Soundbite Culture The Death Of Discourse In A Wired World:

Soundbite Culture David Slayden, Rita Kirk Whillock, 1999 Arguing that social discourse has been subsumed by ritualistic and stylistic performances which overwhelm reasoned thought and reflection the editors have gathered 12 contributions from various disciplines which combine theory and case analysis to explore the decline of discourse Ranging from a discussion of the rock group GWAR to a look at the p *On South Bank: The Production of Public Space* Alasdair J.H. Jones, 2016-05-23 Tensions over the production of urban public space came to the fore in summer 2013 with mass protests in Turkey sparked by a plan to redevelop Taksim Gezi Park Istanbul In London concomitant proposals to refurbish an area of the South Bank historically used by skateboarders were similarly met by staunch opposition Through an in depth ethnographic examination of London s South Bank this book explores multiple dimensions of the production of urban public space Drawing on user accounts of the significance of public space as well as observations of how the South Bank is practised on a daily basis it argues that public space is valued not only for its essential material characteristics but also for the productive potential that these characteristics if properly managed afford on a daily basis At a time when policy makers urban planners and law enforcement authorities simultaneously grapple with pressures to deal with social problems such as street drinking vandalism and skateboarding and accusations that new modes of urban planning and civic management infringe upon civil liberties and dilute the publicity of public space this book offers an insightful account of the daily exigencies of public spaces In so doing it questions the utility of the public private binary for our understanding both of common urban space and of different sets of social practices and points towards the need to be attentive to productive processes in how we understand and experience urban open space as public *Meandering Masculinities* Russell Foote, 2014-04-25 In this book the idea of constructionism is further refined in terms of co construction and misconstructions in order to explain the individual differences in the developmen of masculinity trajectories The application of personality theories is seen as relevant in this regard This approach is juxtaposed against existing theoretical and research explanations in a manner that has not yet been explored **Political Marketing and the 2015 UK General Election** Darren G. Lilleker, Mark Pack, 2016-05-11 This book brings together leading scholars to analyze political marketing in the context of the UK 2015 General Election Election campaigns represent a time of intense marketing including the communication of party party leader and candidate brands the design and dissemination of key messages and policy proposals identification of target voters setting out strategies for the campaign and translating strategies into specific communication tactics Each chapter of this book has been specifically commissioned to focus on one of these aspects of the campaign targeted campaigning branding core messages advertising media management online campaigning and the campaign in the marginal seats The collection offers insights into the most interesting and innovative aspects of the 2015 election campaign determining how levels parties with differing resource approach elections and with what impacts as well as what we can learn more broadly

about marketing at general elections The chapters are developed to make the topic accessible to non scholars and to have real world relevance *Debates in Music Teaching* Chris Philpott, Gary Spruce, 2025-08-01 *Debates in Music Teaching* encourages both graduate and postgraduate students and practising teachers to engage with contemporary issues and developments in music education It introduces a critical approach to the central concepts and practices that have influenced major interventions and initiatives in music teaching and supports the development of new ways of looking at ideas around teaching and learning in music Bringing together leading international experts the chapters consider key issues in music education alongside reflective questions to help shape research and writing This second edition has been fully updated to reflect the latest debates in the field including the justification for music in the school curriculum music education and cognitive psychology the nature of musical knowledge addressing decolonisation partnerships in music education the nature of musical development social justice and music education the place of diverse musical genres and traditions in the music curriculum pedagogies of composing environmentally sustainable practices for teaching music with technology the professional journeys and identity of music teachers Written to help readers to form their own personal philosophy of music education and stimulate critical and creative thinking *Debates in Music Teaching* is essential reading for all student and practising music teachers *Handbook of Public Pedagogy* Jennifer A. Sandlin, Brian D. Schultz, Jake Burdick, 2010-07-29 Bringing together scholars public intellectuals and activists from across the field of education the *Handbook of Public Pedagogy* explores and maps the terrain of this burgeoning field For the first time in one comprehensive volume readers will be able to learn about the history and scope of the concept and practices of public pedagogy What is public pedagogy What theories research aims and values inform it What does it look like in practice Offering a wide range of differing even diverging perspectives on how the public might operate as a pedagogical agent this *Handbook* provides new ways of understanding educational practice both within and without schools It implores teachers researchers and theorists to reconsider their foundational understanding of what counts as pedagogy and of how and where the process of education occurs The questions it raises and the critical analyses they require provide curriculum and educational workers and scholars at large with new ways of understanding educational practice both within and without schools *Using Technology, Building Democracy* Jessica Baldwin-Philippi, 2015-07-15 *Using Technology Building Democracy* investigates the solidification of digital strategies in the post 08 boom in election technology and uses the emerging trends it unearths as lenses to investigate questions that are foundational to the study of politics and citizenship **Microstyle: The Art of Writing Little** Christopher Johnson, 2011-07-25 A work of pop linguistics that synthesizes grammar branding cognitive science and Web theory with intelligence and friendly wit New York Times Welcome to the age of the incredible shrinking message Your guide to this new landscape Christopher Johnson reveals the once secret knowledge of poets copywriters brand namers political speechwriters and other professional verbal miniaturists Each chapter discusses one tool that helps short messages grab

