Territory And State Power In Latin America The Peruvian Case:

Territory and State Power in Latin America David Slater, 1989-06-18 An examination of the central spatial tendencies of capitalist development and state society relations in Peru for the 1914-84 period Although the study focuses on the Peruvian experience this book also considers the effects of the changing internationalization of capital *A Political Geography of Latin America* Jonathan R. Barton, 2002-11-01 The nation states and peoples of South and Central America Cuba Haiti and the Dominican Republic that together form the political geographical region of Latin America encompass a wide range of societies politics and economies This text exposes the differences between places regions and countries individuals and societies offering an invaluable insight into the themes of political and economic development and provides a guide to understanding power and space relations From the Antarctic to the tropical jungles the coastal communities to the highland villages the mega cities to isolated rural existence the political geographies of lives localities cities and rurality are too sophisticated to be subjected to generalizations Adopting a critical human geography perspective Jonathon Barton provides an understanding of similarities difference and sophisticated human geographies The State and Capital Accumulation in Latin America Christian Anglade, Carlos Fortin, 2016-07-27 This is the second and final volume of a collection of studies on the role of the state in capital accumulation in Latin America Volume One included a general historical and conceptual introduction and case studies of Brazil Chile and Mexico The present volume covers the remaining countries of South America with the exception of Paraguay Together the ten countries examined in the two volumes represent 89% of the Latin American population and 94% of the continent's GDP The New Politics of Inequality in Latin America Douglas A. Chalmers, 1997-01-30 Against a broader backdrop of globalization and worldwide moves toward political democracy The New Politics of Inequality in Latin America examines the unfolding relationships among social change equity and the democratic representation of the poor in Latin America Recent Latin American governments have turned away from redistributive policies at the same time popular political and social organizations have been generally weakened inequality has increased and the gap between rich and poor has grown Hanging in the balance is the consolidation and the quality of new or would be democracies this volume suggests that governments must find not just short term programmes to alleviate poverty but long term means to ensure the effective integration of the poor into political life The New Politics of Inequality in Latin America bridges the intellectual chasm between on the one hand studies of grassroots politics and on the other explorations of elite politics and formal institution building It will be of interest to students and scholars of contemporary Latin American politics and society and more generally in the vicissitudes of democracy and citizenship in the late twentieth century global system

The State, Industrial Relations and the Labour Movement in Latin America Jean Carriere, Nigel

Haworth, Jacqueline Roddick, 1989-06-18 An examination of the role of the Latin American State in the day to day practice of collective bargaining and the conflicts surrounding it It also provides a study of the social and political role of labour and the

impact of today's economic crisis on existing patterns of organization

The Internationalization of Communal Strife

(Routledge Revivals) Manus I. Midlarsky, 2014-06-03 First published in 1992 this edited collection argues that conflicts have a growing tendency both to intensify and to lengthen thus increasing the likelihood of external actors being drawn into the on going violence Here leading experts in comparative and international politics examine this tendency of communal conflicts to spill over into the international arena They also look at the conditions under which these processes do not occur and are mediated successfully The authors combine theoretical perspectives with case studies covering examples from the origins of the First World War to state building in Iraq and whether it was a precursor of the Iran Iraq War and the Gulf Crisis They present both a global overview and a focus on the state as the single most important intermediary in the internationalization process A comprehensive and relevant reissue this volume will appeal to students and scholars of International Relations Comparative Politics and Strategic Studies

Geographies of Resistance Michael Keith, Steven Pile, 2013-12-19 Until very recently questions of resistance seemed straightforward addressed in terms of an analysis of power This book demonstrates how new radical geographies of resistance emerge develop and operate Radical cultural politics exemplified by the black feminist and gay liberation has developed struggles to turn sites of oppression and discrimination into spaces of resistance Post colonial and queer theory have opened up new political spaces Whether resistance is an act of transgression crossing borders opposition such as constructing barricades or everyday endurance staying in place these are geographies where space is constitutive of the social Leading contemporary geographers draw on material from around the world including Israel Nepal Canada Philippines Australia and Nigeria Recasting current themes in critical human geography politics identity and place the contributors introduce unexplored notions of resistance offering exciting insights for those exploring social cultural urban political and development issues in different worlds of change

The Political Economy of Development Berch Berberoglu, 1992-01-01 This book focuses on the role of the state in economic development in a variety of Third World settings through an in depth analysis of the past several decades Berberoglu examines three major alternative development theories developmentalism dependency and neo Marxist He then critically analyzes these theories and their variants to set the stage for a detailed examination of various development paths Two paths of capitalist development are contrasted the export oriented neo colonial model and the import substituting state capitalist model The role of the state in each of these alternatives is discussed in the context of the balance of class forces Berberoglu also provides case studies of Turkey Tanzania Peru and India countries in which the state played a significant role in the development process In each case he demonstrates that the process of state capitalist development inevitably leads to neo colonialism This export oriented path ties Third World countries to centers of world capitalism with all the consequent contradictions that such a linkage entails The book outlines the class nature of these contradictions on a global scale and maps out the balance of class forces and struggles the role of the state and the resultant revolutionary developments that are

part of the process of social change and transformation now under way in many Third World countries Also included is an appendix highlighting the need for a class centered approach in development studies **Warriors and Scribes** James Dunkerley, 2000 Anglo America has possessed neither a uniform imperialist vocation nor the consistent capacity to impose it

