Genealogies of Terrorism Verena Erlenbusch-Anderson, 2018-07-31 What is terrorism What ought we to do about it And why is it wrong We think we have clear answers to these questions But acts of violence like U S drone strikes that indiscriminately kill civilians and mass shootings that become terrorist attacks when suspects are identified as Muslim suggest that definitions of terrorism are always contested In Genealogies of Terrorism Verena Erlenbusch Anderson rejects attempts to define what terrorism is in favor of a historico philosophical investigation into the conditions under which uses of this contested term become meaningful The result is a powerful critique of the power relations that shape how we understand and theorize political violence Tracing discourses and practices of terrorism from the French Revolution to late imperial Russia colonized Algeria and the post 9 11

United States Erlenbusch Anderson examines what we do when we name something terrorism She offers an important corrective to attempts to develop universal definitions that assure semantic consistency and provide normative certainty showing that terrorism means many different things and serves a wide range of political purposes In the tradition of Michel Foucault s genealogies Erlenbusch Anderson excavates the history of conceptual and practical uses of terrorism and maps the historically contingent political and material conditions that shape their emergence She analyzes the power relations that make different modes of understanding terrorism possible and reveals their complicity in justifying the exercise of sovereign power in the name of defending the nation class or humanity against the terrorist enemy Offering an engaged critique of terrorism and the mechanisms of social and political exclusion that it enables *Genealogies of Terrorism* is an empirically grounded and philosophically rigorous critical history with important political implications Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations for 1998 United States.
