*The Age of Napoleon* Susan P. Conner, 2004-03-30 Hegel called him an idea on horseback a description that suggests Napoleon Bonaparte's complexity as well as the extent to which he changed France Europe and the world Napoleon has been called a visionary a pragmatist a cynical opportunist an ogre and a demigod Here he is described in his own words and the words of his contemporaries from his clannishness to his knack for being at the right place at the right time and from his genius to his obsession with detail Napoleon brought order out of the chaos of the French Revolution pressed for revolutionary equality of opportunity and planned a European union In the process he knew peace for only 14 months of his 15 year reign marched his armies from Lisbon to Moscow and caused the deaths of millions In this resource a detailed timeline maps illustrations biographical sketches and primary documents help students get a feel for the brief but enduring Age of Napoleon      The Revolutionary and Napoleonic Era, 1789-1815 John Holland Rose, 1935      **The First Napoleon** John Codman Ropes, 1885      *Napoleon's Empire* Ute Planert, 2016-01-26 The Napoleonic Empire played a crucial role in reshaping global landscapes and in realigning international power structures on a worldwide scale When Napoleon died the map of many areas had completely changed making room for Russia's ascendancy and Britain's rise to world power      *The Revolutionary and Napoleonic Era, 1789-1815* John Holland Rose, 1898      *The Wars of Napoleon* Charles J Esdaile, 2019-02-18 First published in 1995 to great critical acclaim The Wars of Napoleon provides students with a comprehensive survey of the Napoleonic Wars around the central theme of the scale of French military power and its impact on other European states from Portugal to Russia and from Scandinavia to Sicily The book introduces the reader to the rise of Napoleon and the wider diplomatic and political context before analysing such subjects as how France came to dominate Europe the impact of French conquest and the spread of French ideas the response of European powers the experience of the conflicts of 1799 1815 on such areas of the world as the West Indies India and South America the reasons why Napoleon's triumph proved ephemeral and the long term impact of the period This second edition has been revised throughout to include a completely re-written section on collaboration and resistance a new chapter on the impact of the Napoleonic Wars in the wider world and material on the various ways in which women became involved in or were affected by the conflict Thoroughly updated and offering students a view of the subject that challenges many preconceived ideas The Wars of Napoleon remains an essential resource for all students of the French Revolutionary Wars as well as students of European and military history during this period      **The Napoleonic Empire** Geoffrey Ellis, 2017-03-03 Was Napoleon the heir of the French Revolution the great consolidator of its reforms or did he distort and even abandon its principles What were the aims

and effects of Napoleonic rule in France and in conquered Europe more widely This second edition of *The Napoleonic Empire* offers a critical reassessment of these central issues and provides a fresh synthesis of the most important research during the past forty years Beginning with Napoleon's inheritance Geoffrey Ellis balances the conflicting evidence for change or continuity over the years from the Revolutionary upheaval to the height of the Grand Empire The new edition Covers the administrative military social and economic aspects of the subject Redefines the whole impact of Napoleonic imperialism in both the short and longer term Offers more extensive coverage of Napoleon's treatment of the annexed lands and subject states of his Empire as well as of military conscription desertion and the role of the Gendarmerie in the war against brigands and military defaulters Provides an expanded discussion of the institutional legacy of Napoleonic rule in France and Europe With an up dated and more comprehensive bibliography this thoroughly revised text is an invaluable guide to Napoleon's Europe and is ideal for specialist and general readers alike
