Christian Work, 1894 **Transnational Spaces: Celebrating Fifty Years of Literary and Cultural Intersections at NeMLA** Carine Mardorossian, Simona Wright, 2023-01-31 This volume celebrates fifty years of NeMLA's important presence in the world of academia with a collection of essays that adopt a transnational critical lens With the present selection we intend to add our voices to the ongoing debate centered on the renegotiation of space national and cultural geographies to foster both the rethinking of language's and literature's not exclusively in English and the study of race gender sexuality and class within and across national boundaries Most pertinently for this collection we hope to add meaningful material to produce new theoretical paradigms and to rethink the role and significance of the humanities in today's world In this light *Transnational Spaces Celebrating Fifty Years of Literary Cultural and Language Intersections at NeMLA* offers a contribution to the study of our present transnational condition from the point of view of an organization the Northeast Modern Language Association that since its inception in 1969 has sought to provide a space of encounter debate and open intellectual exchange for all its members as well as for the academe at large The essays contained in this volume emphasize the interdependency and interrelations engendered by the globalized world in which we live highlighting the possibility to create new knowledge and forms of understanding across the boundaries of nationhood and region At the same time they remind us that the present situation calls for a radical self-examination of a history of systemic racism which continues to produce episodes of police brutality rationalizes cultural and economic exclusion and normalizes the incarceration of African Americans and illegal immigrants including children and minorities In this light with this volume we hope to have provided inclusive egalitarian and cosmopolitan spaces of encounter exchange and interrogation *Insurance*, 1915 **Exploring Ottoman Sovereignty** Rhoads Murphey, 2008-09-25 Is it possible to identify the essence of Ottoman kingship And if so what were the core motivating principles that governed the dynasty over its 600 year lifespan and how continuous and consistent were they Following the death of the dynasty's eponymous founder Osman in 1324 35 successors held the throne Despite the wide range of character traits dispositions and personal preferences they led the expansion stagnation and eventual collapse of the empire Rhoades Murphey offers an alternative way of understanding the soul of the

empire as reflected in its key ruling institution the sultanate For much of the period of centralized Ottoman rule between ca 1450 and 1850 each of the dynasty's successive rulers developed and used the state bureaucratic apparatus to achieve their ruling priorities based around the palace and court culture and rituals of sovereignty as well as the sultan's role as the head of the central state administrative apparatus Sovereignty was attached to the person of the sultan who moved with his court both often and for prolonged stays away from his principal residence In the period between 1360 and 1453 there were dual capitals at Bursa and Edirne Adrianople and even after 1453 several Ottoman sultans showed a preference for Edirne over Istanbul Even Sultan Suleyman the Magnificent held by the Ottomans western contemporaries and modern analysts alike to be the pinnacle and paragon of Ottoman kingship spent far more time away from his residence at the Topkapi Palace than in it This book explores the growing complexity of the empire as it absorbed cultural influences and imperial legacies from a wide diversity of sources each in turn engendering a further interpretation of existing notions of kingship and definitions of the role and function of the ruler

Nancy L. deClaissé-Walford, 2020-10-15 In this close reading of Psalms 90-150 Nancy L deClaiss Walford discovers meanings in the Psalms that were there all along but hidden beneath layers of interpretation built up over the centuries Approaching the canonical storyline of the Psalter with feminist critical lenses she reads against the dominant mind set refuses to accept the givens and seeks to uncover a hidden alternate parallel set of societal norms DeClaiss Walford attends to how context affects the way hearers appropriate the Psalter's words women for the most part hear differently than men women of privilege differently than women living in poverty Her interchanges with students and scholars in post apartheid South Africa bring the biblical text alive in new ways for today's believers

Liminal Sovereignty Rebecca Janzen, 2018-08-27 Liminal Sovereignty examines the lives of two religious minority communities in Mexico Mennonites and Mormons as seen as seen through Mexican culture Mennonites emigrated from Canada to Mexico from the 1920s to the 1940s and Mormons emigrated from the United States in the 1880s left in 1912 and returned in the 1920s Rebecca Janzen focuses on representations of these groups in film television online comics photography and legal documents Janzen argues that perceptions of Mennonites and Mormons groups on the margins and borders of Mexican society illustrate broader trends in Mexican history The government granted both communities significant exceptions to national laws to encourage them to immigrate she argues that these foreshadow what is today called the Mexican state of exception The groups inclusion into the Mexican nation shows that post Revolutionary Mexico was flexible with its central tenets of land reform and building a mestizo race Janzen uses minority communities at the periphery to give us a new understanding of the Mexican nation
