Southeast Asia Tradition And Modernity In The Contemporary World:

Southeast Asia Donald G Mccloud,2018-02-07 Bridging the perceived gap between Southeast Asia s historical and contemporary situations Donald McCloud focuses on continuities in the region s internal dynamics as well as its relationship to the greater global environment The author challenges widely held views that diversity and fragmentation are the hallmarks of the region identifying instead the commonalities that have bound the countries of Southeast Asia together through at least two millennia and have provided the basis for a unique regional dynamic It has only been since World War II that Southeast Asians long influenced by the global environment have defined and developed their own institutions social structures and communities Turning away from inadequate and unadaptable Western institutions they have begun to create structures more in tune with their own historical experiences Particularly in the political sphere many of these new structures seemed to be straightforward military dictatorships However time has shown them to be more complex and many unique organizational practices have developed that may presage more open political systems if not democracies by strict Western definitions With the expansion of regional cooperation through ASEAN and strong economic growth confidence among Southeast Asian states has grown as well The growing references to an Asian way of life have given verbal expression to a surge in neotraditional values and behavior that have always been part of the fabric of Asian life but that in the past were frowned upon as nonwestern This text traces the evolution of Southeast Asia and focuses for the first time on the neotraditional bases for contemporary independent development of the region

Geopolitics and Maritime Territorial Disputes in East Asia Ralf Emmers,2009-09-11 This book examines geopolitics in East Asia focusing in particular on East Asia s contentious maritime territorial disputes It examines how important factors including territory natural resources and power relations influence state behaviour and relations between important powers including the United States China Japan and South Korea

Government Policies and Ethnic Relations in Asia and the Pacific Michael E. Brown, Sumit Ganguly, 1997-10-20 Efforts to contend with tensions inherent in multiethnic societies case studies of India Pakistan Sri Lanka Burma Thailand Malaysia Singapore Indonesia the Philippines China Australia New Zealand Papua New Guinea Fiji Vanuatu and the Federated States of Micronesia Ethnic conflict one of the most serious and widespread problems in the world today can undermine efforts to promote political and economic development as well as political economic and social justice It can also lead to violence and open warfare producing horrifying levels of death and destruction Although government policies on ethnic issues often have profound effects on a country the subject has been neglected by most scholars and analysts This volume analyzes different policies governments have pursued in their efforts to contend with the tensions inherent in multiethnic societies The book focuses on Asia and the Pacific the most populous and economically vibrant part of the world The heart of the book is a set of case studies of government policies in sixteen countries India Pakistan Sri Lanka Burma Thailand Malaysia Singapore Indonesia the Philippines China Australia New Zealand Papua New Guinea Fiji Vanuatu and the Federated States of Micronesia The studies consider a wide range of political economic educational linguistic and cultural policies and how these policies have evolved over time Using a broad comparative perspective to assess the effectiveness of different governmental approaches the authors offer policy recommendations that cut across individual countries and regions

Fighting Words Michael Edward Brown, Sumit Ganguly, 2003 A study of the impact of language policies on ethnic relations in fifteen Asian and Pacific countries

A Muslim Archipelago Max L. Gross, 2007 Southeast Asia continues to beckon policymakers and scholars alike to revisit its history in spite of the tomes of appraisals already written deconstructive or otherwise Because of a significant presence of Muslims in the region and particularly in the wake of 9 11 it invariably attracts the attention of foreign powers drawn by the specter of terrorism and focused on rooting out radical Islamist groups said to be working with al Qaeda Dr Max Gross has written an impressive account of the role of Islam in the politics of Southeast Asia anchored by a strong historical perspective and a comprehensive treatment of current affairs The result is very much a post 9 11 book The origins of Jemaah Islamiyah and its connections with al Qaeda are carefully detailed Yet unlike much of the post 9 11 analysis of the Muslim world Dr Gross s research has been successful in placing the phenomenon of terrorism within a larger perspective While recognizing that al Qaeda s influence on regional terror networks remains unclear it behooves us to be reminded that regardless of the nature and extent of the linkages to dismiss terrorism as a serious threat to security would be na ve to the point of recklessness The Muslim Archipelago is a profoundly Islamic region and Jemaah Islamiyah is only a small portion of this reality The attention Dr Gross pays to ABIM in Malaysia of which I was a part and the civil Islam movement in Indonesia of which the late Nurcholish

Madjid was a principal spokesman is greatly appreciated Those unfamiliar with the background and role of the traditional Islamic PAS party in Malaysia as well as the Darul Islam movement in Indonesia will find the author's account highly beneficial The MNLF the MILF and Abu Sayyaf in the Philippines as well as the various Islamic movements in southern Thailand are also carefully explained

