Terrorism Organized Crime Social Distr:

Global Organized Crime Mitchel P. Roth, 2010-05-05 This book offers a comprehensive multidimensional look into the major activities groups causes and policing strategies related to global organized crime Global Organized Crime A Reference Handbook examines global organized crime dating back to its 17th century roots Unlike most works on the subject which take a parochial approach by concentrating on individual countries or regions this book uniquely details the impact of 21st century globalization on such groups and their activities Exploring the continuum of international organized crime and related developments from its early beginnings to the present era the book also looks at the complicated issues that continue to influence its growth It covers the impact of the end of the Cold War immigration the global drug trade weapons sales human smuggling and trafficking the convergence of funding sources and the effects of technology What especially distinguishes this book is the connections it makes between organized crime activities and failed states civil wars political transitions regional conflicts and terrorist groups

The Other Side of Resilience to Terrorism Barbara Lucini, 2017-10-02 This timely treatise introduces an innovative prevention preparedness model for cities to address and counter terrorist threats and events It offers theoretical background mixed method research and tools for creating a resilience based response to terrorism as opposed to the security based frameworks commonly in use worldwide The extended example of Milan as a resilient healthy city pinpoints sociological political and economic factors that contribute to terror risk and outlines how law enforcement and emergency management professionals can adopt more proactive measures From these observations and findings the author also makes recommendations for the professional training and city planning sectors to address preparedness issues and for community inclusion programs to deter criminal activities in at risk youth Features of the coverage Summary of sociological theories of terrorism The Resilience D model for assessing and managing urban terrorist activity Findings on resilience and vulnerabilities of terror groups Photo illustrated analysis of neighborhoods in Milan describing areas of risk and resilience Virtual ethnography with perspectives from native residents recent immigrants and security experts Proposals for coordinated communications between resource agencies The Other Side of Resilience to Terrorism will hold considerable interest for students stakeholders practitioners and researchers It makes a worthwhile text for various academic disciplines e g urban sociology crisis management as well as for public agencies and policymakers

Cases on Technologies for Teaching Criminology and Victimology: Methodologies and Practices Sette, Raffaella, 2009-09-30 Presents state of the art research and teaching into the study of corruption and those affected by it Analyzes the benefits and disadvantages of various teaching methodologies in universities police academies and crime victim services *The International Conference Education and Creativity for a Knowledge based Society – Social and Political Sciences, Communication, Foreign Languages and Public Relations, 2012* , **Drugs in American Society** Nancy E. Marion, Willard M. Oliver, 2014-12-16 Containing more than 450 entries this easy to read encyclopedia provides concise

information about the history of and recent trends in drug use and drug abuse in the United States a societal problem with an estimated cost of 559 billion a year Despite decades of effort and billions of dollars spent to combat the problem illicit drug use in the United States is still rampant and shows no sign of abating Covering illegal drugs ranging from marijuana and LSD to cocaine and crystal meth this authoritative reference work examines patterns of drug use in American history as well as drug control and interdiction efforts from the nineteenth century to the present This encyclopedia provides a multidisciplinary perspective on the various aspects of the American drug problem including the drugs themselves the actions taken in attempts to curb or stop the drug trade the efforts at intervention and treatment of those individuals affected by drug use and the cultural and economic effects of drug use in the United States More than 450 entries descriptively analyze and summarize key terms trends concepts and people that are vital to the study of drugs and drug abuse providing readers of all ages and backgrounds with invaluable information on domestic and international drug trafficking and use The set provides special coverage of shifting societal and legislative perspectives on marijuana as evidenced by Colorado and Washington legalizing marijuana with the 2012 elections

Criminals and Terrorists in Partnership Helena

Carrapico,Daniela Irrera,Bill Tupman,2017-10-02 The nexus between terrorism and organised crime consists of a strategic alliance between two non state actors who are able to exploit illegal markets threaten the security of individuals and influence policy making on a global level Recent Europol reports have pointed towards the importance of studying the links between organised crime and terrorist groups and have underlined that the nature and extent of these connections have seldom been addressed from an academic perspective Considering the danger that both organised crime and terrorism currently pose to the world the collusion between these two phenomena is of urgent contemporary interest Basing itself on geographical case studies this book contributes to the existing literature in three ways by enriching the empirical knowledge on the nature of the crime terror nexus and its evolution by exploring the impact of the nexus within different economic political and societal contexts and by expanding on its theoretical conceptualization This book was originally published as a special issue of Global Crime

Terrorism and Political Violence in West Africa: a Global Perspective Adebayo E.

