## **South Africa's New Frontiers:**

*South Africa's New Frontiers* F. R. Metrowich, 1977      **The Future of Entrepreneurship in Southern Africa** Patient Rambe, Robert Ebo Hinson, 2024-06-01 This edited collection examines the impact of new technologies and new managerial and policy perspectives on entrepreneurial development in Southern Africa paying particular attention to small and medium sized enterprises which contribute significantly to GDP and employment but often find it difficult to survive beyond the first five years Chapters are divided in two parts the first covering technological perspectives and the second managerial perspectives Africa's cultural and geographic diversity is taken into account with authors from Ghana Lesotho South Africa and Zimbabwe providing regional case studies and the editors synthesising these discussions in a concluding chapter that touches on sustainability and development to working lives and livelihoods across the region Exploring critical issues of entrepreneurial human capital development innovation technology legislative frameworks and marketing strategies this book will be of great interest to researchers students and policymakers

**Launching Democracy in South Africa** Richard William Johnson, Lawrence Schlemmer, 1996-01-01 South Africa's first ever non racial and multi party election was perhaps the most significant global event of 1994 From the ashes of a repressive segregated and racist state emerged miraculously and relatively free from bloodshed a new multi racial nation led by one of the political icons of the late twentieth century Nelson Mandela Based on a large scale and non partisan public information project this book is the definitive account of the process of democratisation in South Africa The Launching Democracy project mounted teams of observers and monitored the campaign party organisation the media and voter education efforts throughout the crucial and populous areas of the Western Cape Natal and the Reef The result is an unparalleled source of information about the way the election really worked and the political sociology of South Africa in general Written by a team of distinguished experts the book analyses the results of the election in detail and publishes them in full for the first time It examines the intricacies of the disputed electoral process and the drama of the count revealing irregularities rivalry and widespread fear and intimidation In a highly readable final section the book carries the story into the post election reality exploring popular opinion and the demands now facing the Mandela government

**Frontiers of Jihad** Olomogbo, Yinka, 2015-09-05 The world has witnessed a new ideological divide since the atrocities of 911 There are strong indications that Islam and the West are entangled in a clash of ideologies Moreover this divide has made religion a strong component in international relations and political analysis This leads us to a striking question Is this the final confrontation of ideas in the modern world This divide has in many ways seen a rise in radical Islam on the African continent More particularly radical Islam is spreading at an alarming rate in Africa The wave of jihad in Africa has been imported by al Qaeda who has found it increasingly difficult to operate in the Middle East Accordingly al Qaeda has established its franchise and operational networks in Somalia Mali Mauritania Niger Libya Algeria and Tunisia These networks have unleashed unholy terror death and destruction across the continent This has situated many parts of Africa to

be bedridden with brutal conflict and perpetual chronic poverty A striking question then is what generates Africa to be a fertile ground for extremist infiltration The crescent of terror emanating from Boko Haram in West Africa over to the Sahel the Maghreb to Hamas in Gaza to the Islamic State in Iraq and the Levant ISIS and the diverse al Qaeda franchises in the Middle East and berthing in Somalia s al Shabaab reveals that the quest for a global caliphate is being provoked and networked to radical Muslims on the Continent ISIS has now acquired a franchise in Northeast Nigeria through the destructive group Boko Haram Will Africa be submerged with another deadly and destructive group Will the franchising of ISIS spread across Africa The intent and purpose of this book is that it explores these complexities and plots Most of all the book investigates how and why radical Islam finds a breeding ground in Africa Subsequently the study analyzes the solution to this impasse emanating across the continent