Unsettling Settler Societies Daiva Stasiulis, Nira Yuval-Davis, 1995-08-11 Settler societies are those in which Europeans have settled and become politically dominant over indigenous people and where a heterogeneous society has developed in class ethnic and racial terms They offer a unique prism for understanding the complex relations of gender race ethnicity and class in contemporary societies *Unsettling Settler Societies* brings together a distinguished cast of contributors to explore these relations in both material and discursive terms They look at the relation between indigenous and settler immigrant populations focusing in particular on women's conditions and politics The book examines how the process of development of settler societies and the positions of indigenous and **Cultures Of Politics/politics Of Cultures** Sonia E Alvarez, Evelyn Dagnino, Arturo Escobar, 2018-10-08 This book argues the relationship between culture and politics can be productively explored by delving into the nature of the cultural politics enacted by Latin American social movements and by examining the potential of this cultural politics for fostering social change **The Political Ecology of the State** Antonio Augusto Rossotto Ioris, 2014-03-26 The contemporary state is not only the main force behind environmental change but the reactions to environmental problems have played a crucial role in the modernisation of the state apparatus especially because of its mediatory role *The Political Ecology of the State* is the first book to critically assess the philosophical basis of environmental statehood and regulation addressing the emergence and evolution of environmental regulation from the early twentieth century to the more recent phase of ecological modernisation and the neoliberalisation of nature The state is understood as the result of permanent socionatural interactions and multiple forms of contestation from a critical politico ecological approach This book examines the tension between pro and anti commons tendencies that have permeated the organisation and failures of the environmental responses put forward by the state It provides a reinterpretation of the achievements and failures of mainstream environmental policies and regulation and offers a review of the main philosophical influences behind different periods of environmental statehood and regulation It sets out an agenda for going beyond conventional state regulation and grassroots dealings with the state and as such redefines the environmental apparatus of the state

Geopolitics and the Post-Colonial David Slater, 2008-04-15 With a critical focus on US Latin American encounters the book analyses geopolitical issues from a post colonial perspective A novel approach to understanding US Third World relations Critically considers the genesis of US power Interweaves ideas and events interventions and representations Highlights the contribution of Third World intellectuals **Remaking the Nation** Sarah Radcliffe, Dr Sallie Westwood, Sallie Westwood, 2005-08-12 *Remaking the Nation* presents new ways of thinking about the nation nationalism and national identities Drawing links between popular culture and indigenous movements issues of race and gender and ideologies of

national identity the authors draw on their work in Latin America to illustrate their retheorisation of the politics of nationalism This engaging exploration of contemporary politics in a postmodern post new world order uncovers a map of future political organisation a world of pluri nations and ethnicised identities in the ever changing struggle for democracy

Foreign Debt and Underdevelopment Jon V. Kofas,1996 This book is a study of the historical antecedents of Latin America s foreign debt with a focus on Peru from 1930 to 1970 Written from the dependency theory perspective the book attributes underdevelopment to chronic debt crises It emphasizes the multilateral lending agencies role in shaping Latin America s contemporary political economy in cooperation with the U S government and multinational corporations and Latin America s local elites This book presents a chapter in Peru s contemporary history targeted for students and scholars of Latin American studies U S diplomatic history international political economy political science and sociology of development Contents Preface Introduction Hemispheric Economic Integration and U S Foreign Policy From the Good Neighbor Policy to the Alliance for Progress Peru and Hemispheric Integration From the Good Neighbor Policy to the Cold War U S Peru Financial Relations during the Odria Regime Bankruptcy of Reformism U S Peru Financial Relations from Prado s Election to the Coup d Etat of 1968 Conclusion Notes Bibliography Index [The Making of Citizens](#) Bryan Roberts,2020-11-25 Originally published as *Cities of Peasants* this highly acclaimed account of the expansion of capitalism in the developing world has now been extensively rewritten and updated Focusing on Latin America Bryan Roberts traces the evolution of developing societies and their economies to the present Taking account of the move towards more open economies a shrinking of the state and various transitions towards democracies he shows how urban growth has produced new patterns of social stratification creating opportunities for social mobility but doing little to decrease income inequality or political and social pressures Underlying social changes have broadened the practice of citizenship in developing countries limiting authoritarian rule but within a context of entrenched social inequalities and persisting political instability This book conveys both the flavour of life in the cities of the third world and the immediacy of their problems **Globalization** Eleonore Kofman,Gillian Youngs,1996-01-01 Globalization and the related issues of power and identity are central concerns in international studies whether viewed from a political economic spatial or human perspective The fully updated second edition of this major collection brings together a multi disciplinary group of international scholars to interrogate globalization in theory and practice Gender identity citizenship migration issues related to the state and economic and technological change are analyzed in depth Several of the authors have revised their chapters from the earlier edition and others have provided completely new contributions in key areas such as the internet social movements environmental security and world cities Two new introductory chapters written by the editors outline the theory and practice of international relations and political geography at the dawn of the twenty first century Several further chapters highlight different aspects of inequality which have become central to the globalization debate Book jacket **South America, Central America and the Caribbean**

2002 Jacqueline West, 2001 South America Central America and the Caribbean 2002 has been thoroughly revised and updated by Europa's experienced editorial team.
