## **Soviet Dissent In Historical Perspective:**

**Soviet Dissent in Historical Perspective** Marshall S. Shatz, 2009-02-05 This book places the dissent movement in the Soviet Union within the framework of modern Russian history Professor Shatz outlines the historical and geographical conditions that led to a pattern of autocratic rule in Russia and traces the sources of dissent in both tsarist and Soviet Russia Professor Shatz examines the relationship between the Russian state and the educated classes from Peter the Great to the time of the book's first publication in 1980 explaining why the educated elite was the source of dissidents throughout the period Autobiographical and literary sources are emphasized in an effort to determine the personal roots of dissent in Russia Professor Shatz explores the family life education and life experience of dissidents in an attempt to explain why they became nonconformists or rebels The first half of the book is an historical overview dealing with Russia from Peter the Great to Stalin The second half traces in greater detail the development of Soviet dissent from Stalin's death to the latter part of the twentieth century contending that Soviet dissent although it had its own unique characteristics was the product of a pattern of development Russia has been following since the eighteenth century Soviet dissent in historical perspective Marshall S. Shatz, 1979 Science and Dissent in Post-Mao China H. Lyman Miller, 1996 When in 1989 Chinese astrophysicist Fang Lizhi sought asylum for months in the U S Embassy in Beijing later escaping to the West worldwide attention focused on the plight of liberal intellectuals in China In Science and Dissent in Post Mao China H Lyman Miller examines the scientific community in China and prominent members such as Fang and physicist and historian of science Xu Liangying Drawing on Chinese academic journals newspapers interviews and correspondence with Chinese scientists he considers the evolution of China's science policy and its impact on China's scientific community He illuminates the professional and humanistic values that impelled scientific intellectuals on their course toward open liberal political dissent It is ironic that scientific dissidence in China arose in opposition to a regime supportive of and initially supported by scientists In the late 1970s scientists were called upon to help implement reforms orchestrated by Deng Xiaoping's regime which attached a high priority to science and technology The regime worked to rebuild China's civilian science community and sought to enhance the standing of scientists while at the same time it continued to oppose political pluralism and suppress dissidence The political philosophy of revolutionary China has taught generations of scientists that explanation of the entire natural world from subatomic particles to galaxies falls under the jurisdiction of natural dialectics a branch of Marxism Leninism Escalating debates in the 1980s questioned the relationship of Marxism to science and led some to positions of open political dissent At issue were the autonomy of China's scientific community and the conduct of science as well as the validity and jurisdiction of Marxist Leninist philosophy and hence the fundamental legitimacy of the political system itself Miller concludes that the emergence of a renewed liberal voice in China in the 1980s was in significant part an extension into politics of what some scientists believed to be the norms of healthy science scientific dissidence was an unintended but natural consequence of the Deng

regime's reforms This thoughtful study of science as a powerful belief system and as a source of political and social values in contemporary China will appeal to a diverse audience including readers interested in Chinese politics and society comparative politics communist regimes the political sociology of science and the history of ideas **Air University Review**, 1982-07

**A History Of Russia Volume 2** Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *Globalizing Human Rights* Christian Peterson, 2012-03-12 *Globalizing Human Rights* explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev's efforts to reform Soviet style socialism **Russia's International Relations in the Twentieth Century** Alastair Kocho-Williams, 2013-01-04 Russia has long been a major player in the international relations arena but only by examining the whole century can Russian foreign policy be properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia's post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia's International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia's position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order

by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of Russian history and International policy     The Intimate Life of Dissent: Anthropological Perspectives Harini Amarasuriya, Tobias Kelly, Sidharthan Maunaguru, Galina Oustinova-Stjepanovic, Jonathan Spencer, 2020-09-01 The Intimate Life of Dissent examines the meanings and implications of public acts of dissent drawing on examples from ethnography and history Acts of dissent are never simply just about abstract principles but also come at great personal risk to both the dissidents and to those close to them Dissent is therefore embedded in deep complex and sometimes contradictory intimate relations This book puts acts of high principle back into the personal relations out of which they emerge and take effect raising new questions about the relationship between intimacy and political commitment It does so through an introduction and eight individual chapters drawing on examples including Sri Lankan leftists Soviet dissidents Tibetan exiles Kurdish prisoners British pacifists Indonesian student activists and Jewish peace activists     *Problems of Communism* ,1986     **John Updike and the Cold War** Daniel Quentin Miller, 2001 One of the most enduring and prolific American authors of the latter half of the twentieth century John Updike has long been recognized by critics for his importance as a social commentator Yet John Updike and the Cold War is the first work to examine how Updike's views grew out of the defining context of American culture in his time the Cold War Quentin Miller argues that because Updike's career began as the Cold War was taking shape in the mid 1950s the world he creates in his entire literary oeuvre fiction poetry and nonfiction prose reflects the optimism and the anxiety of that decade     **Russian Messianism** Peter J. S. Duncan, 2002-11 This unique work will be of great interest to those engaged in politics and Russian studies as well as professionals dealing with Russia     *Class Formation, Civil Society and the State* Michael Burrage, 2008-01-17 Rather than a ranking system based on occupational prestige this book explains social stratification through political events and decisions Using analyses of Russia France the United States and England Burrage claims that class stems from the habitual relationship between state and civil society and remarkably is undermined by free markets     **International Handbook of Human Rights** Jack Donnelley, Rhoda E. Howard-Hassmann, 1987-11-06 This collection of essays on the current human rights climate in 19 countries includes Canada Chile China Cuba Israel Poland the USA and USSR and represents a variety of regimes cultural traditions and geographical areas For analysis of the facts this volume excels A well crafted introduction describes current debate about human rights theory and practice traces the development of human rights instruments and discusses problems of implementation Strongly recommended Library Journal The bulk of the scholarly literature on human rights deals with international law and politics In contrast this volume offers nineteen case studies of national human rights practices Although international factors cannot be ignored most human rights violations are perpetrated by states against their own citizens the principal causes of the respect for and violation of human rights lie in national social and political structures

