10,000 Ways to Die Alex Cox, 2009-09-01 40 years ago as a graduate student I wrote a book about Spaghetti Westerns called *10 000 Ways to Die* It s an embarrassing tome when I look at it now full of half assed semiotics and other attenuated academic nonsense In the intervening period I have had the interesting experience of being a film director So now when I watch these films I m looking

at them from a different perspective A professional perspective maybe I m thinking about what the filmmakers intended how they did that shot how the director felt when his film was recut by the studio and he was creatively and financially screwed 10 000 Ways to Die is an entirely new book about an under studied subject the Spaghetti Western from a director s POV Not only have these films stood the test of time some of them are very high art Alex Cox
