Soviet Ethnology and Anthropology Today Yu. Bromley, 2011-05-12 No detailed description available for Soviet Ethnology and Anthropology Today Soviet Research Institutes Project Blair A. Ruble, 1981 **The Avars** Walter Pohl, 2018-12-15 Though the book was first published in German in 1988 this English version includes many revisions and updates and will be the definitive English language study of the Avar empire for years to come It will be invaluable for those interested in medieval history or in the impact of nomadic steppe empires on sedentary civilizations Choice The Avars arrived in Europe from the Central Asian steppes in the mid sixth century CE and dominated much of Central and Eastern Europe for almost 250 years Fierce warriors and canny power brokers the Avars were more influential and durable than Attila's Huns yet have remained hidden in history Walter Pohl's epic narrative translated into English for the first time restores them to their rightful place in the story of early medieval Europe The Avars offers a comprehensive overview of their history tracing the Avars from the construction of their steppe empire in the center of Europe their wars and alliances with the Byzantines Slavs Lombards and others their apex as the first so called barbarian power to besiege Constantinople in 626 to their fall under the Frankish armies of Charlemagne and subsequent disappearance as a distinct cultural group Pohl uncovers the secrets of their society synthesizing the rich archaeological record recovered from more than 60 000 graves of the period as well as accounts of the Avars by Byzantine and other chroniclers In recovering the story of the fascinating encounter between Eurasian nomads who established an empire in the heart of Europe and the post Roman Christian cultures of Europe this book provides a new perspective on the origins of medieval Europe itself The American Bibliography of Slavic and East European Studies , 1974 **Nomads South Siberia** Sev'iĭaĭn Izrailevich Vainshteĭn, 1980-12-11 Includes chapter on reindeer herding **Research Report R.** , 1981 Revolutionary Aftereffects Megan Swift, 2022-05-30 Thirty years after the fall of the Soviet Union the 1917 Revolution still looms large not only because Russians remain divided over whether the revolution arrived forcibly or inevitably and whether it was a colossally tragic or colossally generative event but also because its social cultural scientific and even moral residues remain everywhere in Putin's Russia Revolutionary Aftereffects looks at the ways in which 1917 has been and continues to be commemorated in Russia Although post Soviet Russia has emphasized its complete break with the past this study of the memorialization and legacy of 1917 explores a fundamental continuity underlying an apparent discourse of discontinuity in post socialist Russia Contributors provide insight into the continuing reverberations of the revolution from a variety of disciplinary perspectives including history and literary studies as well as heritage studies anthropology geography and sociology Collectively these essays demonstrate the changing nature of the revolution's memorialization in the Soviet Union and post Soviet Russia and the ambivalence and contradictions within those narratives **Anthropologists, Indigenous Scholars and the Research Endeavour** Joy Hendry, Laara Fitznor, 2012 This collection offers the fruits of a stimulating workshop that sought to bridge the fraught relationship which

sometimes continues between anthropologists and indigenous native aboriginal scholars despite areas of overlapping interest Participants from around the world share their views and opinions on subjects ranging from ideas for reconciliation the question of what might constitute a universal science indigenous heritage postcolonial museology the boundaries of the term indigeneity different senses as ways of knowing and the very issue of writing as a method of dissemination that divides and excludes readers from different backgrounds This book represents a landmark step in the process of replacing bridges with more equal patterns of intercultural cooperation and communication