attention communicate instantly stick in the mind and roll off the tongue Piled high with examples from corporate slogans to movie titles to product names Microstyle shows readers how to say the most with the least while offering a lively romp through the historic transformation of mass media into the media of the personal

The SAGE International Encyclopedia of Mass Media and Society Debra L. Merskin, 2019-11-12 The reference will discuss mass media around the world in their varied forms newspapers magazines radio television film books music websites and social media and will describe the role of each in both mirroring and shaping society

A Companion to the City Gary Bridge, Sophie Watson, 2008-04-15 A Companion to the City provides the reader with an indispensable and authoritative overview of the key debates controversies and questions concerning the city from a variety of theoretical vantage points with an international perspective Indispensable companion for students of the City Multidisciplinary approach of interest across several fields Includes contributions from major scholars in the field

The Internet in Everyday Life Barry Wellman, Caroline Haythornthwaite, 2008-04-15 The Internet in Everyday Life is the first book to systematically investigate how being online fits into people's everyday lives Opens up a new line of inquiry into the social effects of the Internet Focuses on how the Internet fits into everyday lives rather than considering it as an alternate world Chapters are contributed by leading researchers in the area Studies are based on empirical data Talks about the reality of being online now not hopes or fears about the future effects of the Internet

Interpersonal Communication Michelle Burch, 2004-08-31

Critical Communication Pedagogy Deanna L. Fassett, John T. Warren, 2006-07-19 One of the great strengths of the book is that it illustrates how critical pedagogy might actually look and feel and be useful as an organizing principle in an educator's life The wonderful statements about empowering students creating spaces for dialogue and envisioning moments of emancipation are hard to translate into real institutional settings The authors are willing to open up their own areas of vulnerability by describing their efforts to enact critical pedagogy and then reflecting on their missteps disappointments and blind spots Jo Sprague San Jose State University In this autoethnographic work authors Deanna L Fassett and John T Warren illustrate a synthesis of critical pedagogy and instructional communication as both a field of study and a teaching philosophy Critical Communication Pedagogy is a poetic work that charts paradigmatic tensions in instructional communication research articulates commitments underpinning critical communication pedagogy and invites readers into self reflection on their experiences as researchers students and teachers Key Features Uses autoethnography to explore critical communication pedagogy Readers are encouraged to be self reflective about their own teaching and learning Through layered storied accounts the authors invite readers to explore how to engage in the study and teaching of communication as constitutive of social injustice Identifies shifting paradigms in instructional communication By using the authors own experiences as a focal point they review paradigmatic shifts in the study of instructional communication This book legitimizes a burgeoning conversation about critical approaches to instructional communication research validating critical communication pedagogy as a growing

