South Park Volume 3:

South Park and Philosophy Richard Hanley, 2011-08-31 Trey Parker and Matt Stone's long running Comedy Central hit cartoon South Park has been equally cheered and reviled for its edgy humor potted satire of current events and celebrities and all around obnoxiousness But is there more to Kyle the lonely Jew Timmy and the Crips Cartman's bitchiness Chef's inappropriate advice and Kenny's continued violent deaths than meets the eye This collection of essays affirms that possibility Individual chapters take a sometimes witty often provocative look at Is South Park a Libertarian Manifesto That's So Gay and Why Is Cartman Such an Asshole The writers apply classical philosophical analysis to this two dimensional dystopia whether in Paul Draper's Why Good Things Happen to Bad People The Problem of Evil in South Park or Randall Auxier's Finding South Park on the Map Officer Barbrady Mayor McDaniel and Chef in Plato's Republic South Park and Philosophy presents new and thoughtful approaches to understanding this surprisingly meaningful show

Neil Gaiman and Philosophy Tracy L. Bealer,Rachel Luria,Wayne Yuen,2012-06-19 Neil Gaiman is the imaginative wizard

behind the best selling novels *American Gods* soon to be an HBO series and *The Anansi Boys* the graphic series *The Sandman* and popular children's books like *Coraline* and *The Graveyard Book* Neil Gaiman and *Philosophy* looks at Gaiman's work through a philosophical lens How does fantasy interact with reality and what can each tell us about the other Do we each have other selves who embody different personal qualities If the unknown influences the known is the unknown just as real as the known What makes people truly valuable In Neil Gaiman and *Philosophy* eighteen philosophers explore Gaiman's best loved and unforgettable worlds *The Graveyard Book* a macabre parallel to *The Jungle Book* in which the boy Bod is raised by the supernatural inhabitants of a graveyard *Coraline* in which a girl neglected by her parents finds another world with an Other Mother who pays her a lot of attention but then turns out to be evil and won't let her go *Neverwhere* in which a London man discovers a magical parallel city London Below *The Sandman* best selling comic books in which the Lord of Dreams attempts to rebuild his kingdom after years of imprisonment *Good Omens* with Terry Pratchett treats biblical prophecy the Antichrist and the End Times as a hilarious comic tale filled with sly but good humored twists and turns *MirrorMask* where a young circus girl finds that the pictures she has drawn have given her access to a fantastic world of light and shadow populated with characters who have designs on her *Philip K. Wittkower, 2011-10-17 Science fiction writer Philip K Dick 1928-1982 is the giant imagination behind so much recent popular culture both movies directly based on his writings such as *Blade Runner* based on the novel *Do Androids Dream of Electric Sheep* *Total Recall* *Minority Report* and *The Adjustment Bureau* plus cult favorites such as *A Scanner Darkly* *Imposter* *Next* *Screamers* and *Paycheck* and works revealing his powerful influence such as *The Matrix* and *Inception* With the publication in 2011 of volume 1 of *Exegesis* his journal of spiritual visions and paranoid investigations Dick is fast becoming a major influence in the world of popular spirituality and occult thinking In *Philip K Dick and Philosophy* thirty Dick fans and professional thinkers confront the fascinating and frightening ideas raised by Dick's mind blowing fantasies Is there an alien world behind the everyday reality we experience If androids can pass as human should they be given the same consideration as humans Do psychotics have insights into a mystical reality Would knowledge of the future free us or enslave us This volume will also include Dick's short story *Adjustment Team* on which *The Adjustment Bureau* is based *Philip K Dick and Philosophy* explores the ideas of Philip K Dick in the same way that he did with an earnest desire to understand the truth of the world but without falsely equating earnestness with a dry seriousness Dick's work was replete with whimsical and absurdist presentations of the greatest challenges to reason and to humanity paradox futility paranoia and failure and even at his darkest times he was able to keep some perspective and humor as for example in choosing to name himself Horselover Fat in *VALIS* at the same time as he relates his personal religious epiphanies crises and delusions With the same earnest whimsy we approach Philip K Dick as a philosopher like ourselves one who wrote almost entirely in thought experiments and semi-fictional world building but who engaged with many of the greatest questions of philosophy throughout the Euro