The Rise and Fall of the East Asian Growth System, 1951-2000 Huang Xiaoming, 2004-11-10 Huang examines a recurring pattern of rapid economic growth in East Asia from 1951 to the present and explores how far a single East Asian Growth model can be said to exist Assessing the various theories put forward to explain the phenomenon and supported by the most comprehensive data the book finds that methods of institutional enhancement were at the core of the growth This institutional enhancement affected state structure and functions economic policy corporate arrangements social structure and relations individual behaviour and domestic and international interaction Each of these elements was a critical aspect of the growth system that defined and propelled the rapid growth

French and Japanese Economic Relations with Vietnam Since 1975 Henrich Dahm, 2021-12-27 This book first published in 1999 compares the strategies of France and Japan in trying to win economic and political influence in the newly emerging Vietnam which opened to the international community only after the Vietnamese Communist Party had started economic reforms in 1986 These reforms are aimed at transforming the country's centrally planned economy into a government controlled market economy and at opening Vietnam to foreign capital technology and know how This setting provides a unique opportunity for comparing the strategies of two nations from different continents in conducting their economic relations with a unified Vietnam

Global Governance Lisa Martin, 2017-03-02 As economic social and environmental connections among states have grown stronger and denser in the last decades new levels and types of governance have emerged The process of globalization while not entirely new has created new challenges for policymakers attempting to reap its benefits and manage its effects This volume pulls together work on global governance that examines these challenges and looks at the patterns of governance that emerge The work is organized into six sections The first introduces concepts crucial to the analysis of global governance including representation efficiency and hierarchy The next two sections turn to specific patterns of governance in two realms security and economic affairs respectively The fourth section examines legal dimensions of governance The fifth section concentrates on the impact of global governance on domestic politics while the sixth looks at how concepts of norms and legitimacy structure our understanding of governance Overall this collection reveals a rich scholarly understanding of globalization governance and institutions that builds on deep theoretical roots while shedding light on major policy issues

Planning the Megacity Christopher Silver, 2007-11-27 Expert Christopher Silver shows how Jakarta was transformed from a colonial capital into a megacity of well over ten million inhabitants

Rethinking Power, Institutions and Ideas in World Politics Amitav Acharya, 2014-01-10 The study of international relations has traditionally been dominated by Western ideas and practices and marginalized the voice and experiences of the non Western states and societies As the world moves to a

post Western era it is imperative that the field of IR acquires a more global meaning and relevance Drawing together the work of renowned scholar Amitav Acharya and framed by a new introduction and conclusion written for the volume this book exposes the narrow meaning currently attached to some of the key concepts and ideas in IR and calls for alternative and broader understandings of them The need for recasting the discipline has motivated and undergirded Acharya's own scholarship since his entry into the field over three decades ago This book reflects his own engagement quarrels and compromise and concludes with suggestions for new pathways to a Global IR a forward looking and inclusive enterprise that is reflective of the multiple and global heritage of IR in an changing and interconnected world It is essential reading for anyone who is concerned about the history development and future of international relations and international relations theory

A Muslim Archipelago Max L. Gross, 2007 This book is with a contemporary focus Author Dr Max Gross's purpose is to use history to explain today's Islamic insurgencies in Indonesia Malaysia Thailand and the Philippines and to offer perspectives for the future Muslim Archipelago's unique contribution is that it brings together in one reference a mass of information on the insurgencies in Southeast Asia The country accounts are detailed and thorough as to events organizations dates and participants The chronological context provides Dr Gross the opportunity to give insights about

historical casualty His accounting highlights the interaction of the insurgencies within Southeast Asia and their international connection outside the region The detailed presentations in the chapters on Indonesia and Philippines are especially fruitful Included in this nearly 280 page book are detailed four color regional maps charts and historical photos spread throughout the text An extensive bibliography and index are included *International Relations in Southeast Asia* Donald E. Weatherbee, Ralf Emmers, 2005 This balanced comprehensive guide to Southeast Asian politics offers a sensible but nondogmatic realist approach to the region s international relations Donald E Weatherbee lucidly explains the dynamics of the Southeast Asian subsystem as a struggle for autonomy in pursuit of national interests He explores three important questions the answers to which will shape the future Southeast Asia Will democratic regimes transform international relations in Southeast Asia Will national leaders succeed in reinventing ASEAN as a more effective collaborative mechanism Finally how will the evolving Chinese position balancing and perhaps displacing the United States as Asia s great power affect Southeast Asia s struggle for autonomy *Buddhism in the Modern World* David L. McMahan, 2012-03-15 Buddhism in the Modern World explores the challenges faced by Buddhism today the distinctive forms that it has taken and the individuals and movements that have shaped it Part One discusses the modern history of Buddhism in different geographical regions from Southeast Asia to North America Part Two examines key themes including globalization gender issues and the ways in which Buddhism has confronted modernity science popular culture and national politics Each chapter is written by a distinguished scholar in the field and includes photographs summaries discussion points and suggestions for further reading The book provides a lively and up to date overview that is indispensable for both students and scholars of Buddhism