**USA, India, Africa During and After the Cold War** Godfrey Okoth, 2010-12-29 The Cold War period witnessed competition from political economic ideological diplomatic military and social dimensions between the United States of America USA and the then Union of Soviet Socialist Republics USSR In the superpower rivalries India and Africa were adversely affected in many ways The situation did not change for the better in the post Cold War period which has witnessed the domination of the world by the US and its allies the Group of Eight G 8 industrialised countries This domination has been characterised by the process of Americanization of the worlds otherwise termed globalisation in virtually all spheres of life USA India Africa During and After the Cold War demonstrates that both the United States and The Soviet Union used African States India and other Third World countries for their own geopolitical considerations that the foreign policy and foreign relations of the US were meant to subject Africa and India to the dictates of US imperialism The book assesses the impact of the Cold War and the post Cold War order on Africa India and the entire world and argues that the Non Aligned Movement is still relevant to the Third World countries despite the demise of the Cold War The book analyses issues from the African point of view as opposed to hitherto Western view points but provides a balanced appreciation of the complex forces that shape foreign policies and foreign relations globally It is a valuable contribution to modern diplomatic history and targets university students researchers foreign affairs ministries and practising diplomats

Nigeria-India Relations in a Changing World Sharkdam Wapmuk, 2021-08-27 Nigeria India Relations in a Changing World covers critical issues in the relations between these two countries in a single volume Even though the relationship between Nigeria and India is characterized by a sense of continuity changes in the world since the end of the Cold War have necessitated that the two countries recalibrate their foreign policies and adjust their domestic economies along with their approaches to governance Sharkdam Wapmuk provides an in depth examination of the contextual theoretical and historical foundations of Nigeria India relations He analyzes Nigerian and Indian economic relations and contemporary dynamics in strategic engagement between the two countries The book concludes with an exploration of the new normal for Nigeria India relations in the context of the COVID 19 pandemic and beyond

Buffer States In World Politics John

Chay,2019-03-13 Buffer states countries geographically and or politically situated between two or more regional or global powers function to maintain peace between the larger powers Contributors to this book the first devoted to the buffer state concept analyze the geographical and political factors necessary for the establishment and maintenance of a buffer state and examine its role in helping to maintain world peace The problems and prospects of buffer states and buffer zones and the multiple roles played by the buffer in international politics are also explored Using information from a number of countries including Lebanon Afghanistan Korea and Uruguay the contributors argue that the function of the buffer state has not diminished with the advance of modern technology but that the prospects for a long life for any particular buffer state are tenuous Nevertheless they conclude that although the international benefits from any one buffer state tend to be short term the continued existence of the system will be an important element in preventing armed conflict in many parts of the world

**Indirect Rule in South Africa** Jason Conrad Myers, 2008

A groundbreaking new study of the ways in which South African leaders struggle to legitimize themselves

through the costuming of political power Indirect rule the British colonial policy of employing indigenous tribal chiefs as political intermediaries has typically been understood by scholars as little more than an expedient solution to imperial personnel shortages A reexamination of the history of indirect rule in South Africa reveals it to have been much more an ideological strategy designed to win legitimacy for colonial officials Indirect rule became the basic template from which segregation and apartheid emerged during the twentieth century and set the stage for a post apartheid debate over African political identity and traditional authority that continues to shape South African politics today This new study based on firsthand field research and archival material only recently made available to scholars unveils the inner workings of South African segregation Drawing influence from a range of political theorists including Machiavelli Marx Weber Althusser and Zizek Myers develops a groundbreaking understanding of the ways in which leaders struggle to legitimize themselves through the costuming of political power J C Myers is Associate Professor of Political Science at California State University Stanislaus