Adeyemi,Mahmoud N. Musa,2015-07-30 While it could be arguably stated that West Africa has achieved remarkable and sustainable progress in the areas of democratic governance and economic growth the sub region over the past few years has been challenged by terrorism and other transnational security threats Innocent civilians are continuously killed security operatives and providers of humanitarian assistance targeted properties and infrastructure wantonly destroyed thus culminating in significant displacement of people and acute poverty If these developments are not carefully and timeously addressed they are capable of eroding progress so far recorded It is against this background that this Thesis undertakes a study of the different manifestations of terrorism and related transnational security challenges in West Africa to explore the internal and external sources and drivers of instability establish the linkages between terrorism and transnational threats

examine the various steps taken in recent time to strengthen the sub regions capacity to prevent and address the menace of terrorism and other security challenges and make necessary policy recommendations based on comprehensive best practices

Assessing Terrorism in the Caucasus and the Threat to the Homeland United States. Congress. House. Committee on Homeland Security. Subcommittee on Counterterrorism and Intelligence,2014

Film Piracy, Organized Crime, and Terrorism Gregory F. Treverton,2009 A study of the involvement of organized crime and terrorist groups in product counterfeiting Case studies of film piracy illustrate the problem of criminal and perhaps terrorist groups using this new high payoff low risk way to fund their activities Cooperation among law enforcement and governments worldwide is needed to combat intellectual property theft which threatens the global information economy public safety and national security

Handbook of Terrorist and Insurgent Groups Scott N. Romaniuk,Animesh Roul,Pamela Fabe,János Besenyő,2024-10-24
Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive outlook on the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions

Neighborhood Challenge Birgül Demirtas-Coskun,2009 One of the intriguing questions of the post Cold War era has been whether the EU will play a major global role in world politics as non traditional threats and challenges came to the forefront Launching new policies such as the Common Foreign and Security Policy the European Security and Defence Policy and the European Neighborhood Policy ENP have been considered important steps in the EU s evolution as a regional and possibly global actor Neighborhood Challenge analyzes critical aspects of the European Union s relations with its neighbours by extending its analysis beyond the ENP Unlike existing books on the subject the volume covers the entire neighborhood from Russia Ukraine and Belarus to North Africa from the Western Balkans to the South Caucasus and Central Asia Such an extensive overview of EU policies toward its neighbors is a timely and valuable contribution to European Studies literature This book can be used as a tool for both academicians and practitioners who specialize in European foreign

and security policy as a textbook in European Union foreign policy courses both at the undergraduate and graduate level and as a comprehensive reference book for postgraduate students writing dissertations on European foreign and security policy in general and European Neighborhood Policy in particular The contributions analyze challenges and prospects posed by countries neighboring the EU and the effectiveness of EU policy in dealing with these agendas Region focused chapters examine the EU's politics toward the Western Balkans Middle East CIS and the Black Sea country focused chapters explore aspects of Russia Ukraine Uzbekistan Iran Bosnia Kosovo and thematically focused chapters deal with energy security organized crime and other issues Neighborhood Challenge is intended to contribute to the existing literature on EU foreign and security policy in two ways First its material is not restricted to the ENP Instead it addresses all EU neighbors in a large region and their position in European security The authors argue that not only the countries in the immediate neighborhood of the EU but also those located in relatively far away regions have a role to play in European Union foreign affairs Secondly many of the contributions were written by experts living in countries which neighbor the EU Their contributions lend new ideas and insight to the relevant literature on EU security and foreign policy

