The Fall Into Time:

A Manual of Ancient History from the Earliest Times to the Fall of the Western Empire, Comprising the History of Chaldea, Assyria, Media, Babylonia, Lydia, Phoenicia, Syria, Judea, Egypt, Carthage, Persia, Greece, Macedonia, Rome, and Parthia by George Rawlinson George Rawlinson,1869 *Alchymy* Hermann Beckh,2019-10-23

As a practising Christian priest Hermann Beckh was profoundly aware that the mystery of substance its transmutation in the cosmos and the human being was a mystical fact to be approached with the greatest reverence requiring at once ever deepening scholarship and meditation He viewed chemistry as a worthy but materialistic science devoid of spirit while the fullness of spiritual physical nature could be approached by what he preferred to call chymistry or alchymy thereby taking in millennia of spiritual tradition In consequence Beckh s *Alchymy* The Mystery of the Material World is not limited to the conventional workings of Western alchemy nor to what can be found in the Bible from Genesis to Revelation although he does unveil hidden riches there Neither should Beckh be considered only as a learned Professor with impeccable academic qualifications and European wide recognition Beckh writes about such topics as Isis the Golden Fleece traditional fairy stories and Wagner s Parsifal in a way that enables the reader to catch glimpses of the Mystery of Substance to share the writer s authentic experience of the divine substantia the living reality of Christ in the world Beckh s *Alchymy* set an entirely new standard and went on to become his most popular publication This is the first time that it has been translated into English along with updated footnotes making his ideas and insights accessible to a wide readership In addition this edition features translations of Beckh s *The New Jerusalem* where theology could best be expressed in verse his exemplary essay on Snow white observations on *Allerleirauh* and a substantial excerpt from Gundhild Ka er Bock s biography of Beckh

Cioran - A Dionysiac with the voluptuousness of doubt Ion Dur,2019-05-31 Since its inception philosophical thought has been fixated by death Death as much as life has been the unrelenting driving force behind some of history s greatest thinkers Yet for Emil Cioran a Romanian French philosopher even philosophy cannot attempt to understand nor contain the inevitable unknown Considered to be an anti philosopher Cioran approached and reflected on the human experience with a despairing pessimism His works are characterised by a brooding fatalistic temperament that reveals and defines itself in his irony black humour and inimitable style Although Cioran s later works have received much scholarly recognition little attention has been paid to the texts he wrote in his adolescent Grounded in the historical context of interwar Romania this book presents for the first time an analysis of the little known works of this pioneering Romanian thinker Deeply affected by his upbringing this book offers a glimpse into Cioran s first attempts to delve into philosophical enterprise before turning its attention to his later works *On the Heights of Despair* 1934 *The Transfiguration of Romania* 1936 and *Twilight of thoughts* 1940 written in France Using both the French and Romanian editions of these works but also their original manuscripts this volume seeks to provide a re reading that takes language rather than a social or political critique as its focal point As an

important and provocative contribution to the existing literature on Cioran this book will be an essential point of reference for students and researchers alike *Forever Pursuing Genesis* Leonard Mustazza,1990 The title of this book *Forever Pursuing Genesis* derives from a statement that Vonnegut once made about the nature of the universe and humankind's place in it This study applies that statement to the narrative themes that Vonnegut has treated in his career **Fall Into Darkness** Valerie Twombly,2017-10-29 *Fall Into Darkness* is a tale of paranormal romance and fantasy where love sacrifice and redemption collide Will Eli and Ashley overcome their pasts and the darkness that threatens to consume them or will their love be the ultimate sacrifice Dive into this steamy fallen angel paranormal romance and discover a world where angels immortals and humans battle for love and survival He lost his wings She gave up her soul to save him Eli has faced his share of enemies many of whom were once his own brethren But when the ruling body of the Seven learns a human dies on his watch they question his compassion It doesn't take long for the angel to find himself wingless and back in the mortal realm He's never been a saint a bounty hunter always holds a darker side But his clock is now ticking and if he doesn't learn empathy soon the next place he will land is directly in Hell in this steamy fallen angel paranormal romance Ashley has never considered her gift special She walks a razor's edge of sanity and falls deeper into despair every time her visions show her another death Desperate to escape reality she runs to her remote cabin in Alaska If she can't look a person in the eyes she won't watch them die Hope is something she's never known until she meets the intense blue gaze of a stranger Evil is coming for Ashley and to save her Eli succumbs to its call What he doesn't count on is her tenacity and the fact that she belongs to him While he's fighting to save her she's busy bargaining with Lucifer to regain Eli's soul The price she's willing to pay just might end their future together For fans of Nalini Singh Larissa Ione and J R Ward **Existential Philosophy and Disability** ,2025-05-29 This volume proposes a novel approach to engaging philosophically with disability studies Taking as a starting point the fact that disability is an integral part of human existence the chapters in this volume provide insight into situated lived experiences of disability in articulation with prominent existential philosophers Historical and theoretical perspectives bring the dominant models of understanding disability today medical or biomedical and social into dialogue with existential philosophical perspectives and thematic contributions provide insight into specific disabled experiences which have historically been underrepresented in philosophy including mental illness addiction severe cognitive intellectual disability ADHD autism and neurodivergent communication *Dante Among the Moderns* Stuart Y. McDougal,2012-09-01 In this collection eight distinguished critics of literature assess the nature and range of Dante's influence on the major British and American modernist writers The indebtedness includes citation and allusion imitation parody literary strategies and a continuing dialogue between the modernists and Dante The differences in response to this remote precursor clarify the development of each writer and highlight the multiplicity of literary stances among the modernists Originally published in 1985 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available