American tradition Philip K Dick and Philosophy has much to offer for both serious fans and those who have recently learned his name and realized that his work has been the inspiration for several well known and thought provoking films Most chapters start with one or more of the movies based on Dick s writing From here the authors delve deeper into the issues by bringing in philosophers perspectives and by bringing in Dick s written work The book invites the reader with a casual familiarity with Dick to get to know his work and invites the reader with little familiarity with philosophy to learn more New perspectives and challenging connections and interpretations for even the most hard core Dick fans are also offered To maximize public interest the book prominently addresses the most widely known films as well as those with the most significant fan followings Blade Runner Total Recall Minority Report A Scanner Darkly and The Adjustment Bureau Along with these big five films a few chapters address his last novels especially VALIS which have a significant cult following of their own There are also chapters which address short stories and novels which are currently planned for adaptation Radio Free Albemuth film completed awaiting distribution The Man in the High Castle in development by Ridley Scott for BBC mini series and King of the Elves Disney planned for release in 2012

The Lord of the Rings and Philosophy Gregory Bassham, Eric Bronson, 2013-11-13 The Lord of the Rings is intended to be applicable to the real world of relationships religion pleasure pain and politics Tolkien himself said that his grand tale of wizards orcs hobbits and elves was aimed at truth and good morals in the actual world Analysis of the popular appeal of The Lord of the Rings on websites and elsewhere shows that Tolkien fans are hungry for discussion of the urgent moral and cosmological issues arising out of this fantastic epic story Can political power be wielded for good or must it always corrupt Does technology destroy the truly human Is it morally wrong to give up hope Can we find meaning in chance events In The Lord of the Rings and Philosophy seventeen young philosophy professors all of them ardent Tolkien fans and most of them contributors to the four earlier volumes in the Popular Culture and Philosophy series address some of these important issues and show how clues to their solutions may be found in the imaginary world of Middle earth The book is divided into five sections concerned with Power and the Ring the Quest for Happiness Good and Evil in Middle earth Time and Mortality and the Relevance

The Walking Dead and Philosophy Wayne Yuen, 2012 The Walking Dead is both a hugely successful comics series and a popular TV show This epic story of a zombie apocalypse is unique It focuses on the long term individual social and moral consequences of survival by small groups of humans in a world overrun by infected zombies Guns chainsaws and machetes are not enough for survival humans also need agreement on rules of conduct Can equality or fairness have any place in the post apocalyptic world Do theft or even assault and murder become okay under desperate circumstances Who should be recognized as having political authority What about eating human flesh Should survivors have children

Rush and Philosophy Jim Berti, Durrell Bowman, 2011 The progressive hard rock band Rush has never been as popular as it is now A documentary film about the band Rush Beyond the Lighted Stage which was released in the summer of 2010 has been universally well received They had

a cameo in the movie I Love You Man Their seven part song 2112 was included in a version of Guitar Hero released in 2010 The group even appeared on The Colbert Report And now this a book about Rush written for a general audience and geared towards issues concerning popular culture and philosophy There has been a recent explosion of Rush onto the popular culture front and how ironic for a band that has spent the early days of their career on the outside of mainstream popularity Even legendary trios such as Led Zeppelin Cream and The Police don t enjoy the commitment and devotion that Rush s fans lavish on Alex Geddy and Neil In part this is because Rush is equally devoted to its fans Since their first album in 1974 they have released 18 additional albums and toured the world following nearly every release Today when other 70s bands have either broken up or become nostalgia acts Rush continues to sell out arenas and amphitheatres and sell albums to date Rush has sold over 40 million albums They are ranked fourth after The Beatles The Rolling Stones and Aerosmith for the most consecutive gold or platinum albums by a rock band Rush s success is also due to its intellectual approach to music and sound The concept album 2112 made Rush a world class band and cemented its reputation as the thinking person s progressive rock trio Rush s interest in political philosophy mind control the nature of free will of individuality and our relationship to machines makes Rush a band that matters and which speaks to its fans directly and honestly like no other Lyricist Niel Peart has even built a following by writing books both about his motorcycle travels and about the tragic death of his daughter which have only furthered the respect Rush s fans have for arguably rock s greatest drummer and lyricist Fiercely independent of trends Rush has maintained a clear mission and purpose throughout their career With a unique sound best described as the Rush sound the band has been able to blend thought provoking lyrics and music for almost four decades The Rush style of music can trigger the unusual combination of air drumming air guitar singing along and fist pumping just as much as it can thoughtful reflection and deep thinking making Rush The Thinking Man s Band Rush and Philosophy does not set out to sway the public s opinion nor is it an awkward gushing of how much the authors love Rush Rush and Philosophy is a fascinating look at the music and lyrics of the band setting out to address thought provoking questions For example elements of philosophical thinking from the likes of Jean Paul Sartre Ayn Rand and Plato can be found in Peart s lyrics does this make Peart a disciple of philosophy In what ways has technology influenced the band through the decades Can there be too much technology for a power trio Can listening to Rush s music and lyrics lead listeners to think more clearly responsibly and happily Is the band s music a pleasant distraction from the singing of Geddy Lee In what ways is Rush Canadian How can a band that has been referred to as right wing also criticize big government religion and imperialism Rush and Philosophy is written by an assortment of philosophers and scholars with eclectic and diverse backgrounds who love Rush s music and who get the meaning and importance of it They discuss Rush with the enthusiasm of fans and the seriousness of college professors The book will be a must read for the many fans who have long known that Rush deserves as much respect as the ideas concepts and puzzles about human existence they write and compose music about **Poker and**

