North Carolina's Free People of Color, 1715-1885 Warren Eugene Milteer Jr., 2020-07-01 In *North Carolina's Free People of Color 1715-1885* Warren Eugene Milteer Jr examines the lives of free persons categorized by their communities as negroes mulattoes mustees Indians mixed bloods or simply free people of color From the colonial period through Reconstruction lawmakers passed legislation that curbed the rights and privileges of these non enslaved residents from prohibiting their testimony against whites to barring them from the ballot box While such laws suggest that most white North Carolinians desired to limit the freedoms and civil liberties enjoyed by free people of color Milteer reveals that the two groups often interacted praying together working the same land and occasionally sharing households and starting families Some free people of color also rose to prominence in their communities becoming successful businesspeople and winning the respect of their white neighbors Milteer s innovative study moves beyond depictions of the American South as a region controlled by a strict racial hierarchy He contends that although North Carolinians frequently sorted themselves into races imbued with legal and social entitlements with whites placing themselves above persons of color those efforts regularly clashed with their concurrent recognition of class gender kinship and occupational distinctions Whites often determined the position of free nonwhites by designating them as either valuable or expendable members of society In early North Carolina free people of color of certain statuses enjoyed access to institutions unavailable even to some whites Prior to 1835 for instance some free men of color possessed the right to vote while the law disenfranchised all women white and nonwhite included North Carolina s *Free People of Color 1715-1885* demonstrates that conceptions of race were complex and fluid defying easy characterization Despite the reductive labels often assigned to them by whites free people of color in the state emerged from an array of backgrounds lived widely varied lives and created distinct cultures all of which Milteer suggests allowed them to adjust to and counter ever evolving forms of

racial discrimination **From Here to Equality, Second Edition** William A. Darity Jr., Andrea Kirsten Mullen, 2022-07-27 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn At several historic moments the trajectory of racial inequality could have been altered dramatically But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation Today systematic inequality persists in the form of housing discrimination unequal education police brutality mass incarceration employment discrimination and massive wealth and opportunity gaps Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents This compelling and sharply argued book addresses economic injustices head on and make the most comprehensive case to date for economic reparations for U S descendants of slavery Using innovative methods that link monetary values to historical wrongs William Darity Jr and A Kirsten Mullen assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War and offer a detailed roadmap for an effective reparations program including a substantial payment to each documented U S black descendant of slavery This new edition features a new foreword addressing the latest developments on the local state and federal level and considering current prospects for a comprehensive reparations program **Against the Odds** Jane G. Landers, 2013-10-18 The seven contributions contained in this collection address various forms of manumission throughout the American South as well as the Caribbean Topics include color class and identity on the eve of the Haitian revolution where free persons of color stood in the hierarchy of wealth in antebellum *Black Confederates and Afro-Yankees in Civil War Virginia* Ervin L. Jordan, 1995 A study of the role of Afro Virginians in the Civil War *The Searcher*, 2006 **Port Cities of the Atlantic World** Jacob Steere-Williams, Blake C. Scott, 2023-12-14 Traces the maritime routes and the historical networks that link port cities around the Atlantic world Port Cities of the Atlantic World brings together a collection of essays that examine the centuries long transatlantic transportation of people goods and ideas with a focus on the impact of that trade on what would become the American South Employing a wide temporal range and broad geographic scope the scholars contributing to this volume call for a sea facing history of the South one that connects that terrestrial region to this expansive maritime history By bringing the study up to the 20th century in the collection s final section the editors Jacob Steere Williams and Blake C Scott make the case for the lasting influence of these port cities and Atlantic world history on the economy society and culture of the contemporary South *Generations of Captivity* Ira Berlin, 2004-09-30 Ira Berlin traces the history of African American slavery in the United States from its beginnings in the seventeenth century to its fiery demise nearly three hundred years later Most Americans black and white have a singular vision of slavery one fixed in the mid nineteenth century when most American slaves grew cotton resided in the deep South and subscribed to Christianity Here however Berlin offers a dynamic vision a major reinterpretation in which slaves and their owners continually renegotiated the terms of captivity Slavery was thus made and remade by successive generations of Africans and African Americans who lived through settlement and

adaptation plantation life economic transformations revolution forced migration war and ultimately emancipation Berlin's understanding of the processes that continually transformed the lives of slaves makes *Generations of Captivity* essential reading for anyone interested in the evolution of antebellum America Connecting the Charter Generation to the development of Atlantic society in the seventeenth century the Plantation Generation to the reconstruction of colonial society in the eighteenth century the Revolutionary Generation to the Age of Revolutions and the Migration Generation to American expansionism in the nineteenth century Berlin integrates the history of slavery into the larger story of American life He demonstrates how enslaved black people by adapting to changing circumstances prepared for the moment when they could seize liberty and declare themselves the Freedom Generation This epic story told by a master historian provides a rich understanding of the experience of African American slaves an experience that continues to mobilize American thought and passions today

The Rising Generation Sarah L. H. Gronningsater, 2024-07-30 Chronicles the history of emancipation through the cradle to grave experiences of a remarkable generation of black northerners The *Rising Generation* chronicles the long history of emancipation in the United States through the cradle to grave experiences of a generation of black New Yorkers Born into precarious freedom after the American Revolution and reaching adulthood in the lead up to the Civil War this remarkable generation ultimately played an outsized role in political and legal conflicts over slavery's future influencing both the nation's path to the Civil War and changes to the US Constitution Through exhaustive research in archives across New York State where the largest enslaved population in the North resided at the time of the American Revolution Sarah L H Gronningsater begins by exploring how English colonial laws shaped late eighteenth century gradual abolition acts that freed children born to enslaved mothers The boys and girls affected by these laws were born into a quasi free legal status They were technically not enslaved but were nonetheless required to labor as servants until they reached adulthood Parents teachers and mentors of these children of gradual abolition found multiple ways to protect and nurture the boys and girls in their midst They supported and founded schools formed ties with white lawyers and abolitionists petitioned local and state officials for better laws guarded against kidnapping and cruelty and shaped New York's evolving identity as a free state Black fathers used their votes during annual state elections in the early 1800s to influence legislative antislavery efforts After many but not all black men in the state were disfranchised by a race based property requirement in 1822 black citizens across New York organized to regain equal suffrage and to expand and protect other crucial non gendered features of state citizenship Women and children were critical participants in these efforts Gronningsater shows how as the children of gradual abolition reached adulthood they took the lessons of their youth into midcentury campaigns for legal equality political inclusion equitable common school education and the expansion of freedom across the nation
