Soviet Communism And The Socialist Vision:

Soviet Communism and the Socialist Vision Julius Jacobson, 1972-01-01 Perhaps the sharpest and most useful criticism of Soviet communism has come from Left socialist sources The essays in this collection are unified by an abiding faith in the value of social change and political revolution as well as a shared belief that the Soviet Union has fallen drastically short of its own promissory notes delivered by the Bolshevik Revolution of 1917 This volume the first in a series published under the direction of New Politics magazine takes up the intimacies of Soviet society its legal practices its party organization its economic planning techniques with a devastating forthrightness that is not to be found in any other single source The writings draw heavily from scholarly sources in Europe that provide perspectives toward Soviet society uncluttered by the usual ideological gambits found in many books published in this country and unbiased by a reliance on purely secondary sources For all who are interested in the Soviet communist regime yesterday today and tomorrow this book will be crucial *Soviet Communism and the Socialist Vision*, 1972 *Third Camp Socialism*, 2025-04-17 Third Camp Socialism collects Phyllis and Julius Jacobson's major writings on civil rights Stalinism the Cold War and the New York Intellectuals It makes a powerful case for revisiting the Jacobsons' contributions to socialist thought The Jacobsons advanced a militant small d democratic perspective on the landmark events of their era from the New Deal and World War II to sixties protests and the War on Terror Today they are best remembered for founding New Politics and defending a third camp perspective that resists capitalism as well as all varieties of progressive authoritarianism Reflections on the Socialist Vision, the Crisis of the Soviet Union and the Socialist Transition Dilemma in Developing Countries Rene E.
