Mathieu Deflem

Terrorism And Counter Terrorism Criminological Perspectives:

Terrorism and Counter-Terrorism Mathieu Deflem, 2004-04-05 These papers bring out the distinct contribution criminologists and criminological sociologists have to offer in the study of counter terrorism from theoretical methodological and substantive viewpoints It looks at terrorism in relation to hate crimes state crimes civil liberties punishment transnational crime and the international court

Terrorism and Counterterrorism in Canada Jez Littlewood, Lorne Dawson, Sara K. Thompson, 2020-01-29 Through close analysis of the Canadian context Terrorism and Counterterrorism in Canada provides an advanced introduction to the challenges and social consequences presented by terrorism today Featuring contributions from both established and emerging scholars it tackles key issues within this fraught area and does so from multiple disciplinary perspectives using historical quantitative and qualitative lenses of analyses to reach novel and much needed insights Throughout the volume the editors and contributors cover topics such as the foreign fighter problem far right extremism the role of the internet in fostering global violence and the media's role in framing the discourse on terrorism in Canada Also included are essays that look at the struggles to develop specific counter terrorism policies and practices in the face of these threats In addition to offering a detailed primer for scholars policymakers and concerned citizens Terrorism and Counterterrorism in Canada confronts the social and legal consequences of mounting securitization for marginalized communities

Criminology Theory and Terrorism Joshua D. Freilich, Gary LaFree, 2017-10-02 Although there has been an increase in research on terrorism across the social and behavioural sciences in the past few decades until recently most of this work has originated from political science psychology or economics Therefore our focus in this book on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it is unique We include a distinguished group of researchers that offer their distinctive insights into criminological perspectives on terrorism The contributors focus on criminological perspectives that have rarely if ever been previously applied to the study of terrorism This includes a range of perspectives from rational choice to social disorganization from strain to routine activities theory This volume will advance understanding of terrorism by taking advantage of criminological contributions and at the same time will serve as a useful update to the criminologists and their students already working in this area It would also be a helpful introduction to those criminologists and their students who would like to be more engaged in this important area of research This book was originally published as a special issue of Terrorism and Political Violence

Criminologists on Terrorism and Homeland Security Brian Forst, Jack R. Greene, James P. Lynch, 2011-02-07 This volume presents 19 original essays addressing what is widely regarded as the most serious problem confronting America today and for years to come terrorism from the unique perspective of criminology The chapters collected here address such issues as the prevention of terrorism the applicability of community policing and routine activities models of crime to the problem of terrorism how to balance liberty and security and how to think about and manage the fear of terrorism as well as the coordination of federal and local efforts to prevent

and counter terrorism Criminologists on Terrorism and Homeland Security will be of interest to anyone concerned about violence prevention in general and terrorism in particular policing prosecution adjudication sentencing and restorative justice

The Handbook of the Criminology of Terrorism Gary LaFree, Joshua D. Freilich, 2016-11-29 The Handbook of the Criminology of Terrorism features a collection of essays that represent the most recent criminological research relating to the origins and evolution of along with responses to terrorism from a criminological perspective Offers an authoritative overview of the latest criminological research into the causes of and responses to terrorism in today's world Covers broad themes that include terrorism's origins theories methodologies types relationship to other forms of crime terrorism and the criminal justice system ways to counter terrorism and more Features original contributions from a group of international experts in the field Provides unique insights into the field through an exclusive focus on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it

