Storm Data ,1971 Recollections of Early Texas John Holmes Jenkins,2010-07-05 A firsthand account by one who measured up to the demands of danger and hardships and lived to write about it Invaluable Well documented Library Journal As a teenager in the 1950s John Holmes Jenkins set to work on collecting and editing his great great grandfather s writings about his experiences on the Texas frontier John Holland Jenkins joined General Sam Houston s army at age thirteen after losing his stepfather at the Alamo In addition to fighting the Mexicans he faced peril from Indian warriors as well as the everyday difficulties of pioneer life His reports on the events of the time were included in newspapers with very small readerships and his descendant would discover were sometimes used word for word in respected history textbooks without any credit given to the source This volume includes these memoirs of the Texas Republic and early statehood along with illustrations notes biographical sketches a bibliography and an index Fascinating A commendable job The New York Times These reminiscences light up for whoever will read the earliest days of early English speaking Texas J Frank Dobie from the foreword **The Trail Drivers of Texas** ,2010-06-30 For 60 years it has been considered the most monumental single source on the old time Texas trail drives north to Kansas and beyond The Dallas Morning News These are the chronicles of the trail drivers of Texas those rugged men and sometimes women who drove cattle and horses up the trails from Texas to northern markets in the late 1800s Gleaned from members of the Old Time Trail Drivers Association these hundreds of real life stories some humorous some chilling some rambling all interesting form an invaluable cornerstone to the literature history and folklore of Texas and the West First published in the 1920s and reissued by the University of Texas Press in 1985 this classic work is now available in an ebook edition that contains the full text historical illustrations and name index of the hardcover edition The essential starting point for any study of Texas trail driving days Walter Prescott Webb called it Absolutely the best source there is on the cattle trail Basic Texas Books A book of recollections written by the trail drivers themselves It has been declared that this volume will prove to be the storehouse of historians and novelists for generations J Marvin Hunter s Frontier Times Magazine A collection of narrative sketches of early cowboys and their experiences in driving herds of cattle through the unfenced Texas prairies to northern markets They are true narratives told by the cowpunchers who experienced the long rides Texas Proud *Fire and Water Engineering* ,1921 **I'm from the Government and I'm Here to Kill You** David T. Hardy,2017-10-10 Gallup recently found that 49 percent of Americans believe that the government poses an immediate threat to the rights and freedoms of ordinary citizens I m from the Government and I m Here to Kill You written by a former federal attorney shows that even the 49 percent have no idea how bad things really are Rights and freedoms are not the only things at stake all too often government imperils the very lives of those it supposedly serves Federal employees have with legal impunity blown up a town and killed six hundred people released staggering amounts of radioactive contamination and lied about the resulting cancer allowed people to die of an

easily treated disease in order to study their deaths and run guns to Mexican drug cartels in hopes of expanding agency powers Law enforcement leaders have ordered their subordinates to commit murder Medical administrators have cooked the books and allowed patients to die while raking in plump bonuses Federal prosecutors have sent Americans to prison while concealing evidence that proved their innocence I m from the Government documents how we came to this pass American courts misconstrued and expanded the old legal concept of sovereign immunity the king can do no wrong When Congress attempted to allow suits against the government the legislators used vague language that the courts construed to block most lawsuits The result is a legal system that allows official negligence to escape legal consequences and paradoxically punishes an agency if it tries to secure public safety I m from the Government ends with proposals for legal reforms that will hold the government and its servants accountable when they inflict harm on Americans *Torch* ,2011 *American Miller* ,1910
