

What is **SOVEREIGNTY**?

Sovereignty is the supreme power that a nation or state holds to govern itself and make decisions without external interference.

It is the capacity of a country to exercise its authority over its territory, government, and citizens.

Sovereignty entails the exclusive right of a state to establish its laws, policies, and government systems, as well as to interact with other countries on the international stage.

It is a fundamental principle that underpins the autonomy and independence of a nation, ensuring its freedom to determine its destiny and protect the interests of its people.

Minority Accommodation through Territorial and Non-Territorial Autonomy Tove H. Malloy,Francesco Palermo,2015-10-08 *Minority Accommodation through Territorial and Non Territorial Autonomy* explores the relationship between minority territory and autonomy and how it informs our understanding of non territorial autonomy NTA as a strategy for accommodating ethno cultural diversity in modern societies While territorial autonomy TA is defined by a claim to a certain territory NTA does not assume that it is derived from any particular right to territory allocated to groups that are dispersed among the majority while belonging to a certain self identified notion of group identity In seeking to understand the value of NTA as a public policy tool for social cohesion this volume critically dissects the autonomy arrangements of both NTA and TA and through a conceptual analysis and case study examination of the two models rethinks the viability of autonomy arrangements as institutions of diversity management This is the second volume in a five part series exploring the protection and representation of minorities through non territorial means examining this paradox within law and international relations with specific attention to non territorial autonomy NTA

The Global Politics of Globalization Barry K. Gills,2013-09-13 Are we moving inexorably towards a new empire or is global civil society transforming global politics into a new cosmopolis In *The Global Politics of Globalization* the alternatives of Empire and Cosmopolis are counter poised as representative of two antithetical conceptions and practices of world order both historically and in the present era and each expresses an alternative idea of human unity and community Today global politics is embroiled in a clash of globalizations a clash between these two opposed forms of world order The contributions in the debate range from deep historical reflections on world civilizations critique of neoliberal economics and imperialism new thinking on the ideals and practices of global citizenship

the philosophical basis for cosmopolitan politics and the emergence of new forms of global social forces and movements Previously published as a special issue of Globalizations this book brings together a very distinguished set of contributors to explore and debate the relationship between globalization processes and world order in light of recent controversies over the return of empire **Approaches to Religion and Mythology in Celtic Studies** Alexandra Bergholm, Katja

Ritari, 2009-03-26 This publication is the first interdisciplinary collection of articles focusing on religion and mythology in Celtic studies The first part presents various current viewpoints within the field from scholars of history art history and literary studies In addition to more traditional approaches the other two parts of the book illustrate the possibilities of applying new theories and methods from the discipline of Comparative Religion to the analysis of Celtic materials They introduce previously unpublished results of the international research network The Power of Words in Traditional European Cultures and the research project Religion Society and Culture Defining the Sacred in Early Irish Literature funded by the Academy of Finland at University of Helsinki The present collection serves as a significant contribution towards a better understanding of issues that have not been previously brought together in a single volume As such it is of interest to scholars in Celtic studies as well as other related disciplines **Migrants and Race in the US** Philip Kretsedemas, 2013-10-23 This

book explains how migrants can be viewed as racial others not just because they are nonwhite but because they are racially alien This way of seeing makes it possible to distinguish migrants from a set of racial categories that are presumed to be indigenous to the nation In the US these indigenous racial categories are usually defined in terms of white and black Kretsedemas explores how this kind of racialization puts migrants in a quandary leading them to be simultaneously raced and situated outside of race Although the book focuses on the situation of migrants in the US it builds on theories of migrants and race that extend beyond the US and makes a point of criticizing nation centered explanations of race and racism These arguments point toward the emergence of a new field visibility that has transformed the racial meaning of nativity migration and migrant ethnicity It also situates these changing views of migrants in a broader historical perspective than prior theory explaining how they have been shaped by a changing relationship between race and territory that has been unfolding for several hundred years and which crystallizes in the late colonial era **Exiting The Whirlpool** Robert Pastor, 2001-01-30 In this second edition of Exiting the Whirlpool Pastor explores the continuities and the changes in U S foreign policy toward Latin America under Presidents Carter Reagan Bush and Clinton Wherea