21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime 21st Century Criminology A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquires Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide

students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be , *The Ultimate Guide to Understanding Terrorism and Counterterrorism* Dr. Jeffrey C. Fox, 2021-07-14 This book is for anyone who is interested in learning about terrorism in all its forms For over four decades I have studied terrorism trained to deal with it dealt with it and taught it as an academic discipline Over these decades I have seen an already complicated topic become even more difficult to understand The field of study has grown as the world has gotten smaller Ask anyone what terrorism is and you will get a myriad of answers Even in academia the topic has become more convoluted As with crime there are many theories espoused as to why one commits terrorism and why terrorism exists It appears to me that many academics researchers policymakers authors and journalists in general view this topic with a tainted lens based on their own world view Some act as apologists for terrorists while often doing so in a subtle manner Some try to expand the definition and concept well beyond the scope that it should be found I have students who do this all the time We seem to be living in an emotion driven society instead of a fact driven one A relatively new trend is to use the word extremist as a synonym for terrorist There are several problems with this First this creates a net widening effect which lumps those who we disagree with in that net Second who gets to decide who or what is extreme Third and finally it waters down and muddies the study of terrorism This does not mean that an extremist might not become a terrorist Having pointed out the minefield terrorism can be my goal is to offer an academically sound real world fact based explanation on terrorism Terrorism can be a politically charged topic I ask that as you read this book you check what is written digest it and make your own decisions on what you have read It is highly likely some of your thinking will be challenged When I began to teach homeland security which includes terrorism I made a promise to myself that I would never be politically correct Political correctness is what some terrorists rely on and is one of our worse habits We will cover several overarching themes We will look at what terrorism is and is not We will explore the historical roots of terrorism We will discuss the causes of terrorism as well as terrorist typologies Next we will examine domestic terrorism and international and ethnic terrorism Then we will dive into religion and terrorism and spend time looking at Islamic terrorism and Jihad We will examine asymmetric warfare including terrorists tactics and weapons of choice

We will discuss terrorist financing and explore counterterrorism *Understanding and Responding to the Terrorism Phenomenon* O. Nikbay, S. Hancerli, 2007-06-29 Since terrorism is a global issue counter terrorism studies are also a global issue which requires cooperation and collaboration of multi dimensional groups This publication includes the researches experiences and perceptions of different parts of this cooperation and collaboration **Counterterrorism** Ronald Crelinsten, 2013-04-17 Terrorism has emerged as one of the most problematic issues facing national governments and the international community in the 21st century But how is it possible to counter terrorism in a world in which governance is still dominated by the nation state Are we seeing new forms of terrorist activity in the wake of 9 11 Are pre 9 11 approaches still valid How can we combat and control diverse threats of multiple origin Who should be responsible for countering terrorism and in what circumstances In this incisive new book Ronald Crelinsten seeks to provide answers to these pressing questions challenging readers to think beyond disciplinary and jurisdictional boundaries He presents an up to date and comprehensive introduction to the difficulties and obstacles related to countering terrorism in democratic societies The counterterrorism framework that he develops in this book reflects the complex world in which we live The different approaches to counterterrorism provide the organizing theme of the book and help the reader to understand and to appreciate the full range of options available The book includes a host of contemporary examples and further readings compares and contrasts pre and post 9 11 approaches critically evaluates the post 9 11 war on terror moves beyond a purely state centric focus to include non state actors and institutions combines hard and soft power approaches considers prevention preparedness response and recovery Counterterrorism will be an indispensable guide for students researchers practitioners and general readers wanting to broaden their knowledge of the possibilities and limitations of counterterrorism today **The Oxford Handbook of Terrorism** Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-14 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s Lone-actor Terrorism Jacob C. Holzer, Andrea J. Dew, Patricia R. Recupero, Paul Gill, 2022 Drawing on insights across clinical and forensic mental health as

well as related fields in sociology and security this edited volume provides a diverse yet authoritative overview for those interested in better understanding the threats of lone actor terrorism and its professional response **Risk** Layla Skinns, Michael Scott, Tony Cox, 2011-09-01 Recent events from the economic downturn to climate change mean that there has never been a better time to be thinking about and trying to better understand the concept of risk In this book prominent and eminent speakers from fields as diverse as statistics to classics neuroscience to criminology politics to astronomy as well as speakers embedded in the media and in government have put their ideas down on paper in a series of essays that broaden our understanding of the meaning of risk The essays come from the prestigious Darwin College Lecture Series which after twenty five years is one of the most popular public lecture series at the University of Cambridge The risk lectures in 2010 were amongst the most popular yet and in essay form they make for a lively and engaging read for specialists and non specialists alike

