Enough Said Mark Thompson, 2025-06-25 There's a crisis of trust in politics across the western world Public anger is rising and faith in conventional political leaders and parties is falling Anti politics and the anti politicians have arrived In *Enough Said* President and CEO of The New York Times Company Mark Thompson argues that one of the most significant causes of the crisis is the way our public language has changed *Enough Said* tells the story of how we got from the language of FDR and Churchill to that of Donald Trump It forensically examines the public language we've been left with compressed immediate sometimes brilliantly impactful but robbed of most of its explanatory power It studies the rhetoric of western leaders from Reagan and Thatcher to Berlusconi Blair and today's political elites on both sides of the Atlantic And it charts how a changing public language has interacted with real world events Iraq the financial crash the UK's surprising Brexit from the EU immigration and led to a mutual breakdown of trust between politicians and journalists to leave ordinary citizens suspicious bitter and increasingly unwilling to believe anybody Drawing from classical as well as contemporary examples and ranging across politics business science technology and the arts *Enough Said* is a smart and shrewd look at the erosion of language by an author uniquely placed to measure its consequences

How to Write a Good Ad - Masters of Marketing Secrets: A Short Course In Copywriting Dr. Robert C. Worstell, Victor O. Schwab, 2014-05-30 Most advertising copywriters know their fundamentals Many of us practice them Some of us should get back to them Whether one is now studying to go into the field of copywriting whether he is new in the craft or whether he has been a practitioner in it for years his knowledge and practice of these fundamentals will determine the extent of his success As Daniel Defoe said An old and experienced pilot loses a ship by his assurance and over confidence of his knowledge as effectively as the young pilot does by his ignorance and want of experience So this book will strip down to fundamentals try to forget the furbelows For as time goes on every line of creative work gets cluttered up with impressive

jargon and off the beam technicalities with professional palaver that strays far away from the main objective Get your copy today and learn the secrets of writing ads from the Masters *Scientific Advertising Origins* Dr. Robert C. Worstell, Claude C. Hopkins, John E. Kennedy, Albert D. Lasker, 2014-07-31 All effective modern marketing can be traced to three authors in one time period If you study the best of the best marketers out there and then study who they studied you can eventually find the real basics which make all marketing work Really work That is how these books were uncovered While each separately tells pieces of the puzzle together they tell the evolution of advertising as it exists today All the advances made by others since can be directly traced to the breakthroughs made during this time These five books each tell their own piece to the puzzle Albert Lasker gave the narrative telling where he first met John E Kennedy and Claude Hopkins When you read those copywriters works in turn the lights come on You ll see where all the new modern breakthroughs have come from and why they get results All the secrets hidden in plain sight Just in need of a bit of dusting off Get Your Copy Today **The What, How, and Why of Advertising: Masters of Marketing Secrets: Unknown Basics That Shape Ad Response** Dr. Robert C. Worstell, John E. Kennedy, 2014-05-29 ADVERTISING should be judged only by the goods it is conclusively known to sell at a given cost Mere opinions on Advertising Copy should be excluded from consideration because opinions on Advertising are conflicting as opinions on Religion But it is different with Advertising as it is with Mechanics or with Medicine all three of which can be conclusively tested Many Advertisers however seem satisfied to spend their money on mere Opinions about Advertising when they might have invested it on Evidence about Advertising When it is anything less than Salesmanship it is not real Advertising but only General Publicity And General Publicity admittedly claims only to Keep the Name before the People to produce a General impression on the Trade and to Influence Sales for the salesmen The only way to judge Advertising is to judge it by the amount of goods It is conclusively known to Sell at a given cost Get this copy for yourself and learn these Secrets **How to Write Ads That Get The Sale!** Dr. Robert C. Worstell, 2014-08-09 While the Masters of Marketing Secrets series had already been mined for the history of Advertising and Salesmanship classics I still hadn t told anyone which were the key books out of that dozen which held the core datums where a person could learn the rainmaking skill of copywriting From this book series I ve created this collection which specifically selected only the books which deal best with copywriting itself The other two collections which preceded this dealt with the evolution of advertising itself and defined salesmanship in a low pressure scenario which is becoming more the way online sales has trended In fact you ll get banned on various sites if you try anything else This collection is bringing you the best and brightest of copywriting experts so you can learn first hand what it is that is required to get sales from every ad you write For that is the test of good copywriting it gets the sale *Gas Appliance Merchandising*, 1937 **Continuous Sales Improvement** Eric Lofholm, 2021-07-06 What s the secret to succeeding at sales In Continuous Sales Improvement master sales trainer Eric Lofholm reveals the simple but powerful strategy he s taught to tens of thousands of students that anyone can use to improve

their sales performance Eric's message is that those who are not good at sales can become good and those who are already good can become great simply by making small continuous improvements in four key areas self improvement sales skills product and service knowledge and technology He gives readers a game plan for making improvements in each of these areas and provides hundreds of detailed strategies practical exercises and actionable instructions to use immediately to begin improving sales results Each chapter includes a convenient at a glance summary and there's a quick review guide so that readers can easily use Continuous Sales Improvement as an ongoing reference Continuous Sales Improvement includes case studies from legendary figures in the history of sales plus interviews with some of today's top performers It also includes tips for selling in specific industries including real estate insurance financial services and network marketing Those who are a salesperson a sales trainer or just a business owner who wants better sales results Continuous Sales Improvement is a must have

Introduction to English Linguistics Ingo Plag, Sabine Arndt-Lappe, Maria Braun, Mareile Schramm, 2015-05-19

The new and updated third edition of this highly successful textbook contains an additional chapter that presents modern empirical research methods in the form of exemplary small scale studies In these projects the authors invite the reader to develop and address research questions from phonetics phonology morphology and syntax The pertinent experimental and corpus linguistic techniques are introduced and students are familiarized with some basic statistical tools necessary for the analysis of the data The major difference between this book and its potential competitors lies in its hands on didactic orientation with a strong focus on linguistic analysis and argumentation Language and linguistic theory are approached from a strictly empirical perspective given a certain set of data to be accounted for theoretical and methodological problems must be solved in order to analyze and understand the data properly The book is not written from the perspective of a particular theoretical framework and draws on insights from various research traditions *Introduction to English Linguistics* concentrates on gaining expertise and analytical skills in the traditional core areas of linguistics i.e. phonology morphology syntax semantics and pragmatics The chapter on Extensions and applications widens the perspective to other areas of linguistic research such as historical socio and psycholinguistics Each chapter is accompanied by exercises and suggestions for further reading A glossary and an index facilitate access to terms and topics
