## Southwest Old And New:

Myth and the History of the Hispanic Southwest David J. Weber, 1988 Located in Southwest Collection *The Far Southwest, 1846-1912* Howard Roberts Lamar, 2000 Traces the history of New Mexico Colorado Utah and Arizona from 1846 to 1912 Writing the Southwest David King Dunaway, Sara L. Spurgeon, 2003 The accompanying CD provides excerpts from the interviews with the authors **Old-growth Forests in the Southwest and Rocky Mountain Regions**, 1992 Translating Southwestern Landscapes Audrey Goodman, 2022-02-08 Winner of the Western Literature Association s Thomas J Lyon Award Whether as tourist s paradise countercultural destination or site of native resistance the American Southwest has functioned as an Anglo cultural fantasy for more than a century In Translating Southwestern Landscapes Audrey Goodman excavates this fantasy to show how the Southwest emerged as a symbolic space from 1880 through the early decades of the twentieth century Drawing on sources as diverse as regional magazines and modernist novels Pueblo portraits and New York exhibits Goodman has crafted a wide ranging history that explores the invention translation and representation of the Southwest Its principal players include amateur ethnographer Charles Lummis who conflated the critical work of cultural translation pulp novelist Zane Grey whose bestselling novels defined the social meanings of the modern West fashionable translator Mary Austin whose re expressions of Indian song are contrasted with recent examples of ethnopoetics and modernist author Willa Cather who demonstrated an immaterial feeling for landscape from the Nebraska Plains to Acoma Pueblo Goodman shows how these writers as well as photographers such as Paul Strand Ansel Adams and Alex Harris exhibit different phases of the struggle between an Anglo calling to document Native and Hispanic difference and America s larger drive toward imperial mastery In critiquing photographic representations of the Southwest she argues that commercial interests and eastern prejudices boiled down the experimental images of the late nineteenth century to a few visual myths the persistence of wilderness the innocence of early portraiture and the purity of empty space An ambitious synthesis of criticism and anthropology art history and geopolitical theory Translating Southwestern Landscapes names the defining contradictions of America s most recently invented cultural space It shows us that the Southwest of these early visitors is the only Southwest most of us have ever known Proceedings, 1976 *Reports of the Tax Court of the United States* United States. Tax Court, 1950 Final issue of each volume includes table of cases reported in the volume Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2009 **Library of Congress Subject Headings** Library of Congress, 1995 Dictionary Catalog of the Department Library United States. Department of the Interior. Library, 1969 **The Southwest in the American Imagination** Sylvester Baxter, 1996 In the fall of 1886 Boston philanthropist Mary Tileston Hemenway sponsored an archaeological expedition to the American Southwest Directed by anthropologist Frank Hamilton Cushing the Hemenway Expedition sought to trace the ancestors of the Zu is with an eye toward establishing a museum for the study of American Indians In the third year of fieldwork Hemenway s overseeing board

fired Cushing based on doubts concerning his physical health and mental stability and much of the expedition's work went unpublished. Today however it is recognized as a critical base for research into all of southwestern prehistory. Drawing on materials housed in half a dozen institutions and now brought together for the first time, this projected seven volume work presents a cultural history of the Hemenway Expedition and early anthropology in the American Southwest told in the voices of its participants and interpreted by contemporary scholars. Taken as a whole, the series comprises a thorough study and presentation of the cultural, historical, literary, and archaeological significance of the expedition, with each volume posing distinct themes and problems through a set of original writings such as letters, reports, and diaries. Accompanying essays guide readers to a coherent understanding of the history of the expedition and discuss the cultural and scientific significance of these data in modern debates. This first volume, *The Southwest in the American Imagination*, presents the writings of Sylvester Baxter, a journalist who became Cushing's friend and publicist in the early 1880s and who traveled to the Southwest and wrote accounts of the expedition. Included are Baxter's early writings about Cushing and the Southwest from 1881 to 1883, which reported enthusiastically on the anthropologist's work and lifestyle at Zuni before the expedition. Also included are published accounts of the Hemenway Expedition and its scientific promise from 1888 to 1889, drawing on Baxter's central role in expedition affairs as secretary, treasurer of the advisory board. Series co-editor Curtis Hinsley provides an introductory essay that reviews Baxter's relationship with Cushing and his career as a journalist and civic activist in Boston, and a closing essay that inquires further into the lasting implications of the invention of the Southwest, arguing that this aesthetic was central to the emergence and development of southwestern archaeology. Seen a century later, the Hemenway Expedition provides unusual insights into such themes as the formation of a Southwestern identity, the roots of museum anthropology, gender relations, and social reform in the late nineteenth century, and the grounding of American nationhood in prehistoric cultures. It also conveys an intellectual struggle ongoing today to understand cultures that are different from the dominant culture and to come to grips with questions concerning America's meaning and destiny.