Organized Crime Antonio Nicaso, Marcel Danesi, 2025-08-14 This book aims to describe and demystify what makes organized criminal groups so culturally powerful It examines their codes of conduct initiation rites secret communication methods origin myths symbols and lifestyles that imbue them with the pride and nonchalance that go hand in hand with their criminal activities Mobsters are everywhere in the movies on television on websites and now in the Metaverse Contemporary societies across the globe are fascinated by them Why is this so What features and constituents of organized criminal gangs make them so emotionally powerful to themselves and others These are the questions that have guided the writing of the second edition of this textbook which is intended as an introduction to organized crime from the angle of cultural analysis Key topics included in this new edition An historic overview of organized crime including the social economic and cultural conditions that favor its development A description and character analysis of the type of people who make up organized criminal groups and the activities in which they engage The symbols rituals codes and languages that characterize criminal institutions The relationship between traditional organized crime cybercrime and evolving forms of crime on the Dark Web and in the Metaverse The traditional and changing roles of women in organized crime The transnational operations of criminal groups Media portrayals of organized crime Policing responses to organized crime The use of technologies by the organized criminal groups This new edition includes case studies and offers an accessible interdisciplinary approach to the subject of organized crime It is essential reading for students engaged with organized crime across criminology sociology anthropology and psychology

Organized Crime and Terrorist Networks Vincenzo Ruggiero, 2019-08-16 This collection explores organized crime and terror networks and the points at which they intersect It analyses the close relationships between these criminalities the prevalence and ambiguity of this nexus the technological elements facilitating it and the financial aspects embedded in this criminal partnership

Organized Crime and Terrorist Networks is the outcome of empirical research seminars workshops and interviews carried out by a multinational consortium of researchers within TAKEDOWN a Horizon 2020 project funded by the European Commission The consortium s objective was to examine the perspectives requirements and misgivings of front line practitioners operating in the areas of organized crime and terrorism The chapters collected in this volume are the outcome of such analytical efforts The topics addressed include the role of Information and Communication Technology in contemporary criminal organizations terrorism financing online transnational criminality identity crime the crime terror nexus and tackling the nexus at supranational level This book offers a compelling contribution to scholarship on organized crime and terrorism and considers possible directions for future research It will be of much interest to students and researchers engaged in studies of criminology criminal justice crime control and prevention organized crime terrorism political violence and cybercrime

Global Policing Ben Bowling,James Sheptycki,2011-12-16 In the transitional networked society police power is no longer constrained by the borders of the nation state It has globalised Global Policing shows how security threats have been constructed by powerful actors to justify the creation of a new global policing architecture and how the subculture of policing shapes the world system Demonstrating how a theory of global policing is central to understanding global governance the text explores the new security agenda focused on serious organised crime and terrorism and how this is transforming policing the creation of global organisations such as Interpol regional entities such as Europol and national policing agencies with a transnational reach the subculture of the global cops blurring boundaries between police private security military and secret intelligence agencies the reality of transnational policing on the ground its effectiveness legitimacy accountability and future development Written by two leading international experts who bring cutting edge theoretical debates to life with case studies and examples Global Policing will prove captivating reading for students and scholars in criminology criminal justice international relations law and sociology

Stakeholders of Terrorism and the Caribbean Emanuel Quashie,2023-08-30 The book ambitiously seeks to shape our understanding of terrorism by offering a more systematic interpretation of terrorism activism through the Stakeholders of Terrorism concept The author presents an original assessment of terrorism broadly and specifically within the context of the Caribbean through the Stakeholders of Terrorism concept with a view to help the region enhance its counterterrorism policies nationally regionally that recognises the complex inherent duality In doing so the author first borrows from and adds to the prevailing literature as it relates to the various explanatory frameworks psychology religion strategy culture civilization context politics and economic dimensions and the specific stakeholders of terrorism U S mainstream media ISIS and Individual actors lone wolf The Stakeholders of Terrorism concept argues more broadly the existence of an inherent duality a multiplicity of intangible and tangible negatives and positives that are simultaneously present in most situations concerning terrorism activism

Threat Posed by the Convergence of Organized Crime, Drug Trafficking, and Terrorism United States. Congress.