Philosophy Eric Bronson,2012-03-30 Does God play cards with the universe Do women have better poker faces than men What s the most existential poker movie ever made Is life more meaningful when you go all in Is online poker really still poker Poker and Philosophy ponders these questions and more pitting young lions against old masters as the brashness of Phil Hellmuth meets the arrogance of Socrates the recklessness of Doyle Brunson challenges the desperation of Dostoyevsky and the coolness of Chris Moneymaker takes on the American tradition of capitalist ingenuity This witty collection of essays demonstrates what serious card sharks have long known winning big takes more than a good hand and a straight face Stacking the metaphorical deck with a serious grounding in philosophy is the key to raking it in because as Machiavelli proved long ago it s a lot better to be feared than loved and lying is not the same as cheating **U2 and Philosophy** Mark A. Wrathall,2012-03-30 Is it possible to be a committed Christian and a rock superstar Can political activists make good music Do hugely successful rock bands really care about AIDS and poverty in Africa or is it just another image enhancing schtick U2 and Philosophy ponders these and other seeming dichotomies in the career of the Irish supergroup For over two decades U2 has been one of the biggest acts in rock music They ve produced over a dozen platinum and multiplatinum records and won 15 Grammy Awards Critics everywhere have praised the band s thoughtful complex lyrics and the artistry of their music At the same time Bono the group s lead singer has dedicated himself to political and social causes blurring the line between rock star and respected statesman Offering fresh insight into the band s music and activism these thought provoking essays allows fans to discover philosophy through the eyes of U2 and rediscover U2 through the eyes of philosophers *Mel Gibson's Passion and Philosophy* Jorge J. E. Gracia,2013-11-14 Mel Gibson s The Passion of the Christ has become one of the most controversial films ever made and it is already a blockbuster of cinematography Its defenders passionately regard it as one of the most moving and influential pieces of religious art ever created But its detractors argue with comparable vehemence that the violence and gore it contains its alleged anti-Semitism a particular take on the Christian message and the lack of historical and Biblical accuracy make it nothing more than a kind of political propaganda Father Thomas Rosica hailed as one of the great masterpieces of religious art but the secular humanist Paul Kurtz thinks of it as a political weapon in the hands of the religious right Film critics are divided in their judgment giving the film anywhere from no stars to five stars Regardless of what one thinks of the film however its impact both personal and social is beyond question *The Sopranos and Philosophy* Richard Greene,Peter Vernezzese,2012-03-30 This collection of essays by philosophers who are also fans does a deep probe of the Sopranos analyzing the adventures and personalities of Tony Carmella Livia and the rest of television s most irresistible mafia family for their metaphysical epistemological value theory eastern philosophical and contemporary postmodern possibilities No prior philosophical qualifications or mob connections are required to enjoy these musings which are presented with the same vibrancy and wit that have made the show such a hit The Golden Compass and Philosophy Richard Greene,Rachel Robison,2012-03-30 The popularity of the His Dark Materials trilogy has

generated a major motion picture a stage play video games and a new prequel The series has also been highly controversial with its use of exciting adventure stories for children to comment on organized religion These books have piqued the interest of the contributors to this fascinating volume who use it to probe the philosophical issues that inform them Could a golden compass or alethiometer really work Can a person's soul or daemon have a mind of its own What are the ramifications of pursuing the diabolical intercision process or of trying to bring about the death of God a plot that Lyra and her mysterious Father struggle over These are some of the questions explored by these essays that try to get to the heart of Lyra's bewildering inspiring and multifaceted world

