State Fair Phil Stong,2015-01-15 Once a year a tent city springs up overnight around the exhibition halls in Des Moines as farmers and their families pour in from across Iowa to attend the State Fair After months of hard and often lonely work farm families are given the chance to step out of their rural routines picnic and gossip sing and dance take a chance at the hoopla stands and strut their stuff in stiff competition for ribbons and prizes When the close knit Frake family set out from Brunswick Iowa Abel s hog Blue Boy rode proudly in the back of the truck manicured curried and rubbed to enameled perfection ready to compete and win the sweepstakes the highest honor which any hog could attain Melissa Abel s wife had her hopes set on beating the competition with the prize winning quality of her pickles Their teenage children Wayne and Margy found themselves faced with a pickle of another kind Although committed to sweethearts in their hometown brother

and sister are each seized by a new love that sweeps them along secretly and illicitly somewhere between the sweet taste of cotton candy and the breathtaking plunge of a roller coaster ride State fairs were a subject that Phil Stong knew well For several years his grandfather had been superintendent of the swine division at the Iowa State Fair and as a reporter for the Des Moines Register Stong was assigned to cover the evening stock shows at the fair Iowa held its first state fair in 1854 and for some time fairs were held at various locations around the state before permanently settling in Des Moines State Fair is very much an Iowa book filled with incidents and details from the author's own life Although State Fair suggests a deep satisfaction and fondness for rural life it shocked some readers in 1932 and was banned in the city library of Keosauqua Iowa Stong's hometown for twenty five years after it was published However judging from the success of the book and the enthusiasm shown for the movies that followed most readers were captivated by the Frakes down home talk and whimsical humor and commended the author's portrayal of rural America

Realizing Awakened Consciousness Richard P.

Boyle, 2015-06-02 If as Buddhism claims the potential for awakening exists in all human beings we should be able to map the phenomenon with the same science we apply to other forms of consciousness A student of cognitive social science and a Zen practitioner for more than forty years Richard P Boyle brings his sophisticated perspective to bear on the development of a theoretical model for both ordinary and awakened consciousness Boyle conducts probing interviews with eleven prominent Western Buddhist teachers Shinzen Young John Tarrant Ken McLeod Ajahn Amaro Martine Batchelor Shaila Catherine Gil Fronsdal Stephen Batchelor Pat Enkyo O Hara Bernie Glassman and Joseph Goldstein and one scientist James Austin who have experienced awakening From the paths they traveled to enlightenment and their descriptions of the experience he derives three fundamental properties of awakened consciousness He then constructs an overarching model that explains how Buddhist practices help free the mind from attachments to reality and the self and make possible the three properties of awakening Specifically these teachers describe how they worked to control attention and quiet the mind detach from ideas and habits and open themselves to compassion Boyle's account incorporates current theories of consciousness sociological insights and research in neuroscience to advance the study of awakened consciousness and help an even greater number of people to realize it