The Policing of Terrorism Mathieu Deflem, 2010-02-10 This book offers an analysis of the policing of terrorism in a variety of national and international contexts Centered on developments since the events of September 11 2001 the study devotes its empirical attention to important police aspects of counter terrorism in the United States and additionally extends its range comparatively to other nations including Israel and Iraq and to the global level of international police organizations such as Interpol and Europol Situated in the criminology of terrorism and counter terrorism this book offers a fascinating look into the contemporary organization of law enforcement against terrorism which will significantly influence the conditions of global security in the foreseeable future

Emerging Transnational (In)security Governance Ersel Aydinli, 2010-02-25 Bringing together leading international scholars with practicing intelligence military and police officers this book provides different theoretical and empirical perspectives on international security cooperation

Building Terrorism Resistant Communities S. Ekici, A. Ekici, D.A. McEntire, 2009-08-12 Intends to explore methods to involve the community in the fight against terrorism in an effort to enhance its protection from terrorist attacks and to establish a network between the participants for future collaborations This guide can help policy makers gain an understanding of how counter terrorism requires community support and involvement

The Oxford Handbook of Crime and Public Policy Michael H. Tonry, 2011 This handbook offers a comprehensive examination of crimes as public policy subjects to provide an authoritative overview of current knowledge about the nature scale and effects of diverse forms of criminal behaviour and of efforts to prevent and control them

The SAGE Handbook of Criminological Research Methods

David Gadd, Susanne Karstedt, Steven F Messner, 2011-10-19 Conducting research into crime and criminal justice carries unique challenges This Handbook focuses on the application of methods to address the core substantive questions that currently motivate contemporary criminological research It maps a canon of methods that are more elaborated than in most other fields of social science and the intellectual terrain of research problems with which criminologists are routinely confronted Drawing on exemplary studies chapters in each section illustrate the techniques qualitative and quantitative that

are commonly applied in empirical studies as well as the logic of criminological enquiry Organized into five sections each prefaced by an editorial introduction the Handbook covers Crime and Criminals Contextualizing Crimes in Space and Time Networks Communities and Culture Perceptual Dimensions of Crime Criminal Justice Systems Organizations and Institutions Preventing Crime and Improving Justice Edited by leaders in the field of criminological research and with contributions from internationally renowned experts The SAGE Handbook of Criminological Research Methods is set to become the definitive resource for postgraduates researchers and academics in criminology criminal justice policing law and sociology David Gadd is Professor of Criminology at Manchester University School of Law where he is also Director of the Centre for Criminology and Criminal Justice Susanne Karstedt has a Chair in Criminology and Criminological Justice at the University of Leeds Steven F Messner is Distinguished Teaching Professor of Sociology University at Albany State University of New York

Psychology of Terrorism Bruce Michael Bongar, 2007 Publisher description **Criminal Psychology** Jacqueline B. Helfgott, 2013-04-01 This comprehensive four volume reference set on the subject of criminal psychology includes contributions from top scholars and practitioners in the field explaining new and emerging theory and research in the study of the criminal mind and criminal behavior Unfortunately criminal behavior surrounds us in our society from petty theft and vandalism to multimillion dollar white collar crime to shocking terrorism attempts and school killings Invariably one of the first questions is Why did they do it Criminal psychology seeks to solve this complex puzzle In this four volume reference work a unparalleled team of leading experts offer an exhaustive look at the history developments emerging and classic research issues controversies and victories in the expanding field of criminal psychology The first volume examines the general theories in the study of criminal psychology The second volume focuses more specifically on research of criminal behavior and crime types while the last two volumes delve into criminal justice and forensic applications The comprehensive content allows readers to better understand criminal behavior and appreciate the specific criminal justice and forensic settings in which this theory and research is applied such as criminal profiling forensic assessment of danger and correctional rehabilitation and offender reentry