**The Cold War and the Color Line** Thomas BORSTELMANN, 2009-06-30 After World War II the United States faced two preeminent challenges how to administer its responsibilities abroad as the world's strongest power and how to manage the rising movement at home for racial justice and civil rights The effort to contain the growing influence of the Soviet Union resulted in the Cold War a conflict that emphasized the American commitment to freedom The absence of that freedom for nonwhite American citizens confronted the nation's leaders with an embarrassing contradiction Racial discrimination after 1945 was a foreign as well as a domestic problem World War II opened the door to both the U S civil rights movement and the struggle of Asians and Africans abroad for independence from colonial rule America's closest allies against the Soviet Union however were colonial powers whose interests had to be balanced against those of the emerging independent Third World in a multiracial anticommunist alliance At the same time U S racial reform was essential to preserve the domestic consensus needed to sustain the Cold War struggle The Cold War and the Color Line is the first comprehensive examination of how the Cold War intersected with the final destruction of global white supremacy Thomas Borstelmann pays close attention to the two Souths Southern Africa and the American South as the primary sites of white authority's last stand He reveals America's efforts to contain the racial polarization that threatened to unravel the anticommunist western alliance In so doing he recasts the history of American race relations in its true international context one that is meaningful and relevant for our own era of globalization Table of Contents Preface Prologue 1 Race and Foreign Relations before 1945 2 Jim Crow's Coming Out 3 The Last Hurrah of the Old Color Line 4 Revolutions in the American South and Southern Africa 5 The Perilous Path to Equality 6 The End of the Cold War and White Supremacy Epilogue Notes Archives and Manuscript Collections Index Reviews of this book In rich informing detail enlivened with telling anecdote Cornell historian Borstelmann unites under one umbrella two commonly separated strains of the U S post WWII experience our domestic political and cultural history where the Civil Rights movement holds center stage and our foreign policy where

the Cold War looms largest No history could be more timely or more cogent This densely detailed book wide ranging in its sources contains lessons that could play a vital role in reshaping American foreign and domestic policy Publishers Weekly

Reviews of this book Borstelmann traces the constellation of racial challenges each administration faced focusing particularly on African affairs abroad and African American civil rights at home rather than highlighting the crises that made headlines By avoiding the crutch of turning points for storytelling convenience he makes a convincing case that no single event can be untied from a constantly thickening web of connections among civil rights American foreign policy and world affairs Jesse Berrett Village Voice

Reviews of this book Borstelmann analyzes the history of white supremacy in relation to the history of the Cold War with particular emphasis on both African Americans and Africa In a book that makes a good supplement to Mary Dudziak's *Cold War Civil Rights* he dissects the history of U S domestic race relations and foreign relations over the past half century This book provides new insights into the dynamics of American foreign policy and international affairs and will undoubtedly be a useful and welcome addition to the literature on U S foreign policy and race relations Recommended Edward G McCormack Library Journal

**Land Reform Revisited** Femke Brandt, Grasian Mkodzongi, 2018-03-12 Land Reform Revisited engages with contemporary debates on land reform and agrarian transformation in South Africa The volume offers insights into post apartheid transformation dynamics through the lens of agency and state making The chapters written by emerging scholars are based on extensive qualitative research and their analysis highlights the ways in which people negotiate and contest land reform realities and politics By focusing on the diverse meanings of land and competing interpretations of what constitutes success and failure in land reform Brandt and Mkodzongi insist on looking beyond the productivity discourses guiding research and policy making in the field towards an informed view from below Contributors are Kezia Batisai Femke Brandt Sarah Bruchhausen Nerhene Davis Elene Cloete Tariro Kamuti Tarminder Kaur Grasian Mkodzongi Camalita Naicker Fani Ncapayi Mnqobi Ngubane and Chizuko Sato

*Soviet Strategy in Southern Africa: Gorbachev's Pragmatic Approach* Peter Vanneman, 1990

**Correspondence Respecting Zululand ...** Great Britain. Colonial Office, 1887

**The Abongo Abroad** John V. Clune, 2017-07-19 Blending African social history with US foreign relations John V Clune documents how ordinary people experienced a major aspect of Cold War diplomacy The book describes how military sponsored international travel especially military training abroad and United Nations peacekeeping deployments in the Sinai and Lebanon altered Ghanaian service members and their families during the three decades after independence in 1957 Military assistance to Ghana included sponsoring training and education in the United States and American policymakers imagined that national modernization would result from the personal relationships Ghanaian service members and their families would forge As an act of faith American military assistance policy with Ghana remained remarkably consistent despite little evidence that military education and training in the United States produced any measurable results Merging newly discovered documents from Ghana's armed forces and declassified sources on American

military assistance to Africa this work argues that military sponsored travel made individual Ghanaians outlooks on the world more international just as military assistance planners hoped they would but the Ghanaian state struggled to turn that new identity into political or economic progress