Dune and Philosophy Jeffery Nicholas, 2011 Frank Herbert's Dune is the biggest selling science fiction story of all time the original book and its numerous sequels have transported millions of readers into the alternate reality of the Duniverse Dune and Philosophy raises intriguing questions about the Duniverse in ways that will be instantly meaningful to fans Those well known characters Paul Atreides Baron Harkonnen Duncan Idaho Stilgar the Bene Gesserit witches come alive again in this fearless philosophical probing of some of life's most basic questions Dune presents us with a vast world in which fanaticism is merciless and history is made by the interplay of ruthless conspiracies Computers have long been outlawed so that the abilities of human beings are developed to an almost supernatural level The intergalactic empire controlled by a privileged aristocracy raises all the old questions of human interaction in a strange yet weirdly familiar setting Do secret conspiracies direct the future course of human political evolution Can manipulation of the gene pool create a godlike individual Are strife and bloodshed essential to progress Can we know so much about the future that we lose the power to make a difference Does reliance on valuable resources such as spice oil and water place us at the mercy of those who can destroy those resources When gholas are reconstructed from the cells of dead people and given those people's memories is the ghola the dead person resurrected Can the exploitation of religion for political ends be reduced to a technique Philosophers who are fans of Dune will trek through the desert of the Duniverse seeing answers to these and other questions

Transformers and Philosophy John R. Shook, Liz Stillwaggon Swan, 2012-03-30 Transformers began with toys and a cartoon series in 1984 and has since grown to include comic books movies and video games its science fiction story has reached an audience with a wide range second only to that of Star Wars Here in Transformers and Philosophy a dream team of philosophers pursues the fascinating questions posed by humankind's encounter with an artificially intelligent mechanical civilization Is genuine artificial intelligence possible Would a robotic civilization come with its own morality and artistic life and would it find a need for romantic love Should we be more careful about developing robots that may eventually develop ideas of their own Transformers and Philosophy puts Transformers under a microscope and exposes its philosophical implications in an instantly readable way

The Chronicles of Narnia and Philosophy Gregory Bassham, Jerry L. Walls, William Irwin, 2013-11-13 The Chronicles of Narnia series has entertained millions of readers both children and adults since the appearance of the first book in 1950 Here scholars turn the lens of

philosophy on these timeless tales Engagingly written for a lay audience these essays consider a wealth of topics centered on the ethical spiritual mythic and moral resonances in the adventures of Aslan the Pevensie children and the rest of the colorful cast Do the spectacular events in Narnia give readers a simplistic view of human choice and decision making Does Aslan offer a solution to the problem of evil What does the character of Susan tell readers about Lewis s view of gender How does Lewis address the Nietzschean master morality embraced by most of the villains of the Chronicles With these and a wide range of other questions this provocative book takes a fresh view of the world of Narnia and expands readers experience of it

The Atkins Diet and Philosophy Lisa Heldke, Kerri Mommer, Cynthia Pineo, William Irwin, 2013-11-14 The Atkins diet has transformed the lives of millions of people revolutionizing grocery store shelves restaurant menus and dinner table conversations But there are questions beyond its efficacy and longevity Is the Atkins diet a new wrinkle in capitalist exploitation or a twisted expression of negative body images Is it a symbol of super masculinity Has the Atkins diet really been around for centuries under other names Can it increase intelligence or cause global warming and melt the polar ice caps How does Atkins fit into Kant s conception of the moral life or Rousseau s vision of a kinder gentler human society The Atkins Diet and Philosophy wittily explores these and other pressing questions in sixteen entertaining essays Following the same fun readable approach as earlier volumes in this series this book uses philosophy to put the Atkins diet under the microscope and uses the Atkins diet to teach vital philosophical lessons for life