House. Committee on the Judiciary. Subcommittee on Crime, 2000

Counterterrorism Benoît Gomis, 2015-07-17

Counterterrorism Reassessing the Policy Response promotes a more nuanced understanding of the effectiveness of current counterterrorism practices and the need for reform. It challenges government media and academic accounts that exaggerate terrorist threats particularly in comparison to other threats such as organized crime. Author Benoît Gomis. 21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06. Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U.S. and internationally. Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms. Though long identified as a leading sociological specialty area, criminology has emerged as a stand-alone discipline in its own right, one that continues to grow and is clearly here to stay. Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields. Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes, effects, and responses to crime. 21st Century Criminology: A Reference Handbook provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths. The individual chapters have been designed to serve as a first look reference source for most criminological inquiries. Both connected to the sociological origins of criminology, i.e., theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types, this two-volume set offers a comprehensive overview of the current state of criminology. From student term papers and masters theses to researchers commencing literature reviews, 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology. This two-volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon, detail, or density as a journal article or research handbook chapter. 100 entries or mini-chapters highlight the most important topics, issues, questions, and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century. Curricular-driven chapters provide students with initial footholds on topics of interest in researching term papers, in preparing for GREs, in consulting to determine directions to take in pursuing a senior thesis, graduate degree, career, etc. Comprehensive in coverage, major sections include The Discipline of Criminology, Correlates of Crime, Theories of Crime, Justice Measurement, Research Types of Crime, and Crime the Justice System. The contributor group is comprised of well-known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers, students, and general readers alike with fundamental and detailed information for each topic. Uniform chapter structure.

makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be

To Protect and To Serve David Weisburd, Thomas Feucht, Idit Hakimi, Lois Mock, Simon Perry, 2009-06-06 Since 9 11 the threat of terrorism has become a key issue in police agencies throughout the world How should the police change to counter terrorism threats What implications do such changes have for traditional responsibilities of the police like combating crime or in the resources or focus of modern police agencies To Protect and To Serve Policing in an Age of Terrorism brings together distinguished American and Israeli policing scholars who pool their knowledge and experience to shed light on what has happened to policing since the turn of the century and what trends can be expect over the next few decades To Protect and To Serve begins by asking what terrorism is and what forms it takes and discusses how it raises new questions for democratic societies and democratic policing While many scholars and lay people take for granted the fact that the police should play a central role in the fight against terrorism the volume also examines critically the rationale for the police role Accordingly a chapter also examines the role that the police should play in the complex task of preventing and responding to terror and responding to the outcomes of terror Another chapter begins with a description of the specific strategies and tactics that police agencies have developed to deal with terrorism and the outcomes of terrorism and assesses what works both in preventing terrorism and in dealing with its consequences A critical issue that has received comparatively little attention is addressed in another chapter which examines how police agencies responded organizationally to the added responsibilities of fighting terrorism Finally the book also examines the impact of fighting terrorism on minority and majority communities and the questions of legitimacy that are raised by new roles that police take on

Intelligence-Led Policing Jerry H. Ratcliffe, 2016-04-14 What is intelligence led policing Who came up with the idea Where did it come from How does it relate to other policing paradigms What distinguishes an intelligence led approach to crime reduction How is it designed to have an impact on crime Does it prevent crime These are just a few of the questions that this book seeks to answer This revised and updated second edition includes new case studies and viewpoints a revised crime funnel based on new data and a new chapter examining the expanding role of technology and big data in intelligence led policing Most importantly the author builds upon an updated definition of intelligence led policing as it has evolved into a framework capable of encompassing more operational police activity than simply organized crime and recidivist offenders Topics covered in this book include The origins and aims of intelligence led policing A comparison of intelligence led policing with other conceptual models of policing An exploration of analysis concepts and the role of analysis in target selection Evaluations of intelligence led policing as a crime control strategy Written by an expert in the field this book offers a comprehensive and engaging introduction to intelligence led policing for students practitioners and scholars of policing criminal intelligence and crime analysis This book

will be of particular interest to professionals within the law enforcement environment senior officers middle management analysts and operational staff A companion website offers a range of resources for students and instructors including slides chapter headings with supporting notes key terms and names critical thinking questions and quizzes
