*Terrorism in Northern Ireland* Alfred McClung Lee, 1983 Is social violence learned By whom When Is it characteristic of certain groups in certain social strata Under what conditions What are its personal and social costs What do people expect to gain from it What does it actually accomplish When the long lasting and unhealing sores that violence leaves are so counterproductive why do people resort to it rather than to more peaceful alternatives The civil conflict in Northern Ireland since 1968 presents opportunities as a locale in which to probe for more light on these significant questions The area is small The participants are highly literate and vocal

**Anti-Terrorism Law and Normalising Northern Ireland** Jessie Blackbourn, 2014-08-07 The Northern Ireland peace process has been heralded by those involved as a successful example of transformation from a violent conflict to a peaceful society This book examines the implementation of the Belfast Agreement in Northern Ireland and evaluates whether its goal to establish a normal peaceful society has been fully realised Using the political and legal status of England Scotland and Wales as a comparison Jessie Blackbourn evaluates eight aspects of Northern Ireland which the Agreement aimed to normalise the contested constitutional status of Northern Ireland the devolution of power decommissioning the removal of emergency laws demilitarisation police reform criminal justice reform and paramilitary prisoners The book highlights the historical context which gave rise to the need for a programme of normalisation within the Belfast Agreement with respect to these areas and assesses the extent to which that programme of normalisation has been successfully implemented By evaluating the implementation of the Belfast Agreement the book demonstrates the difficulties that transitional or post conflict states face in attempting to wind back extraordinary counter terrorism policies after periods of violence have been brought to an end The book will be of great use to students and researchers concerned with the emergence evolution and repeal of anti terrorism laws and anyone interested in the history of the conflict and peace process in Northern Ireland

Southern,2018-04-12 This book explores the challenges of combating terrorism from a policing perspective using the example of the Royal Ulster Constabulary GC RUC in Northern Ireland The RUC was in the frontline of counter terrorism work for thirty years of conflict during which time it also provided a normal policing service to the public However combating a protracted and vicious terrorist campaign exacted a heavy price on the force Importantly the book addresses a seriously under researched theme in terrorism studies namely the impact of terrorism on members of the security forces Accordingly the book examines how officers have been affected by the conflict as terrorists adopted a strategy which targeted them both on and off duty This resulted in a high percentage of officers being killed whilst off duty sometimes in the company of their wives and children The experience of officers wives is also documented thus highlighting the familial impact of terrorism Generally speaking the victims of terrorist attacks have received scant scholarly attention which has resulted in victims experiences being little understood This piece of work casts a specific and unique light on the nature of victimhood as it has been experienced by members of this branch of the security forces in Northern Ireland [The Literature of Terrorism](#)
