Does the Sacred Heart of Jesus

Southern Cultures Vol 1 No 1:

Southern Cultures Harry L. Watson, Jocelyn Neal, 2010-11-10 In the Winter 2010 issue of *Southern Cultures* Hal Crowther takes on H L Mencken and Rush Limbaugh too Southerners battle hornets rattlesnakes and bears so they can pick blackberries Cowboy Troy crosses country music with hip hop and says his belt buckle is bling The experts redraw the boundaries of North and South The Home of the Double Headed Eagle rises amidst a line of shotgun shacks and much more *Southern Cultures* is published quarterly spring summer fall winter by the University of North Carolina Press The journal is sponsored by the University of North Carolina at Chapel Hill's Center for the Study of the American South Race and Repast Urszula Niewiadomska-Flis, 2022-12-15 *Race and Repast* Foodscapes in Twentieth Century Southern Literature examines the literary foodscapes of the American South from Jim Crow era kitchens where White and Black Southerners reacted against racial mores to the public dining spaces where Southerners probed the limits of racial identity to the lunch counters that became touchstones of the Black Freedom movement Mining literary texts by iconic authors like Ernest Gaines and Walker Percy to demonstrate that food reflects and refracts power Urszula Niewiadomska Flis wields food studies as a revelatory lens through which to view a radically segregated society that was often on the cusp of violence Niewiadomska Flis also provides a rich and succinct introduction to scholarship in Southern studies and food studies making *Race and Repast* a compelling read that offers countless insights to experts as well as readers exploring these areas of research for the first time *The New Encyclopedia of Southern Culture* Harvey H. Jackson III, Charles Reagan Wilson, 2014-02-01 What southerners do where they go and what they expect to accomplish in their spare time their leisure reveals much about their cultural values class and racial similarities and differences and historical perspectives This volume of *The New Encyclopedia of Southern Culture* offers an authoritative and readable reference to the culture of sports and recreation in the American South surveying the various activities in which southerners engage in their nonwork hours as well as attitudes surrounding those activities Seventy four thematic essays explore activities from the familiar porch sitting and fairs to the essential football and stock car racing to the unusual pool checkers and a sport called fireballing In seventy seven topical entries contributors profile major sites associated with recreational activities such as Dollywood drive ins and the Appalachian Trail and prominent sports figures including Althea Gibson Michael Jordan Mia Hamm and Hank Aaron Taken together the entries provide an engaging look at the ways southerners relax pass time celebrate let loose and have fun The American Civil War in British Culture Nimrod Tal, 2015-07-28 This book explores the continuous British fascination with the American Civil War from the 1870s to the present Analysing the War's place in British political discourse military writing intellectual life and popular culture it traces the sources of Britons' appeal to the American conflict and their use of its representations at home and abroad *The Geographies of African American Short Fiction* Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose

narratives The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction

Postregional Fictions Clare Chadd,2021-07-07 Drawing from recent debates about the validity of regional studies and skepticism surrounding the efficacy of the concept of authenticity Clare Chadd's Postregional Fictions focuses on questions of southern regional authenticity in fiction published by Barry Hannah from 1972 to 2001 The first monograph on the Mississippi author's work to appear since his death this study considers the ways in which Hannah's novels and short stories challenge established conceptual understandings of the U S South Hannah's writing often features elements of metafiction through which the putative sense of southernness his stories dramatize is complicated by an intense self reflexivity about the extent to which a sense of place has never been foundational or essential but has always been constructed and performed Such texts locate a productive terrain between the local and the global with particular relevance for critical apprehensions of the post South and postsouthern literature Offering sustained close readings of selected stories and focusing especially on Hannah's late work Chadd argues that his fiction reveals the region constantly shifting in a process of mythmaking dialogue and performance In turn she uses Hannah's work to suggest how notions of the South and southernness might survive the various deconstructive approaches leveled against them in recent decades of southern studies scholarship Rather than seeing an impasse between the regional and the global Chadd's reading of Hannah shows the two existing and flourishing in tandem In Postregional Fictions Chadd offers a new interpretation of Hannah based on an appreciation of the vital intersection of southern and postmodern elements in his work

Unpalatable Carrie Helms Tippen, 2025-01-15 The cookbook genre is highly conventional with an orientation toward celebration and success From glossy photographs to heartwarming stories and adjective rich ingredient lists the cookbook tradition primes readers for pleasure Yet the overarching narrative of the region is often one of pain loss privation exploitation poverty and suffering of various kinds While some cookbook writers go to great lengths to avoid reminding readers of this painful past others invoke that pain as a marker of southern authenticity Still others use stories of southern suffering as an opportunity to make space for reconciliation reparation or apology for past wrongs In *Unpalatable Stories of Pain and Pleasure in Southern Cookbooks* author Carrie Helms Tippen attempts to understand the unique rhetorical situation of the southern cookbook as it negotiates a tension between the expectations of the genre and the prevailing metanarratives of the southern experience one focused on pleasure and the other rooted in pain Through an analysis of commercially published southern cookbooks from the 1990s to the present Tippen examines the range of rhetorical purposes and

strategies writers have employed some of which undermine the reality of a painful past and cause harm or violence and others which serve as tools for truth and reconciliation

Southern Cultures: The Irish Issue Harry L. Watson, Jocelyn Neal, 2011-03-17 In the Spring 2011 issue of Southern Cultures The Irish Issue Front Porch by Harry L Watson The authors in this special issue on Ireland and the South argue that the Irish left an outsized imprint on the cultures of the American South and forged a persistent affinity between Ireland and the South A lengthening chain in the shape of memories The Irish and Southern Culture by William R Ferris Irish rockers U2 are committed fans of B B King and wrote the song When Love Comes to Town at his request The song introduced King to important new rock audiences Tara the O Haras and the Irish Gone With the Wind by Geraldine Higgins Into the debate about place race and the second best selling book of all time we can also bring Irishness Another Lost Cause The Irish in the South Remember the Confederacy by David Gleeson As there had been only two prominent Irish generals and only one Cleburne had had a very distinguished record the story of the common soldier was the story of the Irish Confederate Blacks and Irish on the Riverine Frontiers The Roots of American Popular Music by Christopher J Smith One of the realities of American life is that certain features of African American performance style will remain strange and alluring to those outside the culture Not least among such features is the making of hard social commentary on recurring problems of life often through cutting and breaking techniques contentious interactions continually calling for a change of direction Smoke n Guns A Preface to a Poem about Marginal Souths and then the Poem by Conor O Callaghan Addressing a jubilant crowd in Belfast shortly after the declaration of the original ceasefire in 1993 Gerry Adams reminded his audience that they haven t gone away you know He meant that even as the cause was dwindling its upholders the boys were still among us He might just as easily have been talking about the Klan
