The Crimes of Marguerite Duras Anne Brancky, 2020-07-09 One of the most celebrated authors of twentieth century France Marguerite Duras loved crime Indeed criminal faits divers from the newspaper represented a key element in her literary project Sensational news stories made their way into her novels plays and screenplays inspired numerous journalistic pieces and media interventions and even informed the way that she discussed her life and work in the press The Crimes of Marguerite Duras offers an innovative framework for analyzing Duras s literary works and journalism as they relate to the mass media and broader cultural debates Anne Brancky reveals how Duras s predilection for provocatively blurring the line between truth and fiction on various media platforms helped make her a best selling author and a public intellectual ahead of her time Exploring the movement between serious literature and public scandal this readable book affirms literature s abiding role in political debate and the public sphere *Gynesis* Alice

Jardine, 2019-06-30 Jardine s command of French theory is awesome Even more impressive is the fact that she manages to delve into the subject without ever losing sight of certain impertinent American questions Jane Gallop Department of French and Italian Miami University *Gynesis* from the Greek gyn signifying woman and sis designating process In her book Alice Jardine charts the territories and landscapes of contemporary French thought focusing on such concepts as woman and the feminine and relating them to the problem of modernity Interdisciplinary in her approach she confronts and addresses important psychoanalytic philosophical and fictional texts that are largely the work of male writers In Part One Jardine charts the general boundaries of what she describes as the problematization of woman and in Part Two she explores three major topologies of contemporary French thought the breakdown of the Cartesian Subject the default of Representation and the demise of Man s Truth Part Three analyzes the work of Jacques Lacan Jacques Derrida and Gilles Deleuze three major French thinkers who according to Jardine are deeply involved in the process of gynesis and discusses their readings of such writers

as Marguerite Duras Maurice Blanchot and Michel Tournier A final section turns to the question of comparativism by discussing male American and French writers those self consciously exploring the conceptual territories mapped in Part Two Looking at her texts from the vantage point of an American feminist Jardine voices the hope that feminism and modernity will not become mutually exclusive and by the same token that feminism will not grow less concerned with the question of female stereotyping A brilliant and engaging book that will undoubtedly provoke controversy Gynesis should find a large audience among students of contemporary thought including feminists literary and cultural critics and philosophers **Journal** Marie Uguay,2024-01-27 Written shortly before her death from bone cancer at the age of twenty six Marie Uguay s Journal weaves together prose and poetry to chronicle her philosophical questioning and her erotic longing for an impossible love Despite the surgical changes imposed on her body and her mounting loneliness Uguay s work evokes a lust for life and a passionate pursuit of artistic ambition Journal edited by St phan Kovacs and translated by Jennifer Moxley demonstrates both the maturity of Uguay s voice and the raw emotions in her writing process cementing her place in the Qu becois literary scene

Gendered Resistance Val  rie Baisn  e, 2023-04-24 Four major women's autobiographies of the twentieth century are discussed together here for the first time. Val  rie Baisn  e reinterprets the autobiographical writing of Simone De Beauvoir, Maya Angelou, Janet Frame and Marguerite Duras finding some striking similarities in these women's resistance to a conservative order. Deploying a variety of theoretical approaches from linguistic to Marxist Baisn  e endeavours to break the restrictive patterns of author-centred studies to go beyond simple oppositions between truth and fiction and to dispense with the facile interpretation of these texts as confessional. For Val  rie Baisn  e, Autobiography is meant to represent not the true but the official version of a life signed by the author herself and revered as hagiography by the public. Instead of analysing women's autobiographies as confessional it is possible to see this mode of discourse as a means to counteract the effect of exposure of women's private lives. By revealing their past however painful it may be the four autobiographers studied in this book also enhance their present strength and therefore underline the political nature of the autobiography.
