be conceptualised and what its implications are for the binding nature of customary international law It argues that the persistent objector rule ultimately has an important role to play in the mixture of consent and consensus that underpins international law

**The Application of Teachings by the International Court of Justice** Sondre Torp

Helmersen, 2021-03-04 The first book length systematic examination of how teachings are used in practice in international law

**Climate Conflicts - A Case of International Environmental and Humanitarian Law** Silke Marie

Christiansen, 2016-05-10 The book addresses the question of whether the currently available instruments of international environmental and international humanitarian law are applicable to climate conflicts It clarifies the different pathways leading from climate change to conflict and offers an analysis of international environmental law embedded within the international doctrine of state responsibility It goes on to discuss whether climate change amounts to an issue covered by Art 2 4 UN Charter the prohibition of the use of force It then considers the possible application of international humanitarian law to climate conflicts The book also offers a definition of the term climate conflict drawing on legal as well as peace and conflict studies

Rethinking the San Francisco System in Indo-Pacific Security Yoneyuki Sugita, Victor Teo, 2022-06-20 This remarkable collection commemorates the 70th anniversary of the 1951 San Francisco Peace Conference by revisiting the important legacies of both the Peace Treaty and the US Japan Security Treaty have had on the peace and stability of the Asia Pacific Drawing on multiple perspectives the volume conveys the hopes and fears that the authors have for the domestic and international politics of the region In a post Trumpian world marked by the US China tensions amidst a raging pandemic the region's continued prosperity looks exceedingly grim Would the arrangements made in 1951 continue to have relevance for an Indo Pacific region beset by great power rivalry and potential conflict fuelled by contending nationalisms clashing interests and territorial disputes Through a rigorous debate based on the latest empirical developments the volume explores various ways where by the spirit and legacies of San Francisco arrangements can be meaningfully preserved and enhanced In order for the region stronger and more prosperous in the post pandemic world the countries have to come together to enhance the existing security architecture to contain great power rivalry and ensure that a regional order capable of addressing problems of the 21st century eventually evolves

Searching the Law, 3d Edition Frank Bae, Edward

Bander, Francis Doyle, Joel Fishman, Paul Richert, 2021-12-13

*Politics and the Histories of International Law*, 2021-07-19

What are the implications of writing the history of legal issues Eighteen authors from different legal systems and

backgrounds offer different answers by examining the history writing on issues ranging from slavery over the use of force to extraterritorial jurisdiction Contributions show how historiography has often distorted or neglected regional cultures and suggest alternative methods and approaches to history writing These studies are highly relevant for current international relations in which the fight over master narratives is especially fierce among governments in different academic fields and also between governments and academics Contributors are Jean d Aspremont Julia B hner Emiliano J Buis Maria Adele Carrai Jacob Katz Cogan R n Derrig Angelo Dube Michel Erpelding Etienne Henry Madeleine Herren Randall Lesaffer Anne Charlotte Martineau Parvathi Menon Momchil Milanov Hirofumi Oguri Gustavo Prieto Hendrik Simon Sebastian Spitra and Deborah Whitehall

**China, a Sourcebook of Information** George Ephraim Sokolsky,1920 **Access to Maritime Ports** Gero Friedrich Karl Brugmann,2003 **The United Nations Organization** Tatah Mentan,2020-05-19 Saving succeeding generations from the scourge of war was the main motivation for creating the United Nations Given the ongoing conflicts wars and terrorist attacks today one is forced to ask Is there Hope for International Peace and Security Where have the safeguards gone to Has the United Nations become powerless in the face of absence of the safeguards In this book Professor Tatah Mentan examines the transformation in UN peace and security operations analysing its changing role and structure Tatah Mentan argues that the enemy of peace and security in the global system is the dictatorship of predatory bailed out monopoly capitalism that tells us that building war ships is more important than building alternate energy infrastructure The real enemies are therefore the publicly bailed out monopolies Big Media Big Pharma Big Oil the Military Industrial Complex etc that deny the truth about conflicts and insecurity As he emphasises the enemies are those who refuse to think critically not being intellectually curious and accepting the supremacist fascist and misgovernance that is reducing the world collectively to being cogs in a diabolical machine of neoliberal global capitalism *Diplomatic Immunity* Marko Novaković,2020-03-31 The book examines diplomatic immunity and provides a historical analysis of the granting of diplomatic immunity to non diplomats based on the perspectives of several states Featuring contributions in which experts from four continents and from academia and practice present their views and perspectives it is an insightful resource for diplomats academics and legal professionals while at the same time it is useful and understandable for students junior staff and anyone just starting their venture into the diplomatic immunity issues and general international law **Pirates? The Politics of Plunder, 1550-1650** Claire Jowitt,2006-11-02 This book provides an insight to the cultural work involved in violence at sea in this period of maritime history It is the first to consider how piracy and representations of pirates both shape and were shaped by political social and religious debates showing how attitudes to piracy and violence at sea were debated between 1550 and 1650 *Constitutional Principles of Local Self-Government in Europe* Giovanni Boggero,2017-09-25 In *Constitutional Principles of Local Self Government in Europe* Giovanni Boggero offers a meticulous account of the defining features of European constitutional local government law using both an international and

comparative law perspective The book argues that differences between local government systems in Europe typical examples of internal affairs of a State can be smoothed away by construing a consistent system of constitutional principles to be coherently applied at domestic level across the whole European legal space This system can be best grasped by looking at the European Charter of Local Self Government which embodies a concept of self government rooted in common legal traditions and at its subsequent practice within the Council of Europe

**Contemporary issues in international law by Kenneth Mwenda 2021** Kenneth Mwenda,2021-01-01 About the publication Whether International Law is really law is one of those vexed questions that still linger Prof Mwenda s three pillar approach to looking at International Law is an exceedingly useful conceptual framework which is at the same time emblematic of the malleable nature of the discipline The analysis demonstrates when States pay attention to international law why they feel compelled to do so when they choose not to and why all that matters This is an extremely timely and accessible book which should be useful to the legal academy and to practitioners DR VICTOR B MOSOTI Chief Counsel for Environmental and International Law Legal Vice Presidency The World Bank Prof Mwenda s book Contemporary Issues in International Law is a must read masterpiece on international law for practitioners academics and students of public international law It is a thought provoking book that touches on contemporary issues confronting international law at a time when multilateralism is under serious threat It touches on issues that need to be discussed and addressed in order to be able to deal with the emerging challenges of rising nationalism among leading nations of the world BRIAN CHIGAWA ESQ Director of Legal and Corporate Affairs Common Market for Eastern and Southern Africa COMESA

**Islamic Law and Transnational Diplomatic Law** Muhammad-Basheer .A. Ismail,2016-04-12 This book in its effort to formulate compatibility between Islamic law and the principles of international diplomatic law argues that the need to harmonize the two legal systems and have a thorough cross cultural understanding amongst nations generally with a view to enhancing unfettered diplomatic cooperation should be of paramount priority

**Brownlie's Principles of Public International Law** James Crawford,Ian Brownlie,2019 Serving as a single volume introduction to the field as a whole this ninth edition of Brownlie s Principles of International Law seeks to present international law as a system that is based on and helps structure relations among states and other entities at the international level

### **Sourcebook On Public International Law Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Sourcebook On Public International Law PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Sourcebook On Public International Law PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Sourcebook On Public International Law free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Sourcebook On Public International Law Books**

1. Where can I buy Sourcebook On Public International Law books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
