Sources Of Christian Theology In America

Edwin S. Gaustad, Mark A. Noll

Sources Of Christian Theology In America:

Sources of Christian Theology in America Mark G. Toulouse, James O. Duke, 1999 This volume is intended as a companion to the story already told in *Makers of Christian Theology in America* Abingdon 1997 by scholars who sketched intellectual portraits of 91 thinkers formative in Christian theological discussion Emphasis is on theologians or theologies which reach considerably beyond their denominational regional ethnic or school support bases The volume thus has selections of the sort standard and revisionist histories alike have cause to take into account in their field surveys The focus is on the traditions of scholarly Christian church theology and the selections offer access to substantive content at some considerable length using complete and self contained samples when possible instead of snippets The four eras of Christian theology s history in America covered by these sixty readings are the colonial early national post Civil War to World War I and twentieth century developments **A Documentary History of Religion in America to 1877** Edwin S. Gaustad, Mark A. Noll, 2003-09-19 A richly variegated selection of short documents illustrative of the history of religion in America The best source book available to contemporary students and general readers **A History of Christianity in the United States and Canada** Mark A. Noll, 2019-10-17 A best selling text thoroughly updated including new chapters on the last 30 years An excellent study that will help historians appreciate the importance of Christianity in the history of the United States and Canada The *Journal of American History* Scholars and general readers alike will gain unique insights into the multifaceted character of Christianity in its New World environment Nothing short of brilliant Harry S Stout Yale University A new standard for textbooks on the history of North American Christianity James Turner University of Notre Dame Mark Noll s *A History of Christianity in the United States and Canada* has been firmly established as the standard text on the Christian experience in North America Now Noll has thoroughly revised updated and expanded his classic text to incorporate new materials and important themes events leaders and changes of the last thirty years Once again readers will benefit from his insights on the United States and Canada in this superb narrative survey of Christian churches institutions and cultural engagements from the colonial period through 2018 **Introducing American Religion** Charles H. Lippy, 2009

Handbook of U.S. Theologies of Liberation Miguel A. De La Torre, 2004-11-01 The purpose of this handbook is to introduce the reader to Christian concepts from the perspective of U S marginalized communities It explores the interrelationship between religion community and culture in the social context of different marginalized groups specifically those rooted in the African American Amerindian Asian American feminist gay lesbian and Hispanic experiences and their impact on the development of U S theologies of liberation The handbook gives attention to the history nature sources and development of these theologies and the theologians who contributed to their formation Of particular interest is how *Handbook of U S Theologies of Liberation* clearly distinguishes both the differences and similarities between these U S theologies and their Latin American counterparts The handbook is divided into two sections Thematic Essays that provide a

general overview of a specific theological theme from the perspectives of different marginalized groups and Contextual Essays that focus on the specific contributions of scholars from various racial ethnic and gender backgrounds **America's Religions** Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated Holy Spirit and Salvation Veli-Matti Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics **America's God** Mark A. Noll, 2002-10-03 Religious life in early America is often equated with the fire and brimstone Puritanism best embodied by the theology of Cotton Mather Yet by the nineteenth century American theology had shifted dramatically away from the severe European traditions directly descended from the Protestant Reformation of which Puritanism was in the United States the most influential In its place arose a singularly American set of beliefs In America's God Mark Noll has written a biography of this new American ethos In the 125 years preceding the outbreak of the Civil War theology played an extraordinarily important role in American public and private life Its evolution had a profound impact on America's self definition The changes taking place in American theology during this period were marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life Vividly set in the social and political events of the age America's God is replete with the figures who made up the early American intellectual landscape from theologians such as Jonathan Edwards Nathaniel W Taylor William Ellery Channing and Charles Hodge and religiously inspired writers such as Harriet Beecher Stowe and Catherine Stowe to dominant political leaders of the day like Washington Jefferson and Lincoln The contributions of these thinkers combined with the religious revival of the 1740s colonial warfare with France the consuming struggle for independence and the rise of evangelical Protestantism to form a common intellectual coinage based on a rising republicanism and commonsense principles As this Christian republicanism affirmed itself it imbued in dedicated Christians a conviction that the Bible supported their beliefs over those of all others Tragically this sense of religious purpose set the stage for the Civil War as the conviction of Christians both North and South that God was on their side served to deepen a schism that would soon rend the young nation asunder Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln It is a story of a flexible and creative theological energy that over time forged a guiding national ideology the legacies of which remain with us to this day **Respectable Methodism** Daniel F. Flores, 2023-03-07 The Wesleyan Methodist movement entered American history as a fragment of British Methodism It quickly took on a new identity in the early republic and grew into a vibrant denomination in the nineteenth century The transitions from the rugged pioneer

religion modeled by Bishop Francis Asbury to the urbane religion of industrial America was by design the goal of influential leaders of the Methodist Episcopal Church Nathan Bangs was perhaps one of the most significant of such leaders He rose from obscurity to the ranks of power and influence by refining patterns of worship expanding denominational publishing and structuring ministerial education This study is concerned with the development of respectability in American Methodism It also explores questions on how Bangs and other leaders dealt with in house conflicts on issues related to race slavery and the poor