**Russia** Gregory L. Freeze, 2009 The history of Russia from Kievan Rus to Vladimir Putin Russia A History cuts through the myths and mystery that have surrounded Russia from its earliest days with startling revelations from classified archives that until comparatively recently were not even known to exist A distinguished team of historians has stripped away the propaganda and preconceptions of the past to tell the definitive story of Russia from tenth century Kiev and Muscovy through empire and revolution to the fall of Communism and the new order of the 1990s and early 21st century A compelling story in its own right it is essential reading for anyone with an interest in Russia and its place in the world This updated edition now covers the developments in the Putin era in the first decade of the 21st century Defending Human Rights in Russia Emma

Gilligan, 2004-06-24 Sergei Kovalyov is a central figure in the struggle for human rights in Russia He was a leading Soviet biology academic and in the 1970s after becoming active in dissident circles was arrested by the KGB tried imprisoned and subjected to internal exile After his release he continued to work for human rights eventually becoming chairman of the Soviet Human Rights Committee and chairman of the Presidential Human Rights Commission in which positions he was extremely influential in framing human rights provisions in post Communist Russia He subsequently took President Yeltsin to task for human rights failings eventually resigning in protest This book by tracing Kovalyov's political career shows how human rights developed in Russia in late Soviet and post Soviet times **Making Art History in Europe After 1945**

Noemi de Haro García, Patricia Mayayo, Jesús Carrillo, 2020-02-24 This book analyses the intermeshing of state power and art history in Europe since 1945 and up to the present from a critical de centered perspective Devoting special attention to European peripheries and to under researched transnational cultural political initiatives related to the arts implemented after the end of the Second World War the contributors explore the ways in which this relationship crystallised in specific moments places discourses and practices They make the historic hegemonic centres of the discipline converse with Europe's Southern and Eastern peripheries from Portugal to Estonia to Greece By stressing the margins point of view this volume rethinks the ideological grounds on which art history and the European Union have been constructed as well as the role played by art and culture in the very concept of Europe **Philosophy in Russia** Frederick Copleston, 2010-01-07

Philosophy in Russia covers its subject broadly and in detail from the eighteenth century to Lenin and beyond into the post Stalin period It offers a continuous history of the development of philosophical thought in Russia and portraits of individual and influential thinkers The author devotes careful analysis to radicals such as Bakunin Herzen Chernyshevsky and Lavrov and to the Marxists such as Plekhanov and Lenin He also discusses the thought of writers such as Kireevsky Leontiev and Solovyev and examines the philosophically relevant ideas of Dostoevsky and Tolstoy He also discusses Russian thinkers in exile such as Berdyaev Frank N O Lossky and Shestov For historical reasons philosophical thought in Russia has tended to become socially or politically committed thought To what extent genuine philosophical thought has proved to be compatible with the monopoly enjoyed by Marxism Leninism in the fields of education and publishing is a crucial question discussed in

this authoritative study      **Ethics For A Shrinking World** Gerard Elfstrom,1990-01-29      **Russian Intelligentsia in the Age of Counterperestroika** Dmitri N. Shalin,2020-06-09 This book examines the phenomenon of intelligentsia as political discourse civic action and embodied practice focusing especially on the political agendas and personal choices confronting intellectuals in modern Russia Contributors explore the role of the Russian intelligentsia in dismantling the Soviet system and the unanticipated consequences of the resultant changes which threaten the very existence of the intelligentsia as a distinct group Building on the legacy of John Dewey and Jürgen Habermas the authors make the case that the intelligentsia plays a critical role in opening communications widening the range of participants in public discourse and freeing social intercourse from the constraints nondemocratic political arrangements impose on the communication sphere Looking at current trends through a variety of different lenses this book will be of interest to those studying the past present and future of the Russian intelligentsia and its impact not only in Russia but around the world This book was originally published as a special issue of the Russian Journal of Communication      Identity and Freedom Leondas Donskis,2003-09-02 Identity and Freedom provides a discursive map of Lithuanian liberal nationalism by focusing on the work of three eminent Lithuanian migr scholars Vytautas Kavolis Aleksandras Shtromas and Tomas Venclova Presenting these critics of society and also analysing the significant impact of such writers as George Orwell and Czesław Miłosz on Lithuanian political and cultural dissent the book elaborates their three models of liberal nationalism as social criticism Incorporating material which has so far only been available in Lithuanian Polish and Russian sources this book will be invaluable for anyone interested in Central and East European politics culture and society

This is likewise one of the factors by obtaining the soft documents of this **Soviet Dissent In Historical Perspective** by online. You might not require more time to spend to go to the book introduction as skillfully as search for them. In some cases, you likewise reach not discover the revelation Soviet Dissent In Historical Perspective that you are looking for. It will unconditionally squander the time.

However below, in imitation of you visit this web page, it will be in view of that definitely easy to get as well as download lead Soviet Dissent In Historical Perspective

It will not take on many period as we tell before. You can realize it even if perform something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we come up with the money for under as without difficulty as evaluation **Soviet Dissent In Historical Perspective** what you like to read!
