Terrorism Confronting The Threat By Technology Optimization:

Terrorism Heimo Von Hardung, 2003 Having been Chief Executive of a major international defense industry and professor at several universities the author points out why the Optimization of Technologies must be an essential part of efforts to meet the terrorist's challenge. The book cites areas of particular technology requirements, points out weaknesses in present decision making structures and provides information about the most recent methodologies for Technology Optimization. It is emphasized that the required work is not restricted to large organizations but can also include the contribution of individuals. Finally, the book points out that respective efforts also may lead to lucrative business opportunities in the future. *What the*
