through the everyday life of colonial subjects Jenny Shaw examines how marginalized colonial subjects Irish and Africans contributed to these processes By emphasizing their everyday experiences Shaw makes clear that each group persisted in its own cultural practices Irish and Africans also worked within and challenged the limits of the colonial regime Shaw's research demonstrates the extent to which hierarchies were in flux in the early modern Caribbean allowing even an outcast servant to rise to the position of island planter and underscores the fallacy that racial categories of black and white were the sole arbiters of difference in the early English Caribbean The everyday lives of Irish and Africans are obscured by sources constructed by elites Through her research Jenny Shaw overcomes the constraints such sources impose by pushing methodological boundaries to fill in the gaps silences and absences that dominate the historical record By examining legal statutes census material plantation records travel narratives depositions interrogations and official colonial correspondence as much for what they omit as for what they include Everyday Life in the Early English Caribbean uncovers perspectives that would otherwise remain obscured This book encourages readers to rethink the boundaries of historical research and writing and to think more expansively about questions of race and difference in English slave societies Irish Catholic Writers and the Invention of the American South Bryan Giemza, 2013-07-08 In this expansive study Bryan Giemza recovers a neglected subculture and retrieves a missing chapter of Irish Catholic heritage by canvassing the literature of American Irish writers from the U S South Giemza offers a defining new view of Irish American authors and their interrelationships within both transatlantic and ethnic regional contexts From the first Irish American novel published in Winchester Virginia in 1817 Giemza investigates a cast of nineteenth century writers contending with the turbulence of their time writers influenced by both American and Irish revolutions Additionally he considers dramatists and propagandists of the Civil War and Lost Cause memoirists who emerged in its wake Some familiar names reemerge in an Irish context including Joel Chandler Harris Lafcadio Hearn and Kate O Flaherty Chopin Giemza also examines the works of twentieth century southern Irish writers such as Margaret Mitchell John Kennedy Toole Flannery O Connor Pat Conroy Anne Rice Valerie Sayers and Cormac McCarthy For each author Giemza traces the influences of Catholicism as it shaped both faith and ethnic identity pointing to shared sensibilities and contradictions Flannery O Connor for example resisted identification as an Irish American while Cormac McCarthy described by some as anti Catholic continues a dialogue with the Church from which he distanced himself Giemza draws on many never before seen documents including authorized material from the correspondence of Cormac McCarthy interviews from the Irish community of Flannery O Connor's native Savannah Georgia and Giemza's own correspondence with writers such as Valerie Sayers and Anne Rice This lively literary history prompts a new understanding of how the Irish in the region helped invent a regional mythos an enduring literature and a national image Ireland, Colonialism, and the <u>Unfinished Revolution</u> Robbie McVeigh, Bill Rolston, 2023-11-14 A groundbreaking examination of the colonial legacy and future of Ireland showing how Ireland's story is linked to and informs anti imperialism around the world Colonialism is at the

heart of making sense of Irish history and contemporary politics across the island of Ireland And as Robbie McVeigh and Bill Rolston argue Ireland's experience is central to understanding the history of colonization and anti-colonial politics throughout the world Part history part analysis Ireland Colonialism and the Unfinished Revolution charts the centuries of Irish colonial history from England's proto imperial engagement with Ireland in 1155 to the Union in 1801 and the subsequent struggles for Irish independence and the legacies of partition from 1921 A century later the plate tectonics of Irishness are shifting once again The Union is in crisis and alternatives to partition are being seriously considered outside the Republican tradition for the first time in generations These significant structural changes suggest that the coming times might finally see the completion of the decolonization project the finishing of the revolution In the words of the revolutionary P draig Pearse Anois ar theacht an tSamhraidh now the summer is coming **Book Review Index** ,2004 Every 3rd issue is a quarterly cumulation Forthcoming Books Rose Arny, 2001 The Publishers Weekly ,1893 From the Heart of **Ireland** Brendan F.
