years of age who came seeking fortunes in this new and promising land Many were ambitious for political distinction and regarded California as a promising field for political enterprise Of the latter class the southern states furnished the larger proportion and they came fully impressed with the belief that they were the superiors of the northern men in the qualities of gentlemen born to rule and therefore the party leaders and directors of political affairs were to be found mainly in the ranks of these southern gentlemen some of whom before coming to California had held public positions of honor They believed in slavery as a beneficent institution and for the most part regarded the Code of Honor as an appropriate means for the settlement of personal grievances About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Locality of the Broderick-Terry Duel on September 13, 1859* Hermann Schussler,1916 **David S. The California Gold Rush and the Coming of the Civil War Leonard L. Richards,2008-02-12 Award winning historian Leonard L Richards gives us an authoritative and revealing portrait of an overlooked harbinger of the terrible battle that was to come When gold was discovered at Sutter s Mill in 1848 Americans of all stripes saw the potential for both wealth and power Among the more calculating were Southern slave owners By making California a slave state they could increase the value of their slaves by 50 percent at least and maybe much more They could also gain additional influence in Congress and expand Southern economic clout abetted by a new transcontinental railroad that would run through the South Yet despite

their machinations California entered the union as a free state Disillusioned Southerners would agitate for even more slave territory leading to the Kansas Nebraska Act and ultimately to the Civil War itself **Personal Reminiscences of Early Days in California, with Other Sketches** Stephen Johnson Field,1893 **The Publishers Weekly** ,1917 **History of the San Francisco Bay Region** Bailey Millard,1924 This three volume set by Bailey Millard provides a detailed account of the region s history covering various aspects from cultural events to notable figures Published in 1924 the set combines historical events with biographies of artists and writers offering a comprehensive overview of the Bay Area Millard offers insights into the region s history incorporating sections on various groups and their experiences including its early inhabitants the arrival of Europeans and the development of San Francisco The set features both illustrations and photographs