The Oxford Handbook of African American Theology Katie G. Cannon, Anthony B. Pinn, 2014-07-01 Named an Honor Book for Nonfiction by the Black Caucus of the American Library Association African American theology has a long and important history With modern roots in the civil rights movements of the 1960s African American theology has gone beyond issues of justice and social transformation to participate in broader dialogues of theological inquiry The Oxford Handbook of African American Theology brings together leading scholars in the field to offer a critical and comprehensive analysis of this theological tradition in its many forms and contexts Using an interdisciplinary approach this Oxford Handbook examines the nature structures and functions of African American Theology The volume surveys the field by highlighting its sources doctrines internal debates current challenges and future prospects in order to present key topics related to the wider palette of Black Religion in a sustained scholarly format This formative collection presents current scholarship on African American Theology and scripture eschatology Christology womanist theology sexuality ontology the global economy and much more The contributors represent a diverse set of faith perspectives adding to the layered discourses within the volume These essays further important discussions on the pressing debates and challenges that shape black and womanist theologies

Dialectical Democracy through Christian Thought D. Brockman, 2016-04-29 Dialectical Democracy through Christian Thought offers an accessible yet theologically groundbreaking intervention into the battle over the role of government in the market This book shows that the fight over policy involves a fundamental disagreement about who we are as human beings independent individuals or essentially social creatures

Encyclopedia of Christianity in the Global South Mark A. Lamport, 2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world s Christians are now nonwhite and non Western The Encyclopedia of Christianity in the Global South traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide

American Jesus Stephen Prothero, 2004-09-18 A Deep Dive into America s Complex Relationship

with Jesus There s no denying America s rich religious background belief is woven into daily life But as Stephen Prothero argues in *American Jesus* many of the most interesting appraisals of Jesus have emerged outside the churches in music film and popular culture and among Jews Muslims Buddhists and people of no religion at all Delve into this compelling chronicle as it explores how Jesus the carpenter from Nazareth has been refashioned into distinctly American identities over the centuries From his enlistment as a beacon of hope for abolitionists to his appropriation as a figurehead for Klansmen the image of Jesus has been as mercurial as it is influential In this diverse and conflicted scene American Jesus stands as a testament to the peculiar fusion of the temporal and divine in contemporary America Equal parts enlightening and entertaining American Jesus goes beyond being simply a work of history It s an intricate mirror reflecting the American spirit while questioning the nation s socio cultural fabric The ^AOxford Handbook of the Bible in America Paul

Gutjahr,2017-11-01 This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation African American Theology Frederick L. Ware,2016-03-01 This book presents a substantial introduction to the major methodologies figures and themes within African American theology Frederick L Ware explores African American theology from its inception and places it within dual contexts first the African American struggle for dignity and full humanity and second the broader scope of Christian belief Readers will appreciate Ware s demonstration of how black theology is expressed in a wide range of sources that includes not only scholarly publications but also African American sermons music news and editorials biography literature popular periodicals folklore and philosophy Each chapter concludes with questions for discussion and suggested resources for further study Ware provides a seasoned perspective on where African American theology has been and where it is going and he demonstrates its creativity within the chorus of Christian theology

Introducing Christian Theologies I Victor I Ezigbo,2016-08-25 Should Christianity s theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity *Introducing Christian Theologies* Voices from Global Christian Communities is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of Christian communities from around the globe *Introducing Christian Theologies* explores the works of key theologians from across the globe highlighting their unique contributions to Christian theology and doctrine **Introducing Christian Theologies, Volume One** Victor I. Ezigbo,2013-08-21 Should Christianity s theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The

question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity Introducing Christian Theologies Voices from Global Christian Communities is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of the Christian communities from around the globe Introducing Christian Theologies explores the works of key theologians from across the globe highlighting their unique contributions to Christian theology and doctrine

The Making of American Liberal Theology Gary J. Dorrien, 2003-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom

The German Roots of Nineteenth-Century American Theology Annette G. Aubert, 2013-10-03 This book explores the influences of German theology on Emanuel Gerhart and Charles Hodge two Reformed theologians who addressed questions concerning method and atonement theology in light of modernism and new scientific theories

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien s three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author s post Hegelian liberal liberationist perspective
