The Binder's Road Terry McGarry, 2013-05-17 The sequel to *Illumination* A troubled land A priceless gift And the dawn of a new light Six years after a conflict that extinguished all magelight Eiden Myr is in chaos Wilding weather destroys crops Drought bakes some regions while others are flooded mountains quake poisoned rivers rise disease and pestilence spread In a dying trader town three little girls fight to protect a secret that could cost them their lives while a young lad of all crafts finds that local murders are only the first clue in a chilling conspiracy In the far north the remnants of the realm's warders struggle to compensate for magelight's loss In the far south a military race is remembering its origins and rousing from its stupor Along the shoreline a band of guerrilla fighters posted to repel invasion prepares to battle for mastery of the disaster-ridden realm while one woman a disgraced soldier summons the courage to defy them all And on a remote windswept island a new breed of scholar strives to plumb the mysteries of ancient texts before they crumble in the absence of the wardings that preserved them and before the realm crumbles for want of the knowledge they contain Which of them is the binder destined to reshape the shattered world At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Gnosis and Hermeticism from Antiquity to Modern Times R. van den Broek, Wouter J. Hanegraaff, 1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one s true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement
