Terrorismo Global:

Jihadism, Foreign Fighters and Radicalization in the EU Inmaculada Marrero Rocha, Humberto Trujillo Mendoza, 2018-11-20 *Jihadism Foreign Fighters and Radicalization in the EU* addresses the organizational and strategic changes in terrorism in Europe as a result of urban jihadism and the influx of foreign fighters of European nationality or residence Examining the different types of responses to the treatment of radicalization and its consequences in the recruitment of young urban fighters and jihadists this book offers a framework for understanding the process of violent radicalization It critically analyses political and legal responses that have taken place within the European framework whilst also examining a series of functional responses from social and behavioural psychology This book then goes on to develop an explanatory model from an economic standpoint exploring the need to adapt the fight against the financing of terrorism to the changes in the sources of financing jihadist cells and foreign fighters Furthermore the volume draws on experience from the prison sector to assess the process of radicalization and the possibilities of intervention Taking an interdisciplinary approach this book will be of great interest to students of terrorism and counter terrorism radicalization European politics radical Islam and security studies

Prisons, Terrorism and Extremism Andrew Silke, 2014-02-18 This volume provides an overview of intervention and management strategies for dealing with terrorist and extremist offenders in prisons The management of terrorist and extremist prisoners has long been recognised as a difficult problem in prisons In most countries such offenders are relatively rare but when their numbers increase these prisoners can undermine the effectiveness and safety of the prison system At a global level there is an increasing recognition of the problem of militant jihadi extremists in prison and their ability to recruit new members among other prisoners The numbers of such prisoners are low but growing and as a result prisons are becoming centres of radicalisation indeed in some cases terrorist plots appear to have been based entirely on networks that were radicalised in prison This volume presents an expertly informed assessment of what we know about terrorists extremists and prison exploring the experience of a wide range of countries and of different political movements Drawing critical lessons from historical case studies the book examines critical issues around management strategies radicalisation and deradicalisation reform risk assessment as well as post release experiences The role that prisoners play in the conflicts beyond the jail walls is also examined with case studies illustrating how prisoners can play a critical role in bringing about a peace process or alternatively in sustaining or even escalating campaigns of violence Written by leading experts in the field this volume will be of much interest to students of terrorism counter terrorism criminology security studies and IR in general

Pellegrini, Jesús Alberto Navas Sierra, Beatriz Eugenia Campillo Vélez, René Alonso Guerra Molina, Reynell Badillo Sarmiento, Javier Ernesto Ramírez Bullón, Eduardo J. Vior, César Niño, Alejandra del Rosario Guardiola, 2021-07-16 Las consecuencias del coronavirus son de distinto orden En este libro se consideran algunas de las que afectan el orden mundial el cual tendrá diversos impactos en la pospandemia La pandemia de covid 19 no ha sido la primera ni tampoco ser la última en

un mundo en el que la humanidad no ha sabido guardar la debida relación con la naturaleza y con el planeta. Se ha reaccionado con interpretaciones variadas sobre el coronavirus algunas racionales y otras disparatadas que incorporan teorías lineales y hasta conspirativas. Hay visiones que invitan a pensar en el futuro en derivas autoritarias innecesarias frente a las del respeto de las libertades individuales democráticas en un clima de generalización de sistemas de vigilancia y de tecnologías digitales de control lideradas por China pero utilizadas también por algunos Gobiernos en Occidente. El comportamiento chino se ofrece como modelo para el mundo lo cual plantea disyuntivas para países latinoamericanos de alineamientos diferentes frente al nuevo poder y el alineamiento tradicional con Estados Unidos. Este entorno ofrece la posibilidad de pensar en un régimen político mundial fundamentado en experiencias maquiavelianas pero sin descuidar el trasfondo político de un terrorismo siempre activo y vigente y de los fuertes cambios en el entorno geoeconómico con el acortamiento de las cadenas globales de valor en su espacialidad transcontinental.

Governing Youth Politics in the Age of Surveillance Maria Grasso, Judith Bessant, 2018-02-06 Drawing on case studies from around the world contributors to this ground breaking book explore a major contemporary paradox on the one hand young people today are at the forefront of political campaigns promoting social rights and ethical ideas that challenge authoritarian orders and elite privileges. On the other hand too many governments some claiming to be committed to liberal democratic values social inclusion and youth participation are engaged in repressing political activities that contest the status quo. Contributors to this book explore how especially since 9 11 governments state agencies and other traditional power holders around the globe have reacted to political dissent authored by young people. While the need to enhance youth political participation is promoted the cases in this book document how states are using everything from surveillance summary offences expulsion from universities gag laws and antiterrorism legislation and even imprisonment to repress certain forms of young people's political activism. These responses diminish the public sphere and create civic spaces hostile to political participation by any citizen. This book forms part of The Criminalization of Political Dissent series. It documents and interprets the many ways contemporary governments and agencies now routinely use various techniques to repress and criminalise political dissent.
