**Judaism's Challenge** Alon Goshen-Gottstein, 2020-11-10 One cannot think of Judaism without taking some stance relating to Israel's special status its election The present collection highlights the challenges that Judaism faces as it continues to uphold a sense of chosenness and as it seeks to engage the world beyond its nations as well as religions The challenge is captured by the dual implication of election divine love on the one hand and enmity with others on the other Israel's election mission and vocation are played out within this tension of love grounded in God and extending to humanity and the opposite of love as this finds expression in Israel's relations with others Israel must work out the purpose of its election and its realization in history in the tension between these two extremes This challenge takes on great urgency in the context of advances in interfaith relations These lead us to reflect on the meaning of Israel's election as part of developing a contemporary Jewish theology of world religions

*A New Hasidism* Arthur Green, Ariel Evan Mayse, 2019-01-01 You are invited to enter the new old pathway of Neo Hasidism a movement that uplifts key elements of Hasidism's Jewish revival of two centuries ago to reexamine the meaning of existence see everything anew and bring the world as it is and as it can be closer together This volume brings this discussion into the twenty first century highlighting Neo Hasidic approaches to key issues of our time Eighteen contributions by leading Neo Hasidic thinkers open with the credos of Zalman Schachter Shalomi and Arthur Green Or Rose wrestles with reinterpreting the rebbe's harsh teachings concerning non Jews Ebn Leader assesses the perils of trusting one's whole being to a single personality can Neo Hasidism endure as a living tradition without a rebbe Shaul Magid candidly calibrates Shlomo Carlebach how the singing rabbi transformed him and why Magid eventually walked away Other contributors engage questions such as How might women enter this hitherto gendered sphere created by and for men How can we honor and draw nourishment from other religions' teachings Can the rebbe's radiant wisdom guide those who struggle with self-diminishment to reclaim wholeness Together these intellectually honest and spiritually robust conversations inspire us to grapple anew with Judaism's legacy and future

**Open Wounds** David Patterson, 2012-03-15 In this book David Patterson sets out to describe why Jews must live but especially think in a way that is distinctly Jewish For Patterson the primary responsibility of post-Holocaust Jewish thought is to avoid thinking in the same categories that led to the attempted extermination of the Jewish people The Nazis he says were not anti-Semitic because they were racists they were racists because they were anti-Semitic and their anti-Semitism was furthered by a Western ontological tradition that made God irrelevant by placing the thinking ego at the center of being If the Jewish people in their particularity are chosen to attest to the universal chosenness of every human being then each human being is singled out to assume an absolute responsibility to and for all human beings And that Patterson says is why the anti-Semite hates the Jew because the very presence of the Jew robs him of his ego and serves as a constant reminder that we are all forever in debt and that redemption is always yet to be Thus the Nazis before they killed Jewish bodies were compelled to murder Jewish souls through the degradations of the Shoah But why is the need for a revitalized Jewish thought so urgent

today It is not only because modern Jewish thought hoping to accommodate itself to rational idealism is thereby obliged to put itself in league with postmodernists who preach tolerance for everything except biblically based religion beginning with Judaism and who effectively call on Jews as fellow citizens of the global village to disappear It is also because without the Jewish reality of Jerusalem there is only the Jewish abstraction of Auschwitz for in Auschwitz the Jews were murdered not as husbands and wives parents and children but as efficiently numbered units If the Jews Patterson claims are not a people set apart by a Voice that is other than human then the Holocaust can never be understood as evil rather than simply immoral With Open Wounds Patterson aims to make possible a religious response to the Holocaust Post Holocaust Jewish thinking confronting the work of healing the world of tikkun haolam must recover not just Jewish tradition but also the category of the holy in human beings thinking about humanity
