The Expendables The Venom Of Argus:

The Expendables: The Venom of Argus Edmund Cooper, 2011-09-29 The Expendables had struck it lucky at last After grappling with the revolting Death Worms of Kratos the deadly Rings of Tantalus and the weirdly anachronistic military society of Zelos their fourth mission looked an easy one Argus was an earth type planet with one major continent comfortably covered with vegetation But that was before The Expendables encountered the deadly harpoon tree or the low lying plant which grasped greedily at anyone who dared to set foot on it or the hornets that paralyzed their victims so as to enjoy their food in peace Worst of all the lurking horrors of Argus was the deadly hallucinogenic pollen which turned quiet Santa Maria crew members into vicious maniacs

The Expendables Edmund Cooper, 1976 **The Expendables: The Rings of Tantalus** Edmund Cooper, 2011-09-29 First they went to Kratos and faced the Deathworms Then they went on to Tantalus and tried to fathom the Rings which could only have been fabricated with the help of highly sophisticated machinery And then they discover an alien spaceship orbiting the planet in strict silence and incommunicability When they finally boarded the vessel it was obvious that it had been derelict for centuries as a result of some dreadful battle Meanwhile down below the enigmatic Rings lay waiting to deal with intruders as they did the deadly vampire tree Once again Commander James Conrad and his team of Expendables faced their mission to find planets suitable for colonization The second of a new series of books The Rings of Tantalus seems guaranteed to further launch Richard Avery as a very special writer of modern science fiction novels And there are more to come

The Expendables: The Deathworms of Kratos Edmund Cooper, 2011-09-29 The Expendables were criminals offered pardons in exchange for exploring alien worlds But their mission takes them to Kratos where the local lifeform is giant slimy and hostile *The Expendables: The Wargames of Zelos* Edmund Cooper, 2012-12-14 Zelos seemed an ideal planet for colonization Possessing one large continent and numerous archipelagos it had a climate and vegetation comfortably like that of Earth Captain James Conrad and his crew of Expendables started on their initial reconnaissance of the planet For the first time they found human beings already in residence But this was a society remote from anything they had ever before experienced For the Emperor of this strange world controlled his domain through the great annual War Games Only the fittest could survive and only they were allowed to procreate Through this death control the population was limited to twenty thousand There was only one way the Expendables could get permission to establish a colony on Zelos Risking their own lives they must compete in the dreaded War Games And somehow they must win *Ferry Rocket* Edmund Cooper, 2015-07-30 Philip Shane journalist for the London Sunday Sentinel and undercover agent for the British Government sets out at the Prime Minister's request to investigate the death of key scientists on the moon His fellow travellers are Claire Scott daughter of Sir Fabian Scott pioneer of Lunar City Professor Denis Quarles a one man Investigating Commission Gaff Midley a psychiatrist the Ferry Rocket Commander and crew At Woomera firing base for the Ferry Rockets in the year AD 2050 Shane is drugged and sabotage occurs On the Commonwealth Space Station 1079 miles

above the Earth the Ferry Rocket Commander is killed Who is responsible and why *Jupiter Laughs* Edmund Cooper,2011-09-29 What happened on Judgement Day Do we have Martian ancestors Will we blow up the world In this collection of his best SF stories Edmund Cooper gives his own inimitably entertaining answers to these and other such intriguing questions From The Death Watch to The Brain Child Cooper considers possible scenarios Sometimes he is serious sometimes satirical Sometimes he is uncomfortably close to the truth The Overman Culture Edmund Cooper,2011-09-29 A boy's struggle to grasp the forbidden truth about his world Michael was quite young when he discovered that some of his playmates bled if they cut themselves and some didn't For a long time he didn't think about it Nor did it seem strange to see Zeppelins being attacked by jet fighters above London's force field or glimpse Queen Victoria walking with Winston Churchill in the Mall Not at first But later he thought about these things he couldn't help it The world was real and yet unreal It was all desperately worrying So Michael and his friends formed a society to investigate the world around them Despite the terrible things they discovered things that made some of them insane they never actually guessed the truth about the Overman culture Until Mr Shakespeare told them *Prisoner of Fire* Edmund Cooper,2012-11-30 Vanessa Smith looked like any normal seventeen year old girl But Vanessa wasn't normal at all She possessed extraordinary telepathic powers and in the 1990s telepathy was the ultimate weapon in psychological warfare Vanessa along with other gifted children was virtually a prisoner at Random Hill Residential School developing her abilities for Government exploitation So when she escaped Vanessa became a political embarrassment Questions were asked by the Opposition It was vital for the Prime Minister the ruthlessly dictatorial Sir Joseph Humbolt that everything that marked Vanessa's existence should be erased And orders were given that she should be hunted down using telepaths like herself and destroyed *Seed of Light* Edmund Cooper,2012-12-14 TEN MEN AND WOMEN ESCAPED IN THE STARSHIP THE ONLY HOME THEY WOULD KNOW FOR GENERATIONS THE SEED FROM WHICH THEY WOULD BUILD A NEW RACE The Solarian was a hundred metres high and at its broadest point twenty metres in diameter It was designed to carry an initial crew of ten people five men and five women with provisions for subsequent children Yet in that vast hull every cubic metre of space was indispensable for the ship was a self contained world required to support human life independently for centuries No member of the crew male or female could regard themselves as a separate entity an individual personality But each person was a part of a total life unit a dedicated nucleus that might one day expand into a tribe that might phoenixlike bring forth a new human race
