White, Kate Gilbert, 2014 A full and provocative reappraisal of the Bayeux Tapestry its origins design and patronage Aspects of the Bayeux Tapestry in fact an embroidered hanging have always remained mysterious despite much scholarly investigation not least its design and patron Here in the first full length interdisciplinary approach to the subject the authors an art historian and a historian consider these and other issues Rejecting the prevalent view that it was commissioned by Odo the bishop of Bayeux and half brother of William the Conqueror or by some other comparable patron they bring new evidence to bear on the question of its relationship to the abbey of St Augustine's Canterbury From the study of art historical archeological literary historical and documentary materials they conclude that the monks of St Augustine's designed the hanging for display in their abbey church to tell their own story of how England was invaded and conquered in 1066 Elizabeth Carson Pastan is a Professor of Art History at Emory University Stephen D White is Asa G Candler Professor of Medieval History emeritus Emory University and an Honorary Professor of Mediaeval History at the University of St Andrews

Latin Literatures of Medieval and Early Modern Times in Europe and Beyond Francesco Stella, Lucie Doležalová, Danuta Shanzer, 2024-07-15 The textual heritage of Medieval Latin is one of the greatest reservoirs of human culture Repertories list more than 16 000 authors from about 20 modern countries Until now there has been no introduction to this world in its full geographical extension Forty contributors fill this gap by adopting a new perspective making available to specialists but also to the interested public new materials and insights The project presents an overview of Medieval and post medieval Latin Literatures as a global phenomenon including both Europe and extra European regions It serves as an introduction to medieval Latin s complex and multi layered culture whose attraction has been underestimated until now Traditional overviews mostly flatten specificities yet in many countries medieval Latin literature is still studied with reference to the local history Thus the first section presents 20 regional surveys including chapters on authors and works of Latin Literature in Eastern Central and Northern Europe Africa the Middle East Asia and the Americas Subsequent chapters highlight shared patterns of circulation adaptation and exchange and underline the appeal of medieval intermediality as evidenced in manuscripts maps scientific treatises and iconotexts and its performativity in narrations theatre sermons and music The last section deals with literary interfaces that is motifs or characters that exemplify the double sided or the long term transformations of medieval Latin mythologemes in vernacular culture both early modern and modern such as the legends about King Arthur Faust and Hamlet

Artists of the Middle Ages Leslie D. Ross, 2003-06-30 In the first volume of the Artists of an Era series Leslie Ross

examines the identities of artists attributed to the most famous and influential works of medieval art. These works are much discussed within the realm of art history yet the identities of medieval artists fall victim to incomplete historical records and often remain enigmatic. In ten narrative chapters Ross examines this significant area of the art world including architecture, iconography, metalwork, scribe work, sculpture, even medieval art instruction and summarizes the lives and work of that genre's leading artist or artists. Students will learn not only what is factually known of an artist's life as well as what is purely speculative but also the processes used to gather the information and fuel speculation. Readers will also gain unique insights into the practices and traditions of medieval art and the role it played within medieval society. A timeline, chapter bibliographies, a list of further resources on medieval art, and an index offer additional tools to students of medieval art and art history.

Pathos in Late-Medieval Religious Drama and Art Gabriella Mazzon, 2018-05-23. Pathos as Communicative Strategy in Late Medieval Religious Drama and Art explores the strategies employed to trigger emotional responses in late medieval dramatic texts from several Western European traditions and juxtaposes these texts with artistic productions from the same areas with an emphasis on Britain. The aim is to unravel the mechanisms through which pathos was produced and employed mainly through the representation of pain and suffering with mainly religious but also political aims. The novelty of the book resides in its specific linguistic perspective which highlights the recurrent use of words, structures, and dialogic patterns in drama to reinforce messages on the salvific value of suffering in synergy with visual messages produced in the same cultural milieu.

Irenaeus of Sirmium and His Story in the Medieval East and West Marijana Vuković, 2023-12-01. The study of hagiographies has generally been focused on the more prominent saints of late antiquity and the Middle Ages who inspired significant and long-lasting veneration. However, this has caused many less well-known saints to be pushed aside and forgotten. This book is a study into one such saint, Irenaeus, a martyr who was killed in 304 CE in Sirmium, Pannonia. His short-lived cult, his feast day, and the account of his martyrdom, which had been translated into Latin, Greek, Old Slavonic, Georgian, and Armenian, had all been forgotten during the Middle Ages. This book examines Irenaeus of Sirmium's life, cult, sainthood, and eventual disappearance from the memory of medieval Christendom in the context of a wider study on the memory of those less well-known saints who, like Irenaeus, became neglected and eventually forgotten.

Irenaeus of Sirmium and His Story in the Medieval East and West will be of interest to scholars and students alike interested in hagiography, medieval literature, and history, as well as all those interested in the religious history of Byzantium, medieval Europe, and the Slavic world.

The Signifying Power of Pearl Jane Beal, 2016-12-08. This book enhances our understanding of the exquisitely beautiful fourteenth-century Middle English dream vision poem *Pearl*. Situating the study in the contexts of medieval literary criticism and contemporary genre theory, Beal argues that the poet intended *Pearl* to be read at four levels of meaning and in four

corresponding genres literally an elegy spiritually an allegory morally a consolation and anagogically a revelation The book addresses cruxes and scholarly debates about the poem's genre and meaning including key questions that have been unresolved in Pearl studies for over a century What is the nature of the relationship between the Dreamer and the Maiden What is the significance of allusions to Ovidian love stories and the use of liturgical time in the poem How does avian symbolism like that of the central symbol of the pearl develop transform and add meaning throughout the dream vision What is the nature of God portrayed in the poem and how does the portrayal of the Maiden's intimate relationship to God her spiritual marriage to the Lamb connect to the poet's purpose in writing Noting that the poem is open to many interpretations Beal also considers folktale genre patterns in Pearl including those drawn from parable fable and fairy tale The conclusion considers Pearl in the light of modern psychological theories of grieving and trauma This book makes a compelling case for re-reading Pearl and recognizing the poem's signifying power Given the ongoing possibility of new interpretations it will appeal to those who specialize in Pearl as well as scholars of Middle English Medieval Literature Genre Theory and Literature and Religion

JEGP, Journal of English and Germanic Philology Gustaf E. Karsten,2004 **'God Wants It!'** Lena Roos,2006

Examines three Jewish chronicles of the First Crusade the Chronicle of Solomon ben Simson the Chronicle of Eliezer ben R Nathan and the Anonymous Chronicle of Mainz with the goal to analyze the ideology of martyrdom found in them and to trace its background Notes the characteristic motifs in these chronicles joy of martyrdom heavenly reward to the martyrs martyrdom as a decree of God death of martyrs as a promise of the Messianic redemption and the most unusual for the Jewish literature motif active martyrdom The communities suffered a disaster that surpassed all the previous outbursts of anti Jewish violence in the region and they wanted to come to terms with it and to infuse it with a meaning Concludes that although some Biblical and midrashic motifs can be found in the chronicles the ideology of martyrdom in them share many of its characteristics with the Christian contemporary counterparts This fact may be attributed either to Christian influence or to a common contemporary European discourse of martyrdom Notes that medieval Ashkenazic Jews were part of their non Jewish surroundings in a greater degree than it has been supposed
