Grace Mackay thought she was normal a little shy maybe but no less normal than any other struggling young waitress But she did not know about the secretive Powers world She did not know she was the last person on earth with the DNA needed for the Powers survival And she certainly did not know her newest boyfriend Gregory was an Anti Powers prince who intended to break her heart and her bones in no particular order But when she discovers that Ben her best friend and unrequited former crush is actually her secret Guardian with superhuman powers Grace s normal turns a little wacky And when she learns that she has The Gift the rare power to heal the injured and resurrect life with her touch it is official Grace is a weirdo even in the Powers world But what freaks Grace out more than all that is the fact she has feelings for Ben again and

he has feelings for her which makes Grace's new normal a lot more complicated Sensuality Level Behind Closed Doors

Children of Nazis Tania Crasnianski, 2018-02-06 The Fascinating Story of Eight Children of Third Reich Leaders and their Journey from Descendants of Heroes to Descendants of Criminals In 1940 the German sons and daughters of great Nazi dignitaries Himmler Goering Hess Frank Bormann Heiss Speer and Mengele were children of privilege at four five or ten years old surrounded by affectionate all powerful parents Although innocent and unaware of what was happening at the time they eventually discovered the extent of their father's occupations These men their fathers who were capable of loving their children and receiving love in return were leaders of the Third Reich and would later be convicted as monstrous war criminals For these children the German defeat was an earth shattering source of family rupture the end of opulence and the jarring discovery of Hitler's atrocities How did the offspring of these leaders deal with the aftermath of the war and the skeletons that would haunt them forever Some chose to disown their past Others did not Some condemned their fathers others worshiped them unconditionally to the end In this enlightening book which has been translated into eleven languages Tania Crasnianski examines the responsibility of eight descendants of Nazi notables caught somewhere between stigmatization worship and amnesia By tracing the unique experiences of these children she probes at the relationship between them and their fathers and examines the idea of how responsibility for the fault is continually borne by the descendants
