Bernstein, 1987 This 1988 book focusses on why the American economy failed to recover from the downturn of 1929 33 **Losing Time** Otis Graham, 1994-01-04 Industrial policy reform Otis Graham argues is an important part of a public private set of remedies but it hinges upon an improved use of policy history and of historical perspective generally He proposes an explicit if minimalist approach by the federal government that would unify and reform our de facto industrial policies in order to equip the United States with the institutional capacity to formulate industrial interventions guided by strategic vision and bipartisan participation by labor and management **The American People in the Great Depression** David M. Kennedy, 2003-11-20 On October 24 1929 America met the greatest economic devastation it had ever known In this first installment of his Pulitzer Prize winning *Freedom from Fear* Kennedy tells how America endured and eventually prevailed in the face of that unprecedented calamity Kennedy vividly demonstrates that the economic crisis of the 1930s was more than a reaction to the excesses of the 1920s For more than a century before the Crash America's unbridled industrial revolution had gyrated through repeated boom and bust cycles consuming capital and inflicting misery on city and countryside alike Nor was the alleged prosperity of the 1920s as uniformly shared as legend portrays Countless Americans eked out threadbare lives on the margins of national life Roosevelt's New Deal wrenched opportunity from the trauma of the 1930s and created a lasting legacy of economic and social reform but it was afflicted with shortcomings and contradictions as well With an even hand

Kennedy details the New Deal's problems and defeats as well as its achievements. He also sheds fresh light on its incandescent but enigmatic author Franklin D. Roosevelt. Marjorie M. Gering, 1987-10-01. In tackling America's worst depression, the New Deal brought the federal government into unprecedented contact with most Americans and shaped the political economy of the contemporary United States. This major new study incorporates the results of many recent case studies of the New Deal and provides a detailed assessment of the impact of the depression and New Deal programmes on businessmen, industrial workers, farmers, and the unemployed. In his thematic analysis of the implementation of particular programmes rather than in a narrative of policymaking, Dr. Badger explains the political and ideological constraints which limited the changes wrought by the New Deal. *The New Deal* Anthony J. Badger, 1987-10-01. In the first biography of U.S. House Speaker John W. McCormack, author Garrison Nelson uncovers previously forgotten FBI files, birth and death records, and correspondence long thought lost or buried. For such an influential figure, McCormack tried to dismiss the past almost erasing his legacy from the public's mind. *John William McCormack: A Political Biography* sheds light on the behind-the-scenes machinations of American politics and the origins of the modern-day Democratic Party facilitated through McCormack's triumphs. McCormack overcame desperate poverty and family tragedy in the Irish ghetto of South Boston to hold the second most powerful position in the nation. By reinventing his family history to elude Irish Boston's powerful political gatekeepers, McCormack embarked on a 1928-1971 House career and from 1939-71 the longest House leadership career. Working with every president from Coolidge to Nixon, McCormack's social welfare agenda, which included Social Security, Medicare, and Medicaid, immigration reform, and civil rights legislation, helped commit the nation to the welfare of its most vulnerable citizens. By helping create the Austin-Boston Connection, McCormack reshaped the Democratic Party from a regional southern white Protestant party to one that embraced urban, religiously, and racially diverse ethnics. A man free of prejudice, John McCormack was the Boston Brahmin's favorite Irishman, the South's favorite northerner, and known in Boston as Rabbi John, the Jews' favorite Catholic.