line of research and an area of growth in teaching practice Evaluates critical communication pedagogy scholarship This is the first book to help scholars unfamiliar with this paradigm learn how to read and evaluate this sort of work The book identifies the commitments that undergird critical work that addresses communication and education Moments of successful and failed critical communication pedagogy in their research in their classrooms and in their relationships are explored Intended Audience This is an ideal text for advanced undergraduate and graduate students studying instructional communication and communication pedagogy in courses such as Communication in the Classroom Special Classroom Populations Communication Needs of At Risk Students and Critical Performative Pedagogy *W.E.B. Du Bois* Reiland Rabaka, 2017-05-15 Housed in one handy volume for the first time are several of the seminal essays on W E B Du Bois s contributions to sociology and critical social theory from Du Bois as inventor of sociology of race to Du Bois as the first sociologist of American religion from Du Bois as a pioneer of urban and rural sociology to Du Bois as innovator of sociology of gender and culture and finally from Du Bois as groundbreaking sociologist of education and critical criminologist to Du Bois as dialectical critic of the disciplinary decadence of sociology and the American academy What this volume offers that is wholly innovative and distinctive is that it brings together the watershed work of classical and contemporary male and female black and white national and international sociologists and social theorists with the express intent of creating critical inventories and thoroughly interrogating what has been included and what has been excluded when we come to W E B Du Bois s contributions to the discipline of sociology Unlike any other anthologies on Du Bois this volume offers an excellent overview of the critical commentary on arguably one of the most imaginative and innovative perceptive and prolific founders of the discipline of sociology It will therefore be of interest to scholars and students not just in sociology but also Africana studies American studies cultural studies ethnic studies gender studies and postcolonial studies as well as traditional disciplines such as history philosophy political science economics education and religion *Contexts* Meriel D'Arctrey, 2008 Papers from a conference organised for undergraduates at the University of Chester November 2006 The papers discuss the complex relationships between mediation representation and public attitudes on social issues such as domestic violence drug use racism stigma and surveillance *Emotion* Shelley Day Sclater, D. Jones, H. Price, C. Yates, 2009-08-28 This unique collection provides a psychosocial approach to emotion exploring the emotional undercurrents of everyday phenomena as diverse as war reporting advertising education criminality public policy and motherhood and including contributors from sociology psychology cultural and media studies and psychoanalytical studies *Persuasion in the Media Age* Timothy Borchers, 2012-11-21 Persuasion is omnipresent in today's media saturated society From politicians to advertisers to friends and colleagues persuaders are using increasingly sophisticated strategies to influence our attitudes beliefs and behaviors Fortunately this updated edition of *Persuasion in the Media Age* provides a timely solid understanding of the methods used by contemporary persuaders and offers strategies to help readers become critical consumers of persuasion Borchers begins

with the premise that contemporary culture has been forever changed by electronic media and explores the way media technologies have influenced the study and practice of persuasion He draws from a wide variety of scholars bringing together the latest perspectives and research as well as foundational concepts The Third Edition spotlights the influence of social media presents storytelling as a key driver for persuasion and incorporates updated examples that reflect recent political campaigns and developments in popular culture This pedagogically rich illustrated volume includes learning objectives key terms discussion questions and activities that encourage students to apply chapter content to their everyday experiences Internet based exercises provide practical relevant opportunities for students to evaluate Web based persuasion while ethics cases explore compelling issues that have emerged in today's media dominated environment

Academy & the Internet Helen Fay Nissenbaum, Monroe E. Price, 2004 This book explores the impact of the Internet on scholarly research across and beyond the social sciences The contributors leading figures in a broad spectrum of disciplines explain how their fields of inquiry are being redefined and what issues of social change are salient as new information technologies increasingly become the subject of scholarly analysis They have rendered a conceptual photograph of how their disciplines are coping with the impact of information technology by covering policy approaches empirical research and theoretical questions Academy the Internet highlights significant zones of inquiry and provides a critical perspective on the direction each discipline is traveling

Key Concepts in Political Communication Darren G Lilleker, 2006-02-15 Publisher description

Contesting Identities Aaron Baker, 2003 Publisher's description Since the earliest days of the silent era American filmmakers have been drawn to the visual spectacles of sports and their compelling narratives of conflict triumph and individual achievement In *Contesting Identities* Aaron Baker examines how these cinematic representations of sports and athletes have evolved over time from *The Pinch Hitter* and Buster Keaton's *College* to *White Men Can't Jump* Jerry Maguire and *Girlfight* He focuses on how identities have been constructed and transcended in American society since the early twentieth century Whether depicting team or individual sports these films return to that most American of themes the master narrative of self reliance Baker shows that even as sports films tackle socially constructed identities such as class race ethnicity sexuality and gender they ultimately underscore transcendence of these identities through self reliance In addition to discussing the genre's recurring dramatic tropes from the populist prizefighter to the hot headed rebel to the manly female athlete Baker also looks at the social and cinematic impacts of real life sports figures from Jackie Robinson and Babe Didrikson Zaharias to Muhammad Ali and Michael Jordan
