Civilization-States of China and India Ravi Dutt Bajpai,2024-01-30 Ravi Dutt Bajpai examines some of the pivotal episodes in the modern history of China and India to argue that their behaviours reflect the self identity of a civilization state The book starts from the progression of China and India into putatively modern polities during the colonial period as the two indigenous societies imagined their national identities and nationalist aspirations primarily by contrasting their civilizational attributes with the Western colonial occupiers As newly independent nation states both believed that their international status flowed from their civilizational glories Therefore despite their material and institutional fragility China and India decided to pursue complete autonomy to manage their domestic and foreign affairs Indian Prime Minister Nehru s policy of non alignment envisioning an alternate world order beyond the great power competition was inspired by Indian civilizational ethos The book also examines the Sino Indian war of 1962 from a civilization state perspective and argues that Tibet represented a conflict of civilizational influence Chapters also explore some of the more recent developments such as the Indian nuclear test of 1998 China s ambitious Belt and Road BRI infrastructure project aimed at reviving the ancient Silk Road and India s campaign to regain its civilizational status of Vishwa Guru as the continued manifestations of the two civilization states endeavouring to regain their past glories in the contemporary world

Identity and Religion Amalendu Misra,2004-08-30 A sensitive and intelligent account of the Indian nationalist thought and the difficulties it faced in doing justice to India s Islamic inheritance Lord Parekh Fellow of the British Academy A thoughtful well researched and original analysis of the nationalist conceptualisation of the Muslim presence in India Professor Noel O Sullivan University of Hull Amalendu Misra shows that while some eminent nationalist leaders were implacably hostile to Muslims even wholly secular ones were uneasy with India s Muslim past and had a generally unfavourable disposition towards both Muslims and Islam The book explicates this by focusing on the writings of Vivekananda Gandhi Nehru and Savarkar supported by a wealth of examples from a wide range of contexts It argues that the views of these four prominent individuals were heavily shaped by British historiography as well as their respective visions of independent India The author goes on to suggest how modern India needs to redefine itself to flourish as a genuinely secular democracy

A compelling biography of Sheikh Abdullah the charismatic combative and controversial Kashmiri politician Written by the leading historian of modern Kashmir this is a comprehensive portrayal of one of the most enigmatic politicians in modern South Asia Sheikh Muhammad Abdullah known as the Lion of Kashmir Abdullah 1905 1982 devoted much of his life to mobilizing Kashmiris to assert their rights to trying to achieve a fair resolution for their politically contested state to shaping its turbulent relationship with India and to bridging the divide between India and Pakistan Although he forged ties with the Indian National Congress Abdullah s support for Kashmir s accession to India and his advocacy for a more autonomous position for the state within the Indian Union complicated his relationship with India and led to his fall from grace arrest and imprisonment In 1975 he reached a compromise with India that alienated generations of Kashmiris for whose self determination he had long fought The people of Kashmir India and Pakistan continue to grapple with and contest his legacy Zutshi s rigorously researched and elegantly crafted biography brings this complex figure to life and offers a window onto the political fissures of twentieth century South Asia more broadly
