Do Not Feed the South African War Machine ,1984      Managing the South African War, 1899-1902 Keith Terrance Surridge,1998 Of all the wars fought by Britain between 1815 and 1914 the South African War was the most extensive and costly This book offers a survey of the disputes which arose between the British government and the era s most famous soldiers      **State Security in South Africa** James Michael Roherty,1992 This work is a study of civil military relations in the Republic of South Africa while Pieter Willem Botha was prime minister 1978-89 The author s controversial thesis is that Prime Minister Botha recognizing that his country had reached the historical juncture when it needed to establish a new political order encompassing all of its diverse peoples moved effectively to prepare the ground for fundamental constitutional change What was needed above all were stabilization measures to assure the support of the white population for reform Botha used the South African defence force as his primary instrument By 1989 Professor Roherty maintains a striking degree of stabilization had been achieved within the country and throughout South Africa and the groundwork for epochal change had been prepared The author makes use of exclusive interviews with South Africans from the political military intelligence corporate and academic worlds      **From Defence to Development** International Development Research Centre

(Canada),Group for Environmental Monitoring (Johannesburg, South Africa),1998 From Defence to Development Redirecting military resources in South Africa      *Air University Review* ,1986-09      **Aeroplanes and Dirigibles of War** Frederick Arthur Ambrose Talbot,2020-01-01 This is a pre 1923 historical reproduction that was curated for quality Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process Though we have made best efforts the books may have occasional errors that do not impede the reading experience We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide      **Norway and National Liberation in Southern Africa**

*Band Societies* Richard Lee,1982-09-30 The papers collected in this volume present important information on the history and culture of contemporary gathering and hunting peoples from Canada India Africa Australia and the Philippines The volume focuses on two themes first on the techniques which band living foraging peoples employ to organise their social and economic lives and second on their fight for the right to their own lands and for a measure of cultural and political autonomy The contributors maintain that gatherer hunters are not examples of a disappearing way of life but peoples who have maintained their social and economic practices through long periods of contact with stratified societies The aim of this volume it to make known to as wide an audience as possible the daily lives the patterns of relations between the sexes and the political orientations of the world s contemporary foragers      **Soldiers In A Storm** Philip Frankel,2018-05-04 Soldiers

in a Storm The Armed Forces in South Africa s Democratic Transition is a study of the role of the military in the creation and development of South Africa s new post apartheid system Philip Frankel asserts that the armed forces played a far greater role in the end of apartheid than is currently acknowledged in the literature and that the relatively peaceful negotiations that ended apartheid would not have been possible without the participation of the South African National Defense Force and two major liberation armies Frankel also examines the topics of military disengagement civilianization post authoritarian political behavior on the part of militaries and the process of democratic consolidation He also discusses how many of these themes have been explored in the context of Latin America and he points out that this is the only book that places these themes within the context of South Africa This is an important case study with universal implications      **Yearbook of**

**International Humanitarian Law - 2002** Horst Fischer,Avril McDonald,2011-03-04 The world s only annual publication devoted to the study of the laws of armed conflict the Yearbook of International Humanitarian Law provides a truly international forum for high quality peer reviewed academic articles focusing on this highly topical branch of international law The Yearbook also includes a selection of documents from the reporting period many of which are not accessible elsewhere and a comprehensive bibliography of all recent publications in humanitarian law and other relevant fields Ease of use of the Yearbook is guaranteed by the inclusion of a detailed index Distinguished by its topicality and contemporary relevance the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars practitioners military personnel civil servants diplomats human rights workers and students

*Gorbachev, Italian Communism and Human Rights* Autori Vari, 2023-01-27T14:44:00+01:00 The chapters brought together in this volume build on the idea that in the 1970s 1980s the global language of human rights contributed to stimulating ideas of reform in the communist world The protagonists were Mikhail Gorbachev and the Italian communists The experience of the PCI was in many ways a peculiar case but one that was linked to underground ideas of cultural change even in Eastern Europe and the Soviet Union Gorbachev's ascent signalled a fundamental shift as he rejected the approach of reducing human rights to an ideological battleground and instead made it the centrepiece of a universalist relaunch By exploring the encounter between

reform communists and human rights the authors reconstruct the metamorphosis and the end of communism within the context of the wider transformations taking place in European political cultures at the end of the Cold War
