The Eternal Frontiers:

The Eternal Frontier Tim Flannery, 2018-11-20 A comprehensive history of the continent full of engaging and attention catching information about North America's geology climate and paleontology The Washington Post Book World Here the rock star of modern science tells the unforgettable story of the geological and biological evolution of the North American continent from the time of the asteroid strike that wiped out the dinosaurs 65 million years ago to the present day Jared Diamond Pulitzer Prize winning author of *Guns Germs and Steel* Flannery describes the development of North America's deciduous forests and other flora and tracks the migrations of various animals to and from Europe Asia and South America showing how plant and animal species have either adapted or become extinct The story spans the massive changes wrought by the ice ages and the coming of the Native Americans It continues right up to the present covering the deforestation of the Northeast the decimation of the buffalo and other consequences of frontier settlement and the industrial development of the United States This is science writing at its very best both an engrossing narrative and a scholarly trove of information that will forever change your perspective on the North American continent The New York Review of Books *The Eternal Frontiers* James H. Schmitz, 1973 **Eternal Frontier** James H. Schmitz, 2002-09-01 Ape Man Space Man Earth's colonists have spread throughout the cosmos and have almost divided into two separate species One is the Swimmers who have adapted to living in zero gravity and regard themselves as the next step in evolution and those who prefer to live on the surface of a planet as little better than apes The latter group the Walkers are not about to say farewell to the planets they grew up on and think the Swimmers are not so much advanced as deranged Crowell born a Swimmer but now a Walker by choice is caught in the middle as the two sides seem headed for war Then he discovers the true cause of the altercation a hidden alien race moving behind the scenes to provoke a war so that they can pick up the pieces after the two sides have obliterated each other And if Crowell cannot head off the war and convince both sides of the existence of the real enemy both branches of the human race may be headed for untimely extinction This full length novel and much more fill a huge volume from the master of science fiction adventure At the publisher's request this title is sold without DRM Digital Rights Management Much has been made of the sense of wonder that science fiction evokes and believe me there was nothing to evoke that sense quite like the worlds of James Schmitz Thank you James Schmitz wherever you are And thank you Eric Flint and Jim Baen for bringing his Right Stuff back again Mercedes Lackey Take my advice and buy TWO copies of this book You'll want to lend it to friends and trust me on this I have years of experience to back up the observation once people get their hands on a Schmitz book they don't let go Janet Kagan Hugo winner and author of *Uhura's Song* *The Eternal Frontier* Thomas B.
