Be Careful, It's My Heart: A Small Town Southern Romance Kait Nolan, 2013-11-19 The best things happen while you're acting. The historic Madrigal Theater is facing its final curtain call and Wishful's tight-knit community is rallying to save it with a magical hometown production of *White Christmas*. For Tyler Edison it's a reluctant return to the spotlight. Eight years ago she walked away from the stage and from Brody Jensen, the man who broke her heart. Now he's back, unexpected and unavoidable, cast opposite her in the lead role. Brody never planned to come home, but with the theater on the brink and unfinished business with Tyler tugging at him, he can't walk away this time. As rehearsals heat up, so do old emotions and undeniable sparks. But the stage chemistry they share threatens to stir up more than just applause, and Tyler must decide if some risks are worth a second act. Welcome to Wishful, where second chances take center stage and happily ever afters are more than just a script.

A Southern Soldier's Letters Home Samuel Augustus Burney, 2002 Samuel A. Burney, born in April 1840, was the son of Thomas Jefferson Burney and Julia Shields Burney. He graduated from Mercer University, then at Penfield, Georgia, in 1860. He joined the Panola Guards, an infantry component of Thomas R. R. Cobb's Georgia Legion, in July 1861. For the next four years he served in the Army of Northern Virginia, both in Virginia and in Tennessee. Burney was wounded at Chancellorsville in May 1863, and as a result of his wound he was placed in disability in March 1864 and served the remainder of the war on commissary duty in southwest Georgia. After the war, Burney returned to Mercer's school of theology, was ordained into the Baptist ministry, and served as pastor of several churches in Morgan County. He was pastor of the Madison Baptist Church until shortly before his death in 1896. These letters of a college graduate, written to his wife Sarah Elizabeth Shepherd Burney, are lyrical and beautifully written. Burney describes battles, camp life, theology, and the day-to-day dreariness of life in the army. This is an astounding collection of letters for anyone interested in the Civil War or the South.

The History of Customs in Wei, Jin, Southern and Northern Dynasties Li Shi, The book is the volume of *The History of Customs in Wei, Jin, Southern and Northern Dynasties* among a series of books of *Deep into China Histories*. The earliest known written records of the history of China date from as early as 1250 BC from the Shang dynasty c. 1600-1046 BC, and the *Bamboo Annals* 296 BC describe a Xia dynasty c. 2070-1600 BC before the Shang, but no writing is known from the period. The Shang ruled in the Yellow River valley, which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations and is regarded as one of the cradles of civilization. The Zhou dynasty 1046-256 BC supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC, and the country eventually

splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature, and philosophy first developed during those troubled times. In 221 BC, Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or emperor of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death and was supplanted by the longer-lived Han dynasty. 206 BC–220 AD. Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men well-versed in calligraphy, history, literature, and philosophy were carefully selected through difficult government examinations. China's last dynasty was the Qing, 1644–1912, which was replaced by the Republic of China in 1912 and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood, the most recent being the Chinese Civil War, 1927–1949. China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China; in some eras, control stretched as far as Xinjiang and Tibet, as at present. Traditional culture and influences from other parts of Asia and the Western world, carried by waves of immigration, cultural assimilation, expansion, and foreign contact, form the basis of the modern culture of China.
