function within their specific culture and circumstances to confront the challenges they encounter In spite of fragmentation in their lives much like quiltmakers they piece together the scraps of their existence to form an integrated and complete whole With its focus on power fragmentation and metaphor and a strong interdisciplinary approach this book offers a unique perspective to scholars teachers and students of comparative literature contemporary world literature colonial and postcolonial literature women s studies interdisciplinary studies and literature and cultural studies Sor Juana Ines de la Cruz Theresa A. Yugar,2014-10-22 In *Sor Juana Ines de la Cruz Feminist Reconstruction of Biography and Text* Yugar invites you to accompany Sor Juana Ines de la Cruz a seventeenth century protofeminist and ecofeminist on her lifelong journey within three communities of women in the Americas Sor Juana s goal was to reconcile inequalities between men and women in central Mexico and between the Spaniards and the indigenous Nahua population of New Spain Yugar reconstructs a her story narrative through analysis of two primary texts Sor Juana wrote en sus propias palabras in her own words *El Sueno* The Dream and *La Respuesta* The Answer Yugar creates a historically based narrative in which Sor Juana s sueno of a more just world becomes a living nightmare haunted by misogyny in the form of the church the Spanish Tribunal Jesuits and more all seeking her destruction In the process Sor Juana hoists them with their own petard In seventeenth century colonial Mexico just as her Latina sisters in the Americas are doing today Sor Juana used her pluma pen to create counternarratives in which the wisdom of women and the Nahua inform her sueno of a more just world for all **The Spanish Golden Age Sonnet** John Rutherford,2016-07-20 the first time that these sonnets have been brought together in one book translations that are not just accurate guides to the meaning of the originals but also enjoyable sonnets in their own right Offers detailed and incisive critical commentary on each of the poems a complete and readable introduction Autobiographical Writing by Early Modern Hispanic Women Elizabeth Teresa Howe,2016-04-08 Women s life writing in general has too often been ignored dismissed or relegated to a separate category in those few studies of the genre that include it The present work addresses these issues and offers a countervailing argument that focuses on the contributions of women writers to the study of autobiography in Spanish during the early modern period There are indeed examples of autobiographical writing by women in Spain and its New World empire evident as early as the fourteenth century *Memorias* penned by Do a Leonor Lopez de Cordoba and continuing through the seventeenth century *Cartas* of Sor Juana Ines de la Cruz What sets these accounts apart the author shows are the variety of forms adopted by each woman to tell her life and the circumstances in which she adapts her narrative to satisfy the presence of male critics whether ecclesiastic or political actual or imagined who would dismiss or even alter her life story Analyzing how each of these women viewed her life and conversely how their contemporaries both male and female received and sometimes edited her account Howe reveals the tension in the texts between telling a life and telling a lie *Neobaroque in the Americas* Monika Kaup,2012-11-07 In a comparative and interdisciplinary analysis of modern and postmodern literature film art and visual culture Monika Kaup examines the

twentieth century's recovery of the baroque within a hemispheric framework embracing North America, Latin America and the U.S. Latino a culture. As neobaroque comes to the forefront of New World studies, attention to transcultural dynamics is overturning the traditional scholarship that confined the baroque to a specific period, class and ideology in the seventeenth century. Reflecting on the rich nonlinear genealogy of baroque expression, Neobaroque in the Americas envisions the baroque as an anti-proprietary expression that brings together seemingly disparate writers and artists and contributes to the new studies in global modernity.

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work. Although there has been extensive research on women in history by region, no text or reference work has comprehensively covered the role women have played throughout world history. The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe. Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region. They have found and demonstrated that there is virtually no historical, social or demographic change in which women have not been involved and by which their lives have not been affected. The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical, social and demographic changes. The Encyclopedia contains over 1,250 signed articles arranged in an A-Z format for ease of use. The entries cover six main areas: biographies, geography and history, comparative culture and society, including adoption, abortion, performing arts, organizations and movements such as the Egyptian Uprising and the Paris Commune, women's and gender studies and topics in world history that include slave trade, globalization and disease. With its rich and insightful entries by leading scholars and experts, this reference work is sure to be a valued go-to resource for scholars, college and high school students and general readers alike.
